Dedication

If every person in the United States were as loyal to America as "Miss Pearl" Bond is to Beaumont High, this country would have no need of an F.B.I. or a Defense Bond Campaign. So to our "Number One Purple Supporter", we affectionately dedicate our 1942 Pine Burr.

Preface

Day by day the industrial value of the area around Beaumont is becoming more apparent. In this region are shipyards, refineries, airports, docks, numerous ironworks and several national defense schools whose work and production are being sped up to meet the present national emergency.

It is in appreciation of these industries and all that they are doing to preserve our freedom that we have unanimously adopted this theme:

"The Contribution of the
Sabine Area to National Defense"

D I A R Y

Monday, September 8 — Students register for '41-42 school year. School adjourns at twelve noon.

Tuesday, September 9—First full day of school. Sophs are seen wandering around wondering if they will ever be upper classmen.

Wednesday, September 10—Executive staff of the Pine Burr holds first big meeting. Student school "daze" have really begun.

Thursday, September 11—First assembly is held, introducing school officers to sophs and other new students.

Friday, September 12 — Sophs hold first class meeting. They are taught yells and songs by the cheerleaders. Meanwhile, Juniors and Seniors elect home room officers and student council representatives.

Monday, September 15 — Students return to studies, a little groggy-eyed from first weekend. All settle down to another week of study.

Tuesday, September 16—The Student Council holds first meeting. Jerry Johnson, President of the school and automatically President of the S. C., presided. At the meeting other officers were elected. They are: Vice-President, Mary Jean Stewart, Recording Secretary, Mary Bond Campbell; Corresponding Secretary, Carroll Hunter; Treasurer, Edwin Robinson; Sergeant-at-Arms, Buddy Block.

Wednesday, September 17—The Voice of Youth put on an assembly program in honor of the 150th Birthday of the U. S. Constitution. Outstanding speakers on the program were Joe Leggett, Edward Curtis, Betty Marks, and Louis Gordon. The first meeting of the Molly Pitcher Club was held at the Edson Hotel with Carroll Hunter, the newly elected president, presiding.

Thursday, September 18—The senior questionnaires were distributed and filled out. Seniors' past, present, and future (if any) at last are revealed.

Friday, September 19—First pep rally was held introducing the '41 cheerleaders. They are Joe Litherland, Betty McKee, Billy Howell, William Holland, Jim Kelly, and Jane Adams. Pep talks were given by Buddy Savage and Jerry Johnson. Friday night Beaumont High was trampled 13-0 by the Athens' Hornets.

Monday, September 22—Sophs hold meeting in assembly and nominate their class officers. Molly Pitcher Club elects new members from the Junior class. Community Chest drive starts.

Tuesday, September 23 — Assembly is held in auditorium with Colonel Titus from the United States Army. Colonel Titus is a former preacher and senator.

Wednesday, September 24 — Sophomores elect their officers: Lamar Hart, president; Dick Ivers, vice-president.

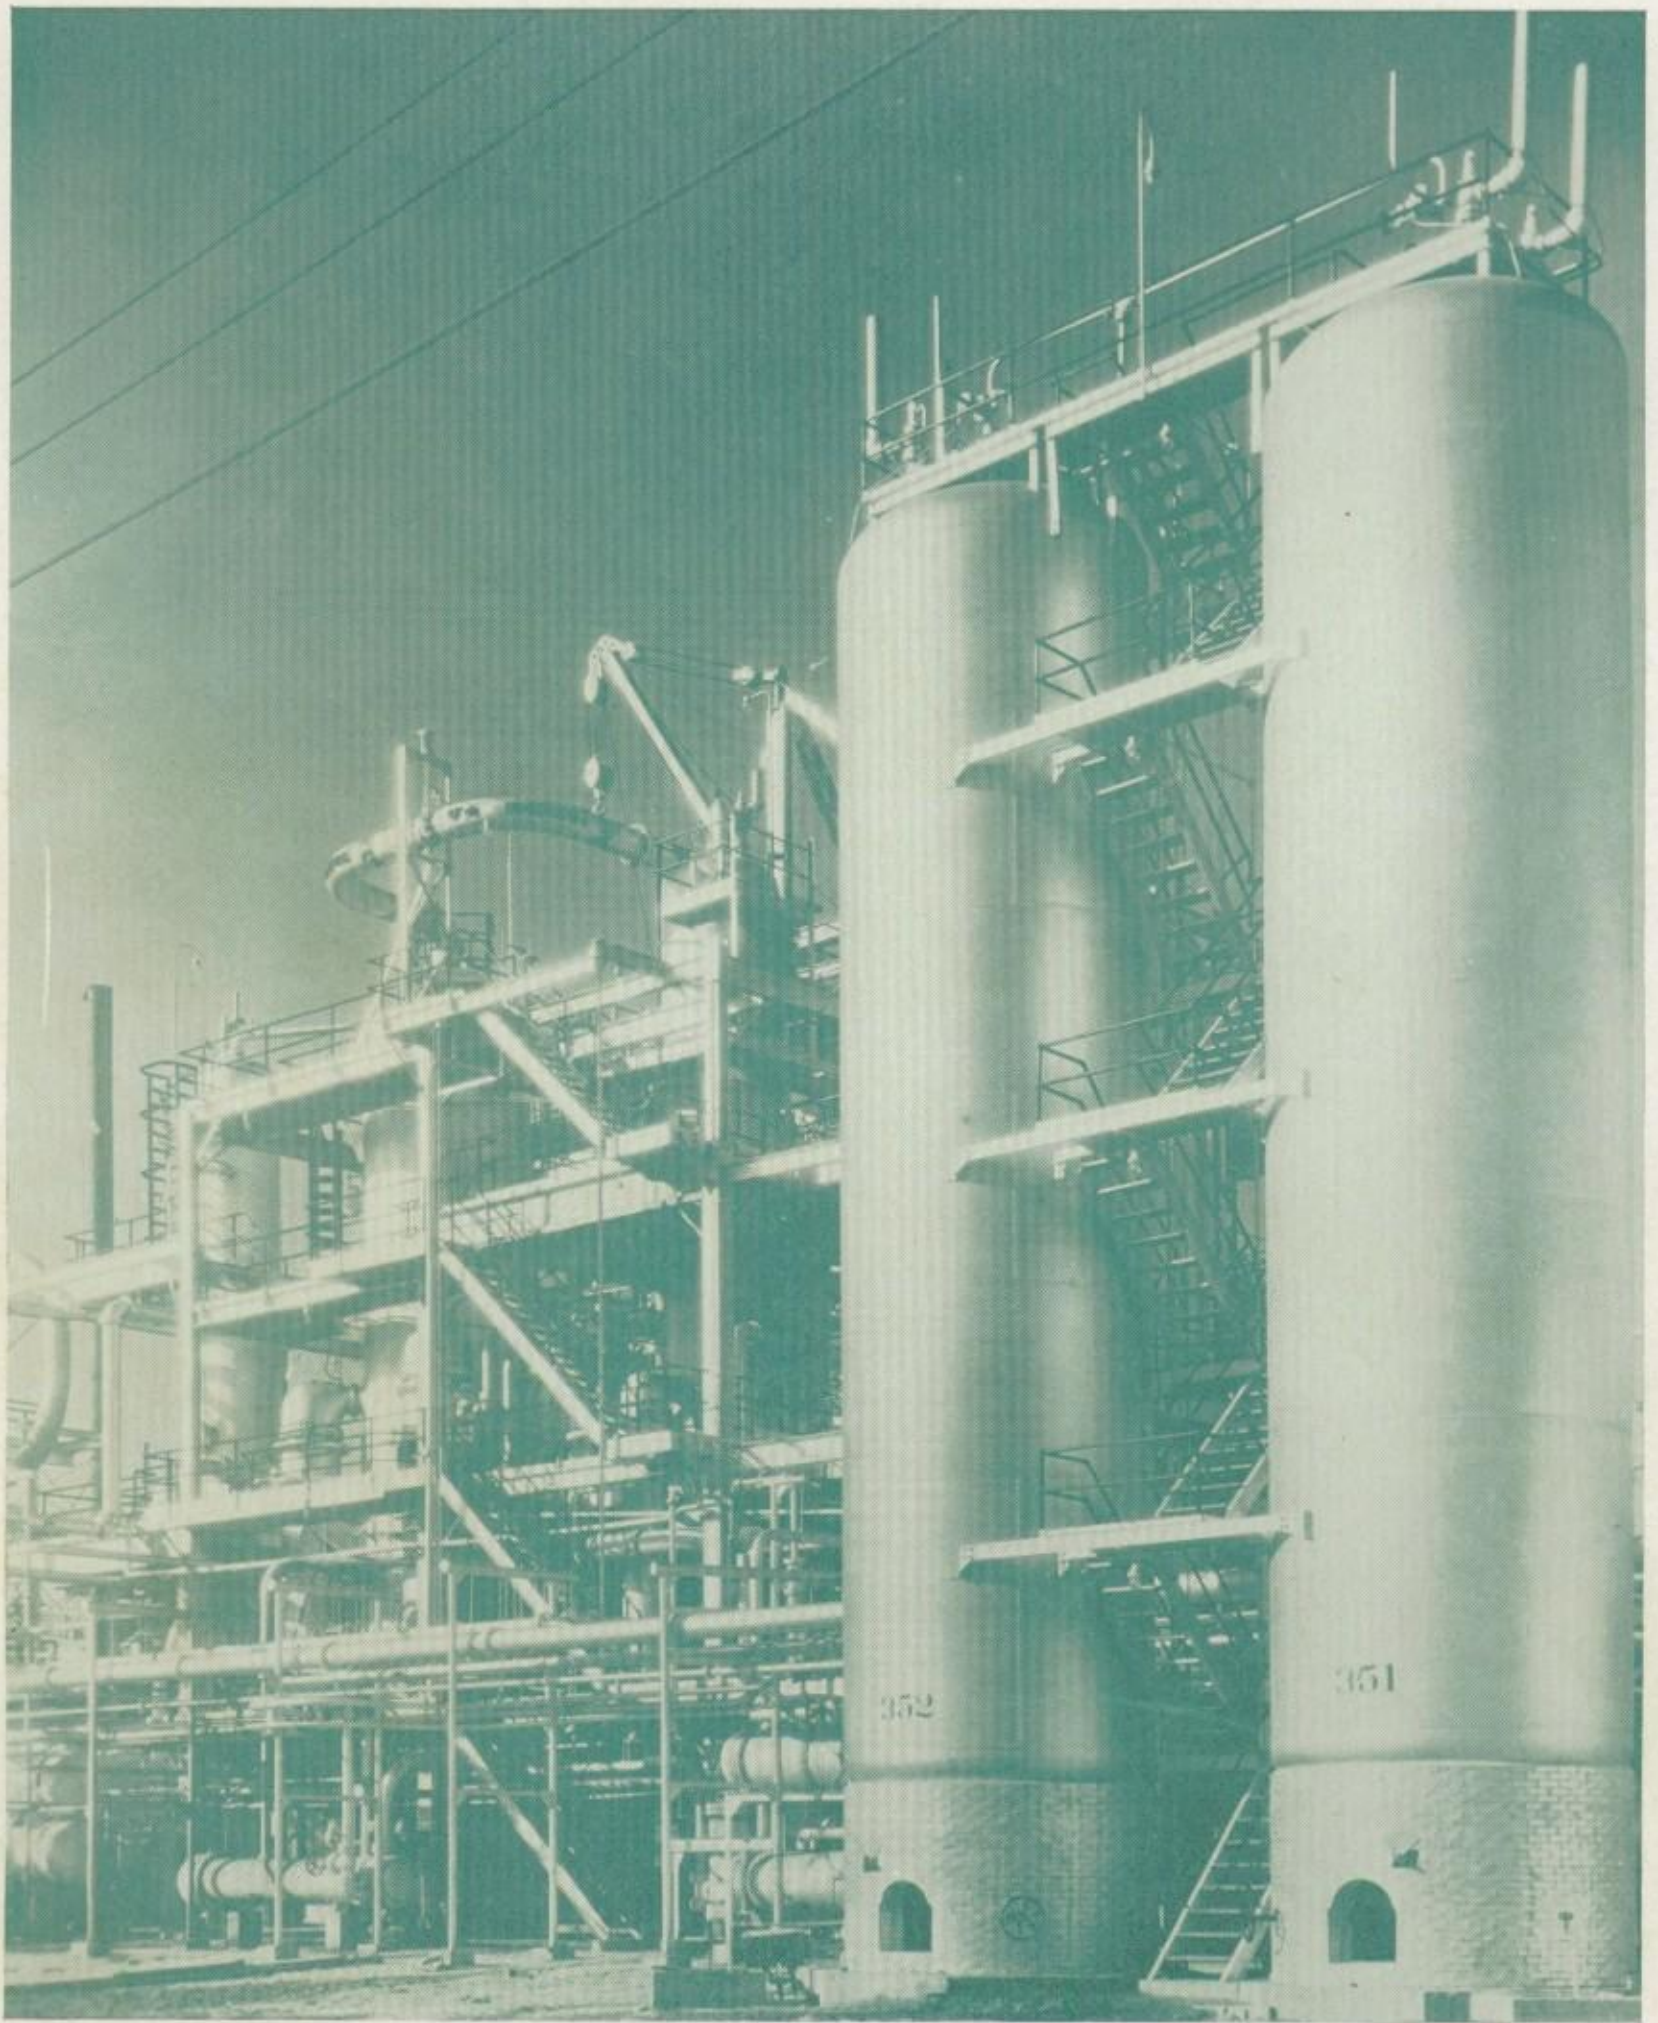

Thursday, September 25—Another assembly is held, and officers of the Student Council and Sophomore Class take the oath of office. Outstanding feature of the program is a speech given by Supt. E. W. Jackson.

Friday, September 26 — Pep rally before the Lufkin game with a speech given by Mr. Weinbaum. Purples scheduled to lose 38-0, compliments of Truman Stacey. However, they came rather close with a losing score of 27-0.

Monday, September 29—Students are happy; school dismisses at 2 o'clock in order for teachers to visit parents.

Tuesday, September 30—Taking of senior pictures starts today.

Wednesday, October 1 — Tickets for Houston special go on sale, and 250 are sold immediately (this is the minimum needed to obtain the train).

Administration

MR. NEWMAN SMITH, PRINCIPAL

As seniors, we view in retrospect, and with deep appreciation, one whose smiling face, understanding, and sound advice have done much to show us the way. He has become a friend whom we respect, and we wholeheartedly hail him a grand leader of young people.

MR. M. L. CARIKER
Assistant Principal

Assistant to our head executive is Mr. Cariker. New to Beaumont High in September, he is now very near and dear to all of us and well-known for his ever-readiness to offer sympathy and guidance.

Although we do not see him very often at Beaumont High because he is director of the entire Beaumont Independent School District and naturally very busy, everything that could be done for our welfare and advancement has been done by him. So, we add our voices to the praise that he has received from the hearts of many graduates before.

MR. E. W. JACKSON
Superintendent

Beaumont High without Mr. Ferguson, our favorite registrar, would be like a ship without a rudder, for, though his seems to be a rather thankless job, we realize that without his counsel our lives and our schedules would become very muddled. Always joking, always good-natured, always our friend.

MR. CECIL FERGUSON
Registrar

BOARD OF EDUCATION

The well-being of the students of Beaumont High School rests in the hands of the Board of Education. Their actions during the past year have proven that they are well aware of their responsibility. They have endeavored to train us in the principles of citizen-

ship as well as aid us in laying a firm foundation for our educational highway. We appreciate their sincere interest in our welfare.

P.-T. A.

The Beaumont High School Parent-Teachers Association has worked very hard the past year to show ways of developing home defense in every walk of life.

The objects of the P.-T. A. are as follows: To promote the welfare of youth in the home, school, church, and community; to raise the standards of home life; to secure adequate laws for the care and protection of youth; to bring into closer relation the school and home so that the parents and teachers may cooperate more intelligently in the training of the child; and many other able objects which they try to work out. This year's P.-T. A. has been under the very good supervision of Mrs. R. L. Vernor and all her helpers have done wonderfully in keeping the P.-T. A. what it should be.

COMMITTEE CHAIRMEN

Mrs. T. C. Tudor, Mrs. Joe Fisher, Mrs. C. D. Brandhorst, Mrs. Carl Stewart, Mrs. Wes Cooksey, Mrs. W. B. Johnson, Mrs. Dan Buel, Mrs. H. R. Whiton, Mrs. J. R. Keig, Mrs. Joe Reid.

LOCAL OFFICERS

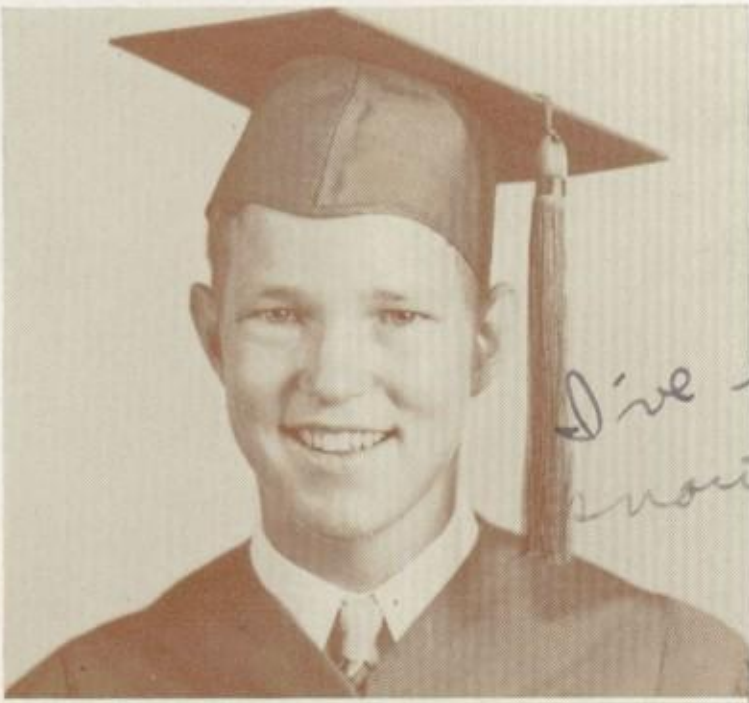

Mrs. R. L. Vernor, President; Mrs. J. P. Vickers, First Vice-President; Miss Alyce McWilliams, Second Vice-President; Mrs. E. A. Burrus, Third Vice-President; Mrs. J. R. Popejoy, Fourth Vice-President; Mrs. W. O. Bowers, Recording Secretary; Mrs. J. J. Granata, Corresponding Secretary; Mrs. H. A. Whittington, Treasurer; Mrs. Dayton Pickett, Historian; Mrs. Jack C. Mouton, Parliamentarian; Mr. Newman Smith, Mrs. Charles Warthen, Mrs. T. L. Johnson, City Council Delegates.

Treasurer

BILLIE SUE ABBOTT

This quiet but observing girl is well-liked by all who know her. She has a warm smile and a sweet disposition which makes her an asset to any group. Billie Sue seems to want to work in the field of church and religion. Could there be a nobler profession or anyone more suited for it?

ANNA ABOOD

A possessor of the art of singing, and with brown hair and brown eyes, Anna is setting her cap for Chenier's Business School after graduation. She wants to become a private secretary, and we wish her loads of luck.

FRANCES ALLEN

Brown-haired, brown-eyed Frances plans to study Archaeology. As yet, she doesn't know where. As one of our senior boys described her: "She has a most charming manner with a great deal of brains to go with it." Her favorite sports include horseback-riding and fishing. She is very fond of classical music.

KATHERINE ALLEN

This tall, brown-eyed girl is going to be a very efficient stenographer. As a hobby, Katherine likes "to knit one and perl two." She's a whiz at tennis, which is her favorite sport, and she has been a member of numerous athletic teams.

LILLIAN ALLISON *Rouse*

"Five feet two, eyes of blue." Sounds like "Sweet Sue" but you're wrong, it's "Sweet Lillian," one of the prettiest and cutest little blondes that ever graced the halls of our dear old Alma Mater. Lillian's ambition is to make some man a good—stenographer. Fooled you, didn't I? The other will come later, says Lil.

DAVE ANDRUS

Some day you may hear of "Mr. Andrus," leading oil magnate of this community. For this manly lad, a true Texan, aspires to work with our leading industry, oil. Good luck, Dave, in whatever place the future may find you.

JENNIE MAE ANGELL

If you see someone busily grading typing budgets in 322, you can be sure it's Jennie Mae, who just loves working for Mrs. Tiemann. Jennie Mae plans to attend Lamar next year, after which she will become a private secretary.

THOMAS ANGELL

This fellow, though small, will achieve great things. His ambition is to work for Uncle Sam's civil service, which needs such boys as Thomas. Football heads the list of his favorite sports.

MAXINE ARNOLD

Wham! There goes the tennis ball for another victory and love game. Who's playing? Why Maxine Arnold, the second Alice Marble. Maxine's ambition is to be a private secretary, and we are sure this field will certainly gain a worthy addition.

JOHNNIE BARLOW

Johnnie, who has been described as 140 pounds of dynamite, is just "carazee" about golf! His ambition is golf, his hobby is golf, his favorite sport is golf, and his intense like is golf. Yes, and I bet he dreams about it, too. When a fellow likes a thing that much, he's just bound to make good!

BETTY JANE BARROW

Betty Jane is one of the quiet kind, but you can rest assured that she knows a lot, because her hobby is reading books. She's made a good record in home economics, which should help her, with that blonde hair and those blue eyes, to become a Mrs.

PEARL BARRY

This brown-eyed blonde, though usually carefree, hopes to some day settle down to the managing of a little cottage. Until then, she is content to spend her time going to shows, football games, and playing tennis and bridge.

LESLEY BELL *Riley*

This pretty miss has captured the hearts of all who know her. Babbling, boogie, and buddies are her special dishes, but don't think she doesn't do all right in other things. With all her looks, sincerity, and frankness, it surely won't be Lesley's fault if she doesn't succeed.

WYNNE BENNETT

Wynne plans to follow in his father's footsteps and become a lawyer. He is to grace the halls of Lamar and then the University of Texas. Knowing Wynne, his fiery arguments and his determination to succeed, we are sure that he will make good in anything he undertakes.

BETTY JO BERTSCHLER

Betty Jo wants to be a landscape architect. After a summer course at Texas A. & M., she plans to attend Michigan State College of Industrial Arts. She is an excellent swimmer, and her hobby is collecting four leaf clovers and life guards.

PATRICIA BIRDEN *Thoyne*

Pat, our most energetic photographic editor of the Pine Burr, plans to attend Lamar College and later Austin College after finishing here. Judging from her excellent record in high school, Pat will surely achieve success in every walk of life. We'll miss her at B.H.S., but we wish her luck.

PAT BLAIR

Just because he's one of the smartest students in high school, don't think Pat is a bookworm. He enjoys all outdoor sports, and especially likes to go camping. Pat, President of his Sophomore, Junior, and Senior Classes, plans to go to Lamar and A. & M. to study aeronautical engineering.

BUD BLOCK

Bud is totally indifferent to everything that most boys like—yes, girls. Not even the best looking girls in B.H.S. can wake him up. However, he's a swell football player and, although his thoughts are in the air (he wants to be a flier), he manages to be quite an addition to our campus.

DORA LOUISE BONURA

Dora, hazel-eyed, brown-haired, just won't say what her ambition is. But we know whatever field (matrimony included) Dora enters, she will come through with flying colors. Her hobby is dancing, and her favorite sport is tennis.

JOSEPHINE BONURA

Wouldn't it be fun to be sick if you could have a nurse like Josephine! That might happen some day, for hospitals, medicine, internes, doctors, and all "nursy" things are what appeal to this dark-eyed lass. Then for diversion, she chooses ice skating and writing letters.

NICK BONURA

Batter up! That's where brown-haired, brown-eyed Nick plans to be—on the baseball diamond. His hobby is athletics, but before that come blondes and pretty girls. He also enjoys working on old cars.

LILLIE PEARL BOYETTE

Underneath this young lady's bubbling spirit is some real ambition. She plans to be a real secretary for some firm. After work, she will take time out to roller skate, dance, and swim, her favorite sports. Lillie Pearl is bound to succeed because of her winning personality.

PAT BRADLEY

Out of all the girls at B.H.S. we'd say Pat has the prettiest hair of them all. To go with that lovely cheveu is a winning smile that has completely won the hearts of the B.H.S. student body. With these assets and a winning personality, how can she fail to go places?

FRITZ BRANDES

Although Fritz is slightly on the humorous side, he has his serious moments (believe it or not), and he's really a swell person to be around, always ready to laugh and have fun and to make you do the same. We don't know any of Fritz's future plans for success, but, knowing this boy, we know he'll be one.

BOB BRIDGERS

You wouldn't suspect that this fun-loving, prank-playing boy aspires to be a doctor, but that's right. And he'll probably be a good one, too, for when Bob decides to do something, he does it. And besides, success couldn't help but come to anyone who is as likable as Bob.

EMMA BROOKE

Five feet tall, blue eyes, blond curly hair, and a pretty face is a good description of this fair one. She plans to take up a business course on finishing school and will probably go far with it. The man who will have Emma for his secretary will be very lucky.

JENNIE MARY BROOKS

Jennie's ambition is to become a school teacher, and what student wouldn't love to bring apples to this quiet, helpful, and sweet girl? She plans to attend the University of Texas, and we're sure she'll be as well liked there as in B.H.S.

JULIA ANN BROUSSARD

Here is another one of our cute lassies who aspires to devote their lives to relieving the pains of others. Julia's swell personality is bound to win the hearts of all of her patients. Good luck, Julia, in everything you attempt.

*Hand's the best
of luck to a
swell girl
Arial Brown*

*Best of everything
to a swell girl!
Beverly*

ARIAL BROWN

Lamar and L.S.U. have claims on this swell B.H.S. band member, whose ambition it is to be one of "them thar" engineers. No, not a train but a chemical engineer, and we know he'll be the first to succeed.

BEVERLY BROWN

Beverly is a swell, all-round girl. She likes football and tennis, and her hobby is making scrapbooks. She plans to be somebody's private secretary after she has finished Chenier's Business College. We know that she will be an efficient one.

MAXINE BROWN

Maxine intends to go to business college. Some day we shall read in the papers a story written by this ambitious miss and remember that she was in the class of '42. Incidentally, her favorite dessert is chocolate pie.

PEGGY JEAN BROWN

"I'm terribly fickle, but at the present time, I'm aspiring to be an actress." Such a remark is typical of Peggy. However, she is one of those strawberry blonds who know what they want and how to get it. Don't be surprised if you some day read about "Peggy Brown, rising young star on Broadway."

MARY BROWNRIGG

Don't let that quiet manner fool you. Just get Mary in a crowd, and she's the life of the party! Mary spends her summers at Camp Fern where she is a swimming and canoeing counselor. B.H.S.'s loss is the State University's gain, but nevertheless we'll miss this gal "aplenty."

MARJORIE BRYANT

This blue-eyed, red-headed lass (who hates to be called "Red") plans to attend Texas University next year. Her ambition is to become a model, and, with a figure and face like hers, it won't be hard. Someday, in the future, if you happen to look in Vogue, and find a snappy, poised model staring at you, it will probably be Marjorie.

BILLY BUDD

Absolutely bubbling over with pep and good cheer, Billy is the sort of boy we all like to be around. Loving football and all sports, girls, jokes, and "just a good time," also add to his likability. Billy plans to attend college, and we're sure he'll be a worthy addition to any field he chooses to enter.

MARIAN BURKHART

Marian is an asset to any crowd, and she certainly will be to L.S.U. She was a color guard for the band two years. Marian's ambition is to become an interior decorator with photography as her hobby. Best of luck to this black-haired, brown-eyed girl!

CARLYN EMANUEL BURTON

Carlyn plans to join the ranks of "the women in white." Yes, she plans to be a nurse and aid human suffering. Her beautiful brown eyes and curly hair will win her many friends. Good luck, Carlyn, may you realize your highest ambition.

MARVIN BYERLY

"Quiet and pleasant with a sweet smile," is the way one admirer of Marvin's pictured him. To put him in an even better light, we add that he can't stand not having anything to do. With ambition like this, Marvin will surely rise to the top in whatever field he enters.

VIRGINIA CAMERON

Outwardly, Virginia seems so calm, unruffled, and dignified that who would ever guess that under this seemingly cool veneer is a warm, friendly nature just bubbling over with happiness and the joy of living. Virginia is also as loyal a girl to the school as can be found anywhere.

MARY DORIS CAMMACK

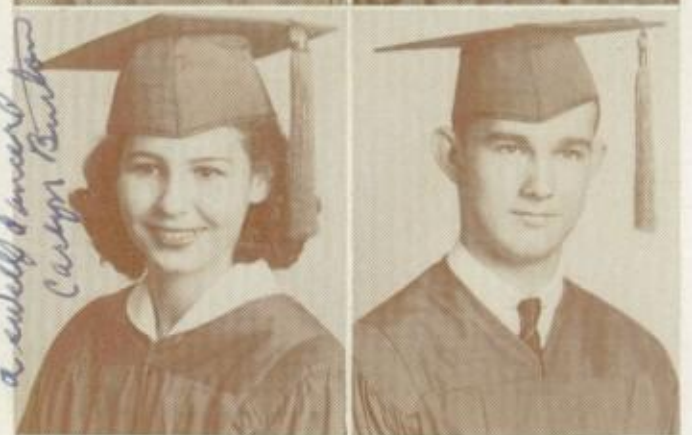

Here is a sweet girl who is bound to be a success as a stenographer. She plans to go to Lamar. Mary Doris has been in the Royal Guards for three years and has received high honors for being the best drummer. Because of her winning smile, she will go far.

MARY BOND CAMPBELL *Belk*

Mary Bond is as near perfection as anyone should be. She has charm, poise, graciousness, politeness, and on and on, and is she smart! Her work in the Student Council couldn't be duplicated. She is matriculating in Texas University next year, and then she plans to teach school. All we can do is wish her luck.

DOROTHY CARABIN

This prima donna of B.H.S. plans to attend Lamar on the Neches next year. Her intense like is having "one big time." Her ambition is to rise high in the world of music, and we, her friends, know that she will succeed.

*lots of luck & best wishes to
a swell student & a
a swell & successful
Carlyn Burton*

*Best of luck &
happiness to a
swell girl!*

ANTHONY CASCIO

Here's one fellow who gets a great deal of joy out of life. He always has a big smile for everyone. Anthony has done outstanding playing on the football field this year. He is a lover of sports in general. Good luck to you in the future, Anthony.

MARY CHAFOURIS

Mary Chafouris, that brown-eyed, brown-haired girl, is irresistible to males and females alike. Mary has been a member of the Royal Guards for three years and vice president of the Spanish Club. She has chosen as her next school, Mary Hardin-Baylor.

FRED CHEATHAM

Here is one of Beaumont High's most intelligent "intelligentsia." He some day intends to write The Great American Novel or something equal to it. And if you can believe one-half of what you hear in a drug store "bull session," he'll surely do it. Fred's plans for college are not definite, but we're sure he'll be recognized on any campus as a brilliant and capable student.

JOYCE CHESSE

Cute, chestnut hair, blue eyes, that's Joyce Chesser, who has been a Color Guard for the B.H.S. Band for two years. Joyce is going to be an asset in the business world (to become a secretary is her ambition). Oh! Yes! Joyce just loves to eat popcorn and attend football games.

KELLY CHIRAFIS

Rumors have persistently maintained for more than two years past that Kelly is considered handsome. Strictly speaking, this is the truth. But besides being pleasant to look upon, Kelly is one of the finest athletes Beaumont High School has produced. His excellence on the basketball court was established when he was a member of the 1941 district champion team. He was a good student, an affable associate, and a pleasing companion.

MARY JO CHIRAFIS

Mary Jo's dark hair, green eyes, and olive complexion make her one of the prettiest seniors in Beaumont High School. Her ever-smiling face and peppy spirit have won her many friends, and wherever she goes she will always be loved.

GERALD CHRISTOPHER

Here he is, girls—green eyes and brown hair. His chief ambition is to be domestically happy. His hobby is saving silver dollars which should come in very handy to pay for the "dream cottage."

JIM CLARK

You've heard his southern accent and seen the contagious grin of this very argumentative, but very, very, very likeable boy. Jim is cinched to gal places in this old world, for he has the two qualities that really count—sharp mind and personality plus.

JACKIE CLIFTON

Jackie is a quiet, industrious person. She considers law quite fascinating and looks forward to being an interpreter in a law office. Her favorite sport is baseball, and her hobby is the study of Spanish. She takes an active part in both the Spanish and Pan-American Clubs.

HELEN COBB

Helen, a cute brunette with blue eyes, plans to be a teacher. With her gay personality she is a real addition to anyone's list of friends. We all know how lucky students will be to be taught by her.

MARGERY COFFMAN

Perhaps you have often wondered who this quiet, unassuming little girl is? Well, she's Margery Coffman of our own Editorial Staff. It is surprising the amount of work Margery can get done with the little amount of noise she makes! Margery will surely be missed next year.

WILLYE RUTH COLE

Here is one of those "rarer than rare" persons. A real old-fashioned, feminine, quiet, lovable girl. Boys, for a change, here's a girl who thinks that matrimony is more alluring than the business world and plans a future along such lines.

KATHLEEN COLLIER

Kathleen's winsome smile and ready willingness have won many friends for her. Kathleen, as so many other girls, intends to venture into the business world, as a private secretary. She likes to swim and to collect pictures of movie stars.

MARJORIE COLLIER

Yes, another potential nurse in our midst. As training for this, Marjorie plans to go to our own nurse's school at Hotel Dieu. The best of everything to you, Marjorie, for with your sweet ways you are sure to make any man a good—nurse!

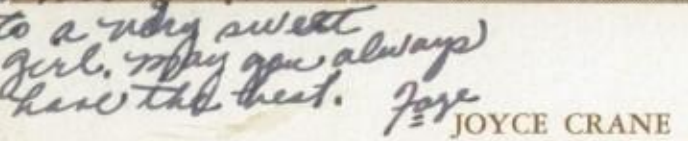

To a lovely girl whom I have known since
JOHN COLLINS
 "The boy with the million dollar smile," John is by no means a sissy. He likes all outdoor sports, his favorites being baseball and tennis. He is going to carry on the family tradition by being an accountant. Texas University will certainly get a fine student in John.

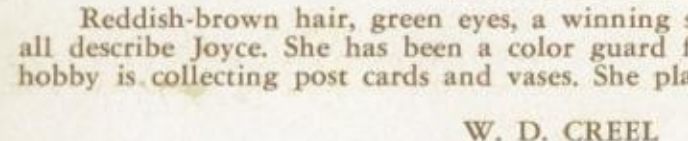

ADANA COOKSEY
 This vivacious young miss spends most of her time riding around in her flashy convertible. "Didi" as her friends call her (and she has millions of them) is an up-and-coming young artist. The best of everything to you, Adana, next year at Arlington Hall.

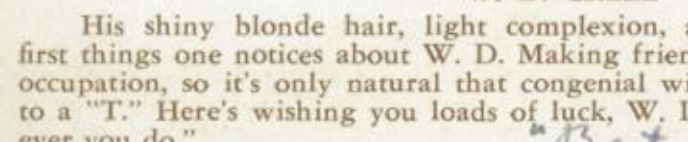

PRESTON COOPER
 Brown-eyed, happy-go-lucky Preston is ambitious in the aeronautic field, and he will undoubtedly succeed. Another thing that we all like about Preston, and that will make for his success, is his ability "to take it" and make the most of it. Preston, we won't say "good luck" because you won't need it.

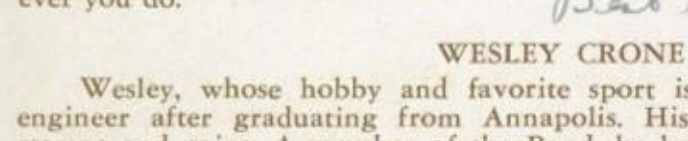

MARIA COSTILLA
 One of these seen-and-not-heard girls, Maria is gracious enough to sit back and listen to you, expounding your pet theories and elaborating your own deeds, while she says nothing in her own behalf. With more people like you, Maria, this world would be better off.

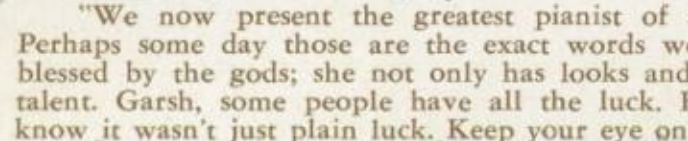

FAY COURTS
 Fay will attend Chenier's Business College next year. She is good in typing and shorthand, which accounts for her desire to be a stenographer. "Fayse" is very much interested in aviation, and skating is her favorite sport.

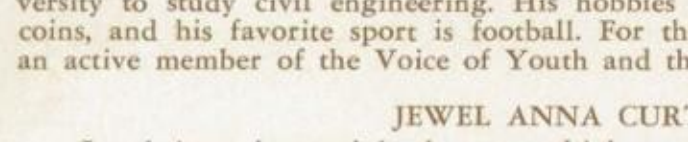

DOROTHY JEAN COX
 After graduation Dorothy plans to go to a business college, and later she will be some boss's hard-working secretary. She likes to swim, dance, and go to shows. Her hobby is saving pictures, and we hope she has plenty of ours saved to remember her happy school days. Good luck, Dorothy.

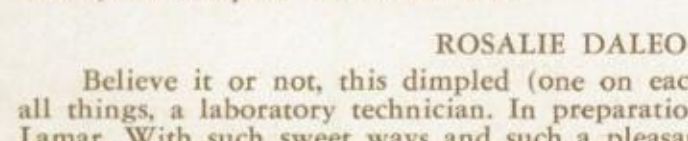

Best of Luck to a very sweet girl. May you always have the best. Love
JOYCE CRANE
 Reddish-brown hair, green eyes, a winning smile, and pleasing personality all describe Joyce. She has been a color guard for the Band this year. Joyce's hobby is collecting post cards and vases. She plans to attend Lamar next year.

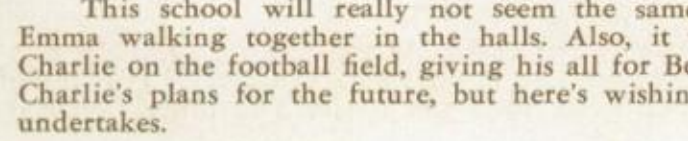

W. D. CREEL
 His shiny blonde hair, light complexion, and ever ready smile are the first things one notices about W. D. Making friends seems to be this boy's main occupation, so it's only natural that congenial with a capital "C" describes him to a "T." Here's wishing you loads of luck, W. D., wherever you go and whatever you do.

Best of everything to you. I know you will come out on top in whatever you do. Keep up with your dancing - it's wonderful
WESLEY CRONE
 Wesley, whose hobby and favorite sport is fishing, plans to be a naval engineer after graduating from Annapolis. His other hobbies are collecting stamps and coins. A member of the Band, he has played the tuba for the past few years.

Best of luck to you, Louise. Now!
LOUISE CROW
 "We now present the greatest pianist of all time—Miss Louise Crow." Perhaps some day those are the exact words we shall hear. Louise was truly blessed by the gods; she not only has looks and a grand personality, but also talent. Garsh, some people have all the luck. However, since it's Louise, we know it wasn't just plain luck. Keep your eye on that star, Louise!

EDWARD CURTIS
 One of our smartest graduates is Edward. He plans to attend Purdue University to study civil engineering. His hobbies include collecting stamps and coins, and his favorite sport is football. For the past few years he has been an active member of the Voice of Youth and the B.H.S. Band.

JEWEL ANNA CURTIS
 Jewel Anna is certainly the cutest, high-steppin' twirler of the band B.H.S. has seen in a long time. She plans to attend Purdue University in Lafayette, Indiana, next year. Jewel Anna has certainly won the hearts of all those in B.H.S., and everyone wishes her luck.

ROSALIE DALEO
 Believe it or not, this dimpled (one on each cheek!) lass wants to be, of all things, a laboratory technician. In preparation for this, she plans to attend Lamar. With such sweet ways and such a pleasant smile, however, we are sure Rosalie's real profession will be one nearer the heart.

CHARLIE DANNA
 This school will really not seem the same without "little Danna" and Emma walking together in the halls. Also, it won't seem the same without Charlie on the football field, giving his all for Beaumont High. We don't know Charlie's plans for the future, but here's wishing him success in whatever he undertakes.

ROY DAVIDSON

Roy is one of the finest pals a boy could have. He can always be seen in the halls with a broad smile for everyone, and all of the girls are crazy about this he-man football star. Whatever Roy's plans are for the future, you may be sure that they are worthwhile, and he will be a success, for that is typical of Roy's character.

L. D. DAVIS

They say "an apple a day keeps the doctor away." Well, when L. D. gets his degree, we won't want to keep the doctor away, for this young man is the possessor of good looks, sharp wits, and a never-ending, happy-go-lucky, and cheerful attitude.

MARY MYRTLE DAVIS

Mary Myrtle's bubbling spirit and excellent personality are a help to everyone who knows her. As soon as the class of '42 graduates, Mary Myrtle will be Mrs. August Hereford and live happily ever after.

ORPHA MAE DAVIS

If ever you need a salt shaker, just go hunt up Orpha Mae and your problem is solved. Reason: collecting salt shakers is her hobby, and she has quite a collection. Her list of accomplishments includes not only being First Lieutenant of the Royal Guards, but also just about the best typist in the commercial department. Her easy-to-get-along-with disposition makes her welcome everywhere.

DELTA DAVIS

Delta really believes in having good times, such as taking in movies, baseball, reading, and so on (just a few of her hobbies). She has blond hair and blue eyes, and plans to take up music in Lamar and S.M.U. in coming years.

JACK DAY

Jack is a chap who will go far in future years. He has a fine, rare character and can be spoken of as a scholar extraordinary. School life to him seems to offer an opportunity both to enjoy life and to derive something from it at the same time. His cheerful "hello" and his quick smile are sure to be missed next year.

*Lots of luck to a swell girl
Jack Day*

LORENE DEARING

Miss Dearing is one of those pretty and charming girls who wants to be the "light in some young man's life." And it shouldn't take her long to find the right one, being the kind of girl she is. While waiting for "him" to come along, she intends to study at Lamar and Texas.

PEGGY JOYCE DEHART

If you see this small, smiling miss strolling along the halls, you can't help but notice her. Peggy plans to go to Lamar to prepare for her ambition, to be a dietitian. She likes roller skating and pep rallies. She has done her part for B.H.S. by being a grand Guard.

EVELYN DEMPSEY

Here is that glamorous blonde with the faultless coiffure that many of our boys often turn their heads to look at. But worse luck, all Evelyn's ambitions are for nursing. Instead of attending college, she will go to Galveston Hospital for study, and, girls, we'll really have to keep an eye on the men, 'cause two days in the hospital, and they'll take a turn for the nurse—especially if she's Evelyn.

EARL DEWITT

This brown-haired, brown-eyed boy's ambition is to get a real good job. Earl's the kind of boy that can do it, and we know he will. He loves having a good time, and, next to football, traveling, and parties, he likes girls!!! Best of luck, Earl.

BOWEN DOUGLAS

Bowen has blond hair and blue eyes—that combination should bring any girl on the run. But he likes math and sports best. Bowen will probably someday be writing up the sports happenings of B.H.S.

JEANNE VIRGINIA DOUMANY

Helpful, efficient, and cute is Jeanne—one of Mr. Ferguson's helpers. This little miss wants to become a stenographer, but we bet one tall, dark, and handsome boy changes her plans. However, Jeanne plans to go to Lamar.

SALLY DOWDEN

This is one of our smartest, neatest, most attractive, and very likable girls, and she loves swimming, football, and anything connected with cooking, sewing, or the home. In fact, she's going to be teaching Home Eco. soon (if some young man doesn't grab her first). Lamar and Baylor claim her the next few years.

DOUGLAS DUBOIS

Our lordly co-business manager certainly knocks 'em cold with that wonderful smile. Douglas is a hard worker and enthusiastic, even tho' his interest is sometimes distracted by the opposite sex. Douglas' future looks bright, and we expect him to come out on top.

*But wishes,
Doug*

OPAL DUHON

Here's a charming miss who collects miniature horses as her hobby. We don't know what occupation she'll follow, because she doesn't know herself. She enjoys fixing new dishes, and some day she says she intends to please someone's taste. Lots of luck, Opal.

EUGENE DUNDON

Eugene wants to go to Lamar after he graduates from "dear ole B.H.S." His ambition is drafting, but we are sure his plans for the future will include some fishing and hunting, his hobbies. Eugene is another football player and fan. Although his pet peeve is school, he'll always be remembered by his classmates and teachers.

CLORINE DUNN

Blond, green-eyed Clorine wants to become a dress designer. She plans to attend Woodbury College. Her favorite sport is swimming, and among her intense likes is dancing. She readily admits that her pet peeve is history.

JOSEPHINE DRAGOTTA

Josephine's ambition is to be a housewife, and, from what we know of her domesticity, she will make a good one. She likes to go to movies and play baseball. No need to wish Josephine luck, for she will make good.

ALVIN ECKERT

If you see someone having trouble with his car—that's Alvin. But he certainly doesn't have any trouble with the girls. Alvin's ambition is to become a Diesel Engineer. Lucky is the girl that gets the tall, black-haired, gray-eyed lad for a husband.

EVON EDDINGS

Here is an answer to a boss's prayer—an efficient secretary, and that is what Evon plans to be. She has been in the Royal Guards for three years and has made an outstanding record. Evon will be a real addition to any man's office because of her swell personality and dignified manners.

*Best of luck
always
alvin*

*Best of luck
and happiness
to you
Anna Mae*

WILLOW NELL EDWARDS

Nell says, "The field of dietetics intrigues me; nursing has its good points; and I imagine a psychiatrist leads an interesting life." So you see, folks, Nell has a lot to pick from, but I'm sure she will succeed in any of them.

RUTH ELDRIDGE

This pretty, brown-eyed girl has certainly been a help to B.H.S. in her art work, and that pleasing smile has certainly been an asset. Ruth will probably choose art as her vocation, and we know she'll be a success.

ANNA MAE ELLISON

Anna Mae does not plan to attend college. Her ambition is to enter the Civil Service. Her pet peeve is people who try to read test papers over her shoulder. She likes sports, her favorite being baseball. We are sure that this pretty, blonde-haired girl will reach her ambition, but we wish her the best luck on the way.

DAVID ENLOE

David is a quiet sort of chap but, even so, all like him. We know, too, that he will go places in anything that he does. His friendly willingness and amiability make him a desirable companion. Beyond any doubt, David will be recognized in years to come as a man who knows how to influence others.

JOHNNIE FAIL

Johnnie, who loves all kinds of sports, especially baseball, also seems to be very interested in printing. Incidentally, it may be added, that he is exceptionally good at operating the linotype machine. He has been active in the production of the school paper, working several periods a day in the print shop. May you always have the love of life that you have now, Johnnie!

ROBERT FAUCETT

That lanky, likable lad, who always has a snappy comeback, is none other than our own "Bob." After he achieves that much sought-after diploma, he plans to go out and look for a job. If we know "Bob," he's sure to get what he's looking for.

A. E. FINEGOLD

Brown eyes and a dominating personality with an intent for law, make up one of dear ole B.H.S.' best citizens. A. E. has shown a talent for band work, and, if developed, we might have a future "headliner" in our midst. A. E., however, has shown a leaning toward law, and we are sure that we will all be proud to say we know the successful barrister, A. E. Finegold.

WATT FORD

Energetic and fun-loving, Watt is genuinely representative of that type of student who constantly seeks to improve his knowledge and abilities by learning something about everything. Our acquaintance with him has proved beyond reasonable doubt that his future vocation will be one that will enable him to demonstrate his diversified knowledge and skills.

*To Winifred a swell
girl, well it looks like
we made it, Watt*

MARY JEAN FREELAND

Mary plans for advanced education, but not college. Her biggest ambition is to fly an airplane. Her favorite sport is bowling, and to quote from her own words, she "just loves it." She has very pretty blue eyes and brown hair. We would like to say, Mary, that we wish you the best of luck for future success.

ANNA BELLE FRIEDMAN

Anna Belle's pleasing personality and jolly spirit make her hobby, which is talking to people, enjoyable to everyone. Her ambition is to be a private secretary, and we are sure she will reach her goal.

JO PICK FULBRIGHT

It will truly be an unhappy day for B.H.S. when this attractive senior miss picks up her skirt and trips away. Sincerely, Jo Pick, your many friends you have made during the time you have spent here will never forget you and, in years to come, may all the luck and happiness you deserve be yours!

BETTYE FULLER

Cute, friendly, and a pleasing personality all describe Betty. She will some day have her name in lights (as a famous actress). We know that she will soar high (Betty is very much interested in aviation). Betty loves malted milks and chewing gum.

BILLY GAINES

Another fellow with high hopes, Billy is going to take up flying as soon as he can. Always good-natured and friendly, he likes any kind of sport and has no intense dislikes. With more people like him this world would be a brighter place.

MILDRED GALATIAN

Mildred Galatian is that very attractive girl with the brown, naturally curly hair and brown eyes. Mildred is a lover of music and a very outstanding pianist. She plans to attend the University of Texas and then to continue her musical career at the Columbus Conservatory of Music.

HARRY GALEWSKY

Harry is one of our boys who have wonderful traits, but he is just a little too bashful to express himself. We managed to "drag out of him" the fact that his ambition is to work with aeronautical design, and he has a mania for eating.

KATHLEEN GALLAGHER

This fair, blue-eyed miss's ambition is to be a good nurse. Here's hoping that one of her handsome patients won't talk her into marching to the altar, before she gets a chance to reach her high ambition. We are quite sure that she will be successful because of her swell personality.

DOROTHY GALLOWAY

Folks, can you tell me *anyone* that doesn't like cute little Dot Galloway? I knew you couldn't. The best of everything to this vivacious young lady who's going to be quite as successful as a secretary as she has been in high school as a student and associate business manager of the Pine Burr.

TYRRELL GARTH

Among our great seniors, one of the greatest is "Mr. Ty" Garth, our golf champion. During his life Tyrrell has received many honors which have been won through hard work and patience. This handsome Casanova is liked by all the students of B.H.S., and we're sure we will all be proud to say some day, "I knew him when . . ."

BETTY GARY

Betty has hopes of becoming a commercial artist. But—not the ordinary kind, for Betty plans to draw just exactly what she wants to. If she doesn't go to the Southern Belle in Kentucky next year, she is going to finish her schooling at our own university. Incidentally, Betty has been one of Miss Claire's most efficient helpers this year.

JAMES GAUS

Lamar claims James next year, and then on to A. & M. This well-liked boy has decided to be an explorer and will probably be a second "bring 'em back alive" Frank Buck. He's a man of sports and loves baseball and ice hockey.

FELIX GAY

Last year a new student, Felix Gay, came to B.H.S. from French School. Nice personality, ability to work, and efficiency are the qualities of a good secretary, but to us they spell Felix Gay, and that's just what he wants to be. Next year Felix will be seen in the halls of Texas U. or Lamar. Success to you, Felix.

BETTY KATHERINE GEE

The old phrase, "five feet two, eyes of blue," certainly fits Betty. This pretty girl will have a career. After graduation, she plans to follow the exalted work of being another "woman in white." If Betty nurses us through a case of smallpox, we can bet we'll have a good chance of a recovery.

*you're a
mighty sweet
I love you so
really love Betty*

BETTY GEEN *Nogan*

The main desire of this pretty little senior is to have a house in the country. We are sure that this will not be hard for her to attain. Betty's favorite sport is horseback riding. Her pet peeve is conceited people. She intends to go to Lamar College and then to Texas University.

AUDREY MAE GEORGE

Audrey Mae George is one of those cute seniors with one of the nicest personalities to be found in B.H.S. Audrey Mae's ambition is to be a secretary, and we know her honesty and pleasing personality will make her a success in this, or any other field.

HARVEY GILKERSON

Harvey, though not big in size, has scads of energy stored up, ready to be put to work anytime. Here's another amazing fact about Harvey—he has a paper route that takes in all of Amelia! Some day Harvey hopes to be an asset to the field of aviation, and we say, "How could he help but be!"

MARY ANN GLASS

This versatile young lady plans to enter into the field of art, or music, and she's bound to make good in either one. She's a whiz at tennis and other sports and "quite the outdoor type." She is attending Texas U. next year, so good luck, Mary Ann!

F. M. GORDON

F. M.'s formal schooling will be concluded when he graduates this year. However, he would like to be an electric welder. As for having a good time, F. M. can really enjoy himself when he's swimming. May all troubles just "swim" by you, and your life be one big ocean of happiness, F. M.

JENNIE MARIE GOULD

Jennie Marie says she has no special ambition; she just wants to be a telephone operator. Reading good books and dancing take up most of her spare time, but Jennie is the kind of person that rarely has any. With her beautiful black hair and clear, smooth complexion, her success in any field is assured.

EDWARD DILLARD GOZA

Edward's ambition is to be an airplane mechanic. We are sure that he will succeed at this, because his hobby is working on old motors. His favorite sport is football. His two intense likes are scouting and mechanics. We wish you success, Edward, and we plan to hear much of you in the future.

BENNY GRANGER

Just shout Whoop-ee ti yi yo, and Benny will probably come ridin' up, 'cause he wants to be a hoss-ridin', cow-punchin' cattleman. But if you've ever seen any of Benny's cartoons or caricatures, you'll probably think he's wasting his talents on the plains, 'cause the boy can really draw. But anything he chooses to do, we wish him all the success in the world.

JEAN GRANT

Some big executive is going to be lucky to have this cute, black-eyed brunette for his secretary some day. For that is what Jean plans to do when she finishes Lamar College. If her past record will have anything to do with it, she'll surely go far.

RALPH GREENBERG

Judging by his attractive smile, pleasing personality, and wonderful voice, we believe that Ralph might be an asset to the stage or screen. Not knowing whether he has ambitions in this direction, we cannot make any definite predictions. May all success and happiness attend him, wherever he may be, in years to come.

CARL GRIERSON

Carl, "a swell guy" to all his friends, is a sail boat enthusiast. After his graduation, Carl will become a Diesel engineer. We've noticed that extra large supply of determination which he throws into all his activities. With this, we know you will succeed Carl!

MARGARET GRIERSON

Margaret expects to attend a business college, and soon after that become one of our "white-collar" girls. And this pretty young miss is the kind that always marries the rich boss's son. At the present her hobbies are reading, football, and dancing. With such various interests, it couldn't be hard for her to be a success in any profession.

PEGGY GUIDROZ

Peggy loves to dance. Now where have we heard that before? Anyway, this brown-haired, hazel-eyed girl plans to attend a business school next year and become a real good stenographer, and we, her friends, wish her luck!

CALVIN HAFLER

Calvin, very studious and quiet, plans to go to Lamar and then on to A. & M. where he will study for his ambition, to be an engineer. We know that whatever tasks Calvin undertakes, he will succeed.

*To a really
sweet girl who
is a real
sister
Sweetest
Jean*

*My friend
I love you
I hope you
will be a
great success*

DORIS HALE

Quiet, unassuming, with eyes as big as saucers, Doris is the future writer of our class. Of course, she hasn't said anything to that effect, but, having been associated with her in her English class, we know what we're talking about. Few people are blessed with such an art, but in addition, Doris also has brains and personality. We predict a bright future for this industrious lass.

MARY JANE HALL

Mary Jane's exceptionally lovely character cannot be duplicated. Her greatest ambition is to work in a department store, and, judging from her blond hair and blue eyes, our guess is that it will be hard for customers to keep their eyes off her. Mary Jane's sweet character should carry her far.

CLYDE HARDY

Gals and guys, some of you may not know it yet, but we have a celebrity in our midst—President of Longview High School—Clyde Hardy. And say, you ought to see the additional string of offices he's held. Clyde has evidently been as well-liked in other schools as he is here. Texas University will claim him next year.

MARY CATHRYN HARGROVE

When some of you young business men stroll into a big office, don't be surprised to find Mary Cathryn a private secretary there. She is the possessor of a clever brain which should assist her in the business world. A successful career will be a just reward for such a fine girl.

EULA MAE HARPER

Eula Mae loves to make friends, and it is only natural that she has many of them. This will help her immensely in reaching her ambition which is to be a nurse. Her hobby is collecting movie star pictures. She does not intend to go to college. Here's wishing her the best of luck.

ROBERT HAMER

Robert does not intend to go to college, instead he plans to go to work at the refinery. His hobby is collecting match folders, and football is his favorite sport. Robert is a hard worker, and, with his personality and pleasing manner, we're sure he will go far up the ladder of success.

FLETCHER HARTLEY

Fletcher is just a "hog" about doing construction work and things along that line. In fact, some day he hopes to become an architectural engineer. Fletcher has been a loyal member of the band and a loyal Purple rooster during his years at Beaumont High.

IMA LOUISE HATCHELL

Ima Louise is one of our quiet and studious pupils. She is a member of the Spanish Club. Ima plans to attend Lamar where she will study to be a librarian. We know she will acquire success because of her nice disposition and ability to work.

ERNEST HAUSER

"Friendly" is an adjective that well describes this likeable lad who plans to attend Texas A. & M. next year. With such a disposition, he will very likely win just as much popularity there as he has here. May you have the best luck, Ernest.

MARY ANN HAY

This beautiful blonde with green eyes has chosen music as her vocation. Her work in the B. H. S. chorus couldn't be exceeded, and we know she'll make a wonderful singer. Her favorite sport is ice skating. She has taken voice, piano, and appeared in light operas, so she has a good start in the direction of attaining her ambition.

LELIA HEARTFIELD

Lelia is our idea of an excellent sportswoman. She always plays a good game, a fair game, and always wins. But, surprise of surprises, she intends to be a librarian. Well, that just shows how versatile she is. After attending Lamar for two years, she will go to L. S. U.

DOUGLAS HEBERT

Sh-h, don't talk too much because that is Douglas' pet peeve, and we surely want to get along with anyone as swell as he is. Besides, in the future you might need some welding done, and naturally you'd want "Mr. Hebert," the best welder in these parts, to do it for you. We're betting on you, Douglas.

J. W. HENDERSON

Six-foot, brown-haired, blue-eyed J. W. was one of our hardest-working football players. He held down an end position this past season. After attending Lamar and Texas A. and M., he plans to become a petroleum engineer. His intense likes are football and ice cream, and, strange to say, his pet peeve is girls.

DORIS HERRINGTON

Here is another pretty, smiling senior girl with the type of beauty we all like to look at—that dark, brunette beauty with an olive complexion. Her favorite subject is home economics, but her ambition is to model clothes. She will make good, we know, because of her pleasing personality.

GERALDINE HESTER *Bishop*

Since Geraldine is one of our quieter senior girls, she is indeed a pleasure to be around. Always sweet and obliging, it would be impossible for "Gerry" ever to be without friends. She seems wholeheartedly in love with life, and how would it be possible for life not to return that love? Best wishes, Geraldine.

WILMA HILTON

This black-haired miss is a whiz at all athletics, especially swimming. Because of her excellent health, her ambition is to help others regain theirs; she wants to be a nurse. She belongs to the Royal Guards as one of the Color Guards. We wish you worlds of success, Wilma.

ELAINE HINOTE *Diehmo*

If you're looking for someone who can really get a job done and well, too, then Elaine is just the person you're after. Not only was she a "go-getting" associate business manager of the Pine Burr, but she also assumed the captaincy of the Royal Guards. We know not what Elaine's plans are for the future, but we feel safe in prophesying that she will go far.

MURRAY HOFFER

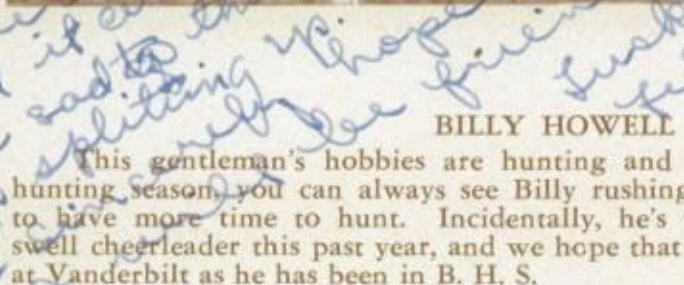

Murray is one of those cute boys who just won't give the girls a break. Instead, he is fond of baseball, golf and other sports. His hobby is collecting pennants. Murray will matriculate at the University of Missouri. He has not yet chosen his course of study.

WILLIAN HOLLAND

How 'bout an "individual for Holland, fellers? Beautiful, blue-eyed, "Bill" has faithfully been "Ever Loyal" for her three years at good ol' B. H. S. When another school claims her next year, how unhappy Miss "B" will be not to have her on her pep squad. Willian's ambition is to be a model, and tell me, folks—who could be a better one?

MARY JO HORN

Here is a sportsgirl for you. Basketball and football are her favorite sports and she will always be cheering for the Royal Purples. Mary Jo plans to attend college, and the college that gets Mary Jo will be getting a swell girl.

BILLY HOWELL

This gentleman's hobbies are hunting and flying. In afternoons during hunting season, you can always see Billy rushing around after school in order to have more time to hunt. Incidentally, he's very good at it. He's been a swell cheerleader this past year, and we hope that he is as popular and successful at Vanderbilt as he has been in B. H. S.

MELVIN HUCKER

That good-looking Melvin, who is about five feet ten inches, with black hair and brown eyes, is an attraction to all the girls. He plans to go to Texas A. & M. to become a chemical engineer, and we know he will be a great success in the engineering world.

EARLINE HUNT

Earline, with lots of vitality and always a smile, plans to be designing dresses for the well-dressed women of America after graduating from B. H. S. We know that with her good looks and pleasing personality, she will overcome any stumbling block in her path of success.

BETTY HUNTER

Betty's ideas about her specific likes, dislikes, and plans for the future are rather vague. Just the same, we finally extracted (we mean it) from her the fact that she is going to Lamar and Texas, and she is really "hep" to classical music. However, you'll have no trouble extracting from us the fact that Betty is really the tops.

CARROLL HUNTER

Many are the hours that we have spent watching the graceful rhythmic movements of her body and dancing feet. As to the future, because she is bubbling over with personality and capable of everything she undertakes, we know Carroll will be a wow in whatever she does and wherever she goes.

AUDREY HYBARGER

Audrey likes to dance, laugh, and have a good time. She also likes music and served as flag bearer for the band. After Audrey leaves B. H. S., she is going to become a stenographer. With her pleasing disposition and charm, she won't have any difficulty in obtaining her goal.

VERDA NELLE ISDALE

Verda Nelle see-saws between the ambition of being a musician and the desire of becoming an artist. Her hobby is playing nine instruments, and she wants to play more. Whatever her decision may be, she is bound to succeed with her winning smile and sunny disposition. "Verdie's" graduation from Beaumont Hi will leave empty a place that will be hard to fill.

BOBBY JACKSON

Who's that walking the hall talking continually and in the most entertaining manner? Why, Bobby Jackson of course, our own gift to any conversation. This intelligent and charming young man plans to be a successful plastics manufacturer and a gentleman of leisure. It's hard to understand how he could be both at the same time, but knowing Bobby, we are assured that he'll find a way.

Good luck, Wintriss, and the best to a swell friend. B. Jackson

CARL JENNY

This tall, curly-haired fellow is one of our genuinely fine seniors. Carl's ambition is to help defend America by giving his services as a pilot. His interest now lies in the Greenie Cadets, however. Good luck, Carl!

JERRY JOHNSON

"Our illustrious president," as he has so often been described, is truly a fella that we can be proud to have as representative of our school. Well-built, good-looking, and a football player, to boot, "Dr. Johnson" (that's his ambition) really has all the qualifications.

WILLIAM JOHNSON

William is a favorite among all who know him. Nice-looking, good-natured, and smart—what more could a fellow want? Whatever your plans are for the future, all your many friends at B. H. S. will be pulling for you, William!

CHARLES RAY JONES

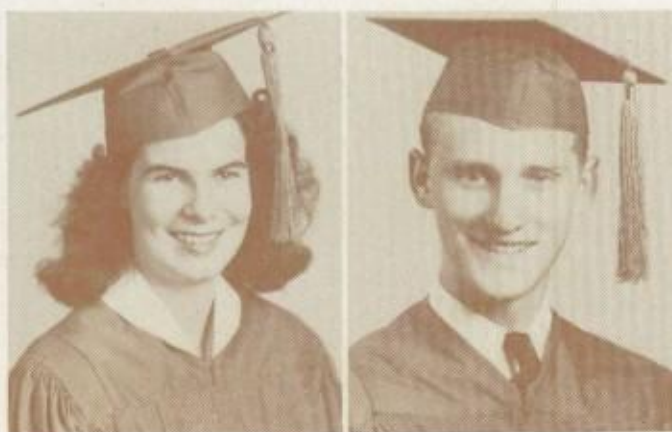

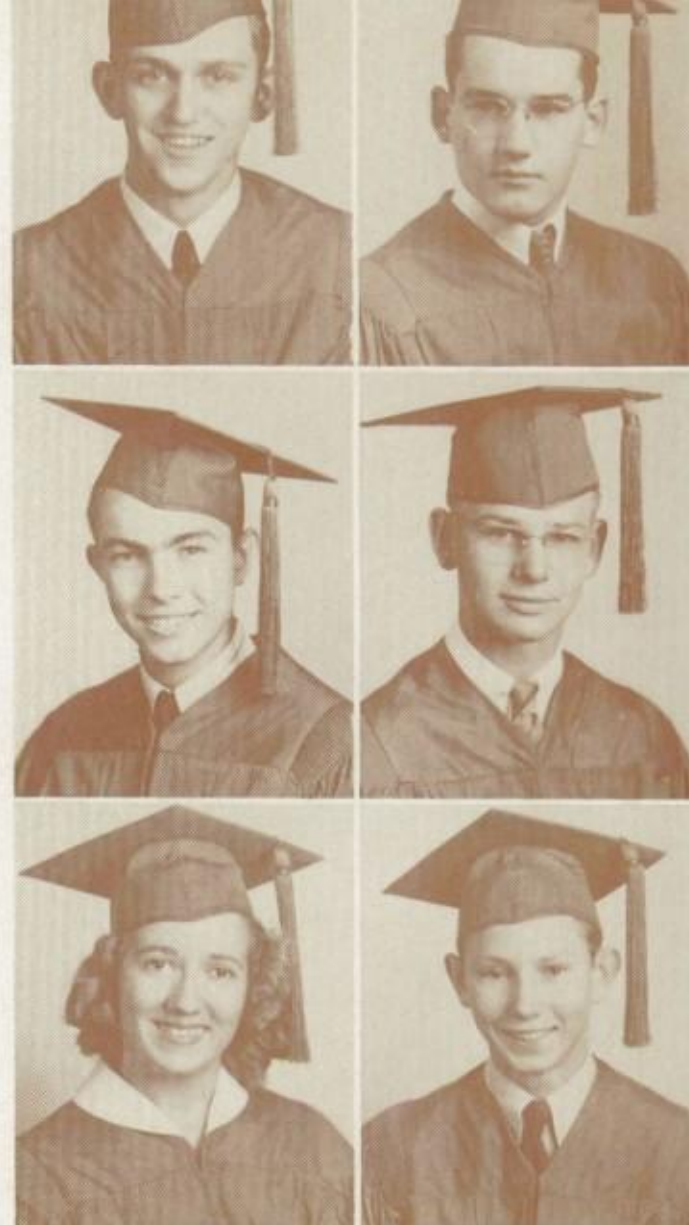

Joining the Naval Air Corps is quite the thing to do at the present time, and that's exactly what Charles Ray has in mind. This blond-haired, blue-eyed boy thoroughly enjoys eating and sleeping, and we think he has the right idea. Best of luck, Charles!

CHARLOTTE JONES

Charlotte is one Southern belle who isn't all accent, "sugar" and "you all's." She loves children, football, bicycling, belongs to the Beaumont Light Opera Company, and wants to be a fashion designer. Say, you should hear some of the Jones jokes, they're really "dillys." Being so versatile and likeable, Charlotte couldn't help succeeding.

RAY JONES

After he finishes L. S. U., Ray intends to become a professional ball player. We have no doubt about his success either, because he really has great pitching ability. We're counting on you to be in the Majors in a few years, Ray.

MARTHA KATTERJOHN

This charming, brown-eyed senior's ambition is to be a nurse. She likes to travel, and her favorite sport is football. We wish you luck, Martha. P. S., She collects dogs on the side.

FLOYD KEENEY

Good old Floyd—everybody's buddy. Why? Because of his good nature, friendly manner, and flashing smile. B. H. S. is surely going to miss this likeable chap. Don't ever forget your pals at high school who are for you, Floyd.

NED KEIG

This tall, good-looking boy really is the ambitious type, since he is looking forward to going to M. I. T. next year and studying research chemistry. He is the second of the Keigs to adorn the halls of B. H. S., and we'll hate to see him go. Well, here's to you, Ned!

JESSIE LEE KEITH

"Where did you get that lovely dress?" "Oh, from Jessie Lee Keith's shop." This is typical of the remarks we will hear when this blue-eyed blonde opens her "Women's Shoppe." In the meantime she plans to satisfy herself with a business course.

HELEN KELLER

Boys, here's a girl whose ambition is to be a housewife and who just loves cooking! This is unusual for in this day and time, with all this National Defense, most girls are thinking about getting jobs. Here's one tall brunette whose ambition will be realized, we betcha.

JIM KELLY

Civil engineering is this young man's ambition, and he plans to attend A. & M. College to study it. He has led us quite faithfully in yells this past year and will probably carry out his ambition with the same amount of enthusiasm and reliability.

WILLIAM ROY KELLY

"Casanova of the Campus" is our nickname for Roy, a swell boy who is liked by all because of his good sense of humor and his fancy for fun. Perhaps a little mischievous, but you know the old saying, "All work and no play makes Johnny a dull boy." Roy is just practicing the proverbs. Keep making people laugh, Roy, and you'll always find happiness.

HELEN KERR

We just can't think of enough nice things to say about Helen, who is one of the most versatile girls in B. H. S. She just "spills" over with enthusiasm for everything she especially likes, and, if you really want to get her started, just mention baseball, 'cause that's her hobby. Because she enters so wholeheartedly into every school activity—whether it be Pine Burr (she's associate editor), sports, or studying (even that), Helen is truly an asset to our campus.

WAYNE KERR

Here he is, girls, but please don't crowd, and let every one have a good look. Yes, it's our handsome crooner, Wayne Kerr. At the present Wayne isn't doing much except breaking the hearts of the girls at high school. Just wait until he breaks in on a nationwide hook-up or bags a movie contract—then what? Well, girls—we can dream, can't we?

JOSEPH KILPATRICK

"Mr." Joseph Kilpatrick is what we shall some day have to call Joseph. That is, when he's a big business man with an office, secretary, and everything! Until that time, however, Joseph contents himself with ice cream and cake and collecting match covers, which is his hobby.

JEAN GRACE KLEIN

Jean Grace has decided to become a doctor and take up the study of medical research. In future years, don't be surprised to find a sign on a door reading "Dr. Klein, M. D." This blond-haired, green-eyed girl is quite ambitious, and B. H. S. knows she will succeed.

ROBERT KLEIN

"Slim", six feet two, eyes of blue, has two intense likes - - ice cream and blondes. We can't do much about the ice cream, but we're warning Robert now, WATCH OUT, 'cause the blonds will be out to get you. We don't know any of Robert's future plans, but we'll wish him all the success in the world—and a blonde.

THEO KOJAK

Theo, whose whole life is baseball, also wishes to play professional ball. He's bound to make a good player too, not only because he plays well, but because he's a good sport. A. & M. will be his future school.

GEORGE KREPPER

George is such a swell fellow and so much fun that he could live on a deserted island by himself and still have more than enough company. George's happy-go-lucky attitude will certainly be missed around these parts when he graduates!

Having nothing but success in the very near future
Clifford Latson

DOROTHY LADEN

Dorothy is one of those rare persons who never plan or worry too much about the future. Instead she just goes on, doing the best she can from day to day and having the time of her life. You're really one in a million, Dorothy.

CLIFFORD LATSON

Clifford will attend Texas A. and M. His ambition is mechanical engineering. His hobbies are hunting and fishing. His favorite sport is baseball. With his good looking brown eyes and black hair, we are sure he will go far, and we wish him the best of luck.

JOE LEGGETT

Anybody who undertakes the job of writing Joe's accomplishments is undertaking a Herculean task. Joe has made an excellent class officer during his sophomore, junior and senior years. He plans to attend Rice Institute and study chemical engineering.

VINCENT LEONE

Tall, with dark eyes and black curly hair, that's Vincent, whose ambition is to be a pilot in the Army Air Corps. Strictly the outdoor type, you would expect him to be fond of sports, and that is just the case. After graduating, he's going to L. S. U.

ENGINE LIND

"Cotton" is our very favorite gas station attendant, and while we don't know what his future plans are, we know they must concern cars and such. This big, blond boy isn't bad on the football field either. B. H. S. will miss you, "Cotton."

ALMA LINDSEY

"T" (Alma's nickname) has but on ambition—to get out of school. She likes to read and play basketball. Her good sense of humor is bound to help her along the way.

JOE LITHERLAND

Joe is really the tops! As our head cheerleader this past year, he has done a splendid job, really putting his everything into it. He took his responsibility seriously too, and did you know that on pep rally mornings he couldn't eat breakfast? Yessir, B. H. S. will really miss little Joe.

C. A. LITTLE

Red-headed and mischievous are the proper adjectives describing "Sonny." He plans to attend Lamar next year and take up a flying course. He's crazy about chocolate pie, and his hobby is collecting paper matches.

FRANCES LOPEZ

Frances does not know if she will attend college or not, but if she does it will be Mary Hardin—Baylor College. She likes all sports, especially baseball and basketball. Though she's small and claims all nick-names having anything to do with being little, she's full of vitality. We wish her the best of luck.

BETTY LORD

Here's one girl that surely goes straight to the hearts of all who meet her—sincere, lovable Betty. Can't you just see her in a cute little cottage darning socks for some man? Perhaps this isn't Betty's ambition, boys, but at any rate, the hint has been dropped for you!

JOSEPH MAGLIOLO

This black-eyed, black-haired boy has had three successful years at Beaumont High and is popular among his classmates. Joseph has a great future ahead of him in the printing field. Joseph's hobby is baseball, and, likewise, is his favorite sport.

JIM MAPES

Here is another one of B. H. S.'s wittiest, wise-crackin', fun-lovin' studes who will attend A. and M. next year. He'll surely be an addition to their campus, 'cause Jim is one of those extra special people, and without them the wine of life runs vinegar, and with them life is enjoyable.

BETTY MARKS

What was that, a whirlwind? No, that was just Betty Marks. This friendly and most energetic young ball of fire is one of the most popular and well-liked students in B. H. S. No matter where she is, Betty always is the life of the party, and with such qualities as these, she is sure to succeed in whatever she undertakes.

MARSTON MARSHALL

Marston plans to attend Lamar College and his ambition is Chemical Engineering. His hobby is boat models. His favorite sport is football. With his good looking green eyes and brown hair, we are sure that he will advance far, and we expect to hear more of him in the future.

Thanks again for the "tea" picture of all of us. You're a mighty sweet gal.

May your dancing career go just good. Love, Marston

ZENOTA MARSHALL

Zenota has a yearn for pretty clothes, and they certainly go well together. This tall, fair-complexioned girl's intense like is boys, and her favorite sport is football. She plans to attend a school for music next year, and we wish her lots of luck.

MICKEY MARSIGLIA

Mickey wants to do one of two things after he has finished his schooling. Namely, he would like to be a ball player or join the army air corps. And, surprise of surprises, his favorite subject is history. All of which adds up to this—he's a swell fellow, and we wish him the best always!

JACK MARTIN

Jack is not going to college. Nope, instead he's planning to work at the refinery for a while and later join the Navy. Here's another student to whom literature just doesn't appeal. But just mention baseball and football, and Jack will talk for ages. The best to you always, Jack!

CAESAR MARTINEZ

We think Caesar is one of the nicest boys in school and certainly one of the most obliging, as he is always ready to help you—be you student or teacher. And did you know he is very active in Boy Scout work, too? The life of an aeronautical engineer is the one for Caesar, says he, and we hope that's exactly what his will be!

Best wishes to a grand girl

JANE MAYER

Lamar claims this tall, graceful blonde next year. After that, she plans to take a trip to Austin and enter the U. B. H. S. knows that Jane will get along with everybody, anywhere she goes, and always be a favorite. Good luck, Jane!

BEVERLY McCLELLAND

Beverly is a quiet, sweet, sincere senior. She has brown hair, hazel eyes, and is five feet one-half inches tall. Her hobby is knitting, and she has done a great deal of outstanding work in the Amelia Methodist Church. Lots of luck to you, Beverly, in whatever you do in the future.

PATSY McCLELLAND

Just you just imagine what a precious decoration this little brunette will be some day to a big executive's office! And then later on, what a precious decoration to a little cottage! Ah, me. But first must come Lamar. Sorry, boys.

GEORGE ANNE McCUNE

George Anne is a quiet, industrious girl who does the work without all the noise. We appreciate that kind of a girl. George Anne is very musically-minded, having played in the orchestra three years. But she chooses the work of a librarian as a career.

Be sure one of the sweetest to have. We'll be close friends always. Love, George Anne

Elma has a very pleasing personality hidden under her quiet and dignified ways. Elma's ambition is to become a radio technician. Her charm, personality, ability, and intelligence will add to a dull office.

ELMA McDANIEL

MARCENE McDONALD

Is it possible to have everything? Well, it must be—have you noticed "Mac's" charms? A most versatile young miss, Marcene has become a firm foundation in B. H. S. Lamar is going to claim her for 2 short years, and then, fellows, sorry, but she leaves for Texas U. Tough luck! Here's to ya—Glamour gal!

BETTY McKEE

Charming, beautiful, sweet, and gracious are just a few of the many adjectives that describe this vivacious young miss, who has led us so faithfully in cheers for the past two years. Betty plans to attend Mt. Vernon College for Girls in Washington next year, which we're sure will disappoint many of her admirers. No matter how far away she is, however, she will always stand out pleasantly in the memory of those who know her.

C. D. McKEEVER

C. D. is attending Lamar next year and then this Louisianian wants to go back to "ye old home" and L. S. U. C. D. is a quiet, hard-working, fun-loving fellow. He enjoys baseball, stamp collecting, and takes a special interest in the radio since he plans to be a radio technician.

EMMA LEE McMULLEN

Do you simply hate to get up in the morning? If you do, you should get along very nicely with "Corky", for she does too. However, you should get along with her anyway, for she's that kind of a person. With that cute grin and pretty, red, curly hair (naturally so, too, girls), she'll be quite an addition to the Lamar campus.

ANNE McNEILL

A pin—because she's as neat as one, some sugar—because she's just that sweet, and a recording of "Billy"—because that's who her heart belongs to—are the things we dedicate to Anne as she leaves B. H. S. for Lamar then Texas U. Then we'll sing "We'll Miss You When You're Gone"—because we will.

Best wishes to one of the girls who is known C.D.

Best of luck to a precious girl. Emma Lee

Best of luck to a precious girl.

JOAN MILNE

Did you know that Joan was born in Brazil, and that her pet peeve is mathematics? No, I thought not, for she is one of those quiet, unassuming girls who are really worth their weight in gold. Joan chooses interior decorating as her future work and plans to attend Arlington Hall after graduation.

BILLIE MITCHAM

Billie plans to be a nurse and enter a local hospital next year. She has brown hair and blue eyes and hates sissies, but loves horses and horseback riding. We wish you all the luck, Billie.

BETTY MIXSON

Poise and grace—that's Betty, and next year she'll be on her way to Durham, N. C. to enter Duke U. Betty is a tall, fair, quiet brunette and certainly takes up a lot of room in everyone's heart. Best of luck, Betsy.

BILLIE MOORE

This vivacious young miss has a personality that just can't be beaten. Billie is always as neat as a pin and dressed in perfect taste. From an outward appearance, one would imagine her hobby to be that of having a good time. May you have a successful future, Billie.

MARTINE MOORE

If you see a girl with beautiful auburn hair around in the halls, you'll know it's Martine. She has a beautiful voice, and it is only natural that singing should be her hobby. Her pet peeve is two-faced people. Her ambition is to be a housewife, but first she plans to attend Lamar College.

NORMA MOORE

Norma, known to some of her close friends as "Blondie," has really been an addition to B. H. S. Although she is not a red head, she has a quick temper (watch out, boys). Her hobby is reading, and, to follow this up, she wishes to be a librarian. She will begin her education toward this at Lamar College.

IRWIN MOORHOUSE

"Moose" is one of the most popular of our senior boys. Always a good sport and quite witty in disposition, it's no wonder he's so well liked. Lamar and Texas U. will be most happy to receive "Moose" after graduation. May you have success always!

GEORGE MORRIS

A very likeable boy because of his unusual personality, George can have fun or be serious, which makes him an all-round fellow and a pleasure to know. Girls, if you're looking for a real treat, just manage a date with George in his snappy convertible!

VIRGINIA MORRIS

This olive-complexioned, brown-haired, blue-gray-eyed girl, desires to be an airplane pilot. Collecting whatnots is her hobby, but Virginia is also a lover of dancing. With those snapping eyes and quick feet, she is an addition to any dance floor.

JACK MOUTON

What our dear old school needs is about fifty more fellows like Jack. You just can't seem to make him mad or put him into a bad mood. If you're on the skeptical side, take a ride in that jalopy of his; it's enough to throw anyone off the beam—but not Jack. Always happy, always friendly, always just Jack.

LLOYD MOUTON

Lloyd Mouton

"Cootie," B. H. S.'s star pitcher, will seek a baseball career after he has finished starring for Texas University. Judging by his record, Lloyd will soon be playing in the majors, and we are sure that in the years to come, we shall be proud to say that he was in our graduating class.

DICK MUNRO

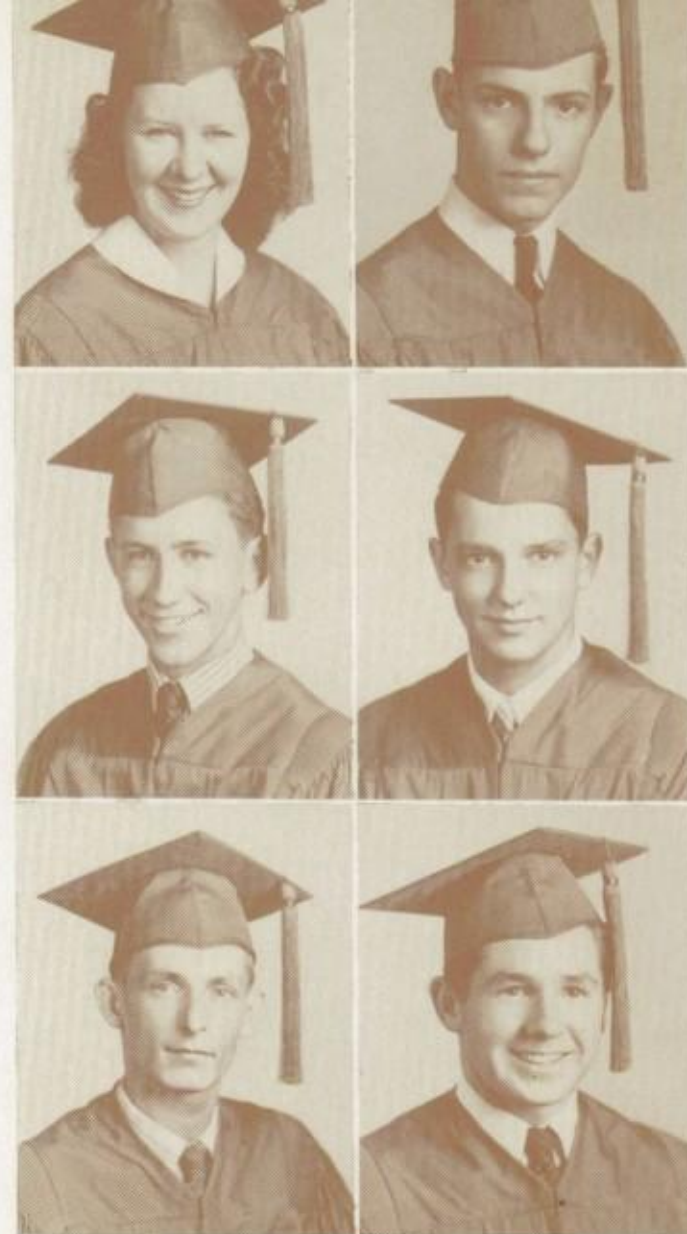

"Dimples" Munro is liked by everyone who knows him. Dick is a lover of the great outdoors and is especially fond of hunting. This handsome Lochinvar has spent his 3 years at B. H. S. in upsetting the hearts of our fairer sex. However, all seem ready to forgive and forget when he flashes his ever-ready smile. Good luck to a keen boy!

EDWIN MUNSON

Edwin is that grand fellow with a pleasant manner and disposition. After graduating from dear ole B. H. S., he plans to become a mechanic. His favorite sport and hobby is football, and who can blame him. Lots of luck to you in later life, Edwin.

CECIL NEAL

Cecil tells us he is going to North Texas State Teachers College next year, just for the education. He said specifically, "Not to become a teacher." This dark-haired, brown-eyed, tackle of the B. H. S. scrimmage line is certainly going to be successful, and we all wish him luck.

MARTIN NELSON

Always seen with a big smile and a mischievous twinkle is Martin. The engineering field will be quite fortunate when he joins their ranks and becomes a chemical engineer. We've an idea, though, that many gals will be mighty lonesome when he descends on Aggieland next year.

GERALDINE NIGHT

Take care, you future business men, for here comes the future steno, who, while making you want to dictate twice as many letters, will make you feel that you're working her too hard if you give her one a day. Also keep the jealous wife away, for you might have to fire the best stenographer you ever had.

ORA NOLAN

Knowing Ora as we do, we are certain that she will have a very happy life, and we also know that she will make all her friends and associates very happy, too. Capable and amiable, Ora should have no trouble at all with whatever plans she has for the future.

C. J. OTT

"Good things come in small packages." We have always heard this old adage, but now we know it's true. Reason—why just look at C. J., and there's your answer. And did you know that he is really a whiz at mechanical drawing! Keep up the good work always.

CAMILLE OTTO

Deeply interested in his work, Camille has made a grand record in Beaumont High. He has been an excellent student in shorthand and typing. His hard work here will be of great help, when he realizes his ambition, in doing commercial work. Sparkling enthusiasm and ability to please others are his valuable assets.

LOIS OXENDINE

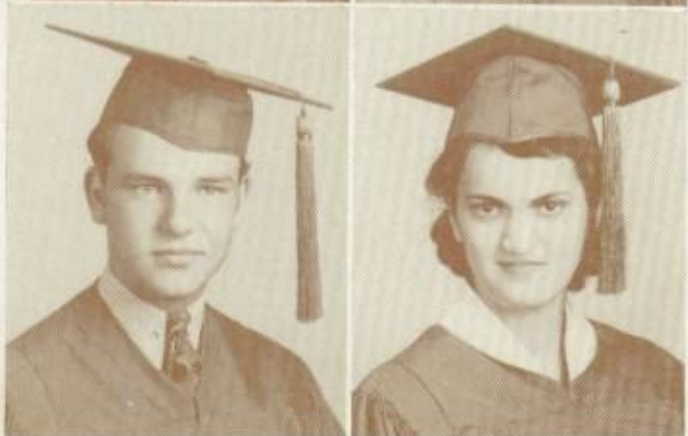

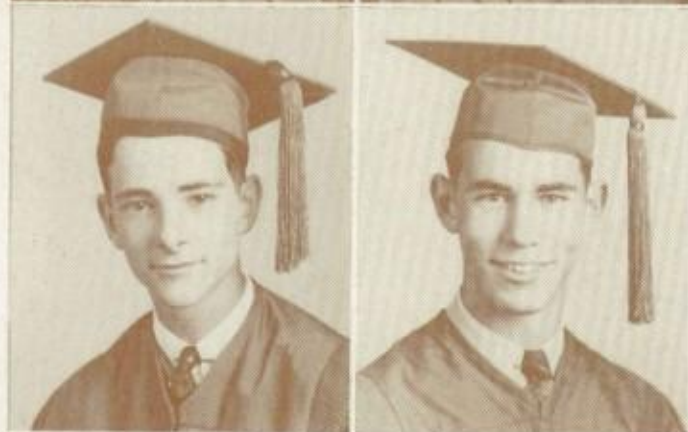

This very pretty brunette has served B. H. S. well as captain of the Royal Guard. She has black, wavy hair, brown eyes, and she is five feet six inches tall. With her charming personality, she fills every requirement of a model. We wish her all the success in the world.

COURTNEY OXFORD

Courtney says that women and sports are the two things that make his heart beat faster, but, stude, he's just "fotsying," he really has higher ambitions. And we do mean high, Aviation, for instance. San Marcos is his next stop after leaving Beaumont High.

MARY FRANCES PALMER

Mary Frances has three intense likes in this world—movies, football games, and boys. Her ambition is to become a secretary. Mary Frances has all the qualifications for this, too. With her willingness and determination, she is sure to succeed.

ANNIE PARIGI

Annie, with her winning smile and charming manner, wants to become a stenographer. For her training, she will choose between Chenier's Business College and Lamar. With her ability and personality, Annie should attain her ambition. She has made many lasting friends in Beaumont High.

Wintress, it has been grand knowing you! The best of luck, Mildred!

MILDRED PARISH

Here is as charming a Miss as you could find in the halls of B. H. S. She is a favorite with her friends because of her personality, attractiveness, and manners. Mildred wants to go to Lamar College so she can take a business course and become a private secretary. We've no doubt that Mildred will succeed.

FRED PAUL

Fred, the Band's solo cornet player, plans to go to Lamar and then join Uncle Sam's Air Corps. Tall, having brown hair and eyes, he is one of our best looking seniors. He is fond of sports, especially liking football.

BUDDY PAYNE

Handsome Buddy, the Romeo of the Senior Class, has as a hobby, of all things, snakes. Although he is undecided about what he will do after finishing A. and M., we know that he will succeed at whatever he takes up.

HOWARD PEACOCK

Don't let Howard's lazy attitude fool you, for lurking behind those blue eyes is a brain. With that inimitable style of writing that made him the editor of the B. H. S. News the first semester, he will surely win an enviable place for himself in the newspaper world.

DURA PEGLAR

Some day Dura's name will be well known as that of an outstanding pianist. With her expressive brown eyes, musical talent, and winning ways, her battle is as good as won. Dura not only shines as a pianist, but she is also well liked by all who know her.

FLORENCE PENDER

Just ask this peppy little blonde with the green dreamy eyes about her ambition! She has decided to become somebody's secretary. She may be a successful secretary, but not for long. Meanwhile her interest lies in the Royal Guard and an intense like for dancing.

ELAINE PEOPLES

Elaine is another of our classmates who will pursue her fortune in the business world as a stenographer or private secretary. Her hobby is sewing, and her favorite sport is football. She has made many friends in Beaumont High, and she has held quite a few offices. With a sweet disposition like hers, she should be a great success in everything she undertakes.

WINTRESS FAY PERKINS

Wintress is just tops on our list of friends. Besides having grace, poise, and a friendly disposition, she simply floors us with her skill at dancing. Don't be surprised if you find Wintress dancing with Dorothy Byton, or the Rockettes, etc. in the next five years, for B. H. S. knows she'll be on a high rung of the ladder of success.

VIRGINIA PERRICONE

Vivacious, dark blond hair and green eyes—anyone knows that is Virginia Perricone. Virginia plans to matriculate at Lamar next year. Showing a decided talent for music, we have a gal that can give Poland's Paderewski a run for his money. With talent and friendliness to aid you, you can not fail, Virginia.

WALLACE PETSCH

Wallace came to us from Dallas at mid-term of his sophomore year and since then has become a loyal "Purplelite." He is undecided about college, but he'll probably end up at Lamar, says he. As to the future, the Civil Service appeals to him, and that's what he'd like to work in.

DAYTON PICKETT

To be a radio or chemical engineer is this friendly lad's ambition. He's not just "talking" either, because all who know Dayton realize that when he picks such a difficult subject for an ambition, this means that he won't quit working until he's at the top in that field.

VIRGINIA PIPKIN

Virginia is one of those persons who is never down in the dumps for very long (if ever). Her pleasant way is sure to cheer you up if you're feeling low, and, if that doesn't, she'll probably tell you the latest jokes (she always hears them first). And if that isn't enough, she's a whiz at the piano.

JESSIE LEE POOLE

"To thine own self be true; and it must follow, as the night the day, thou canst not then be false to any man," said a certain old fellow in one of Shakespeare's plays. This honored quotation, which may be applied in its essence to few people, must be one of the maxims in which Jessie Lee believes. Her appeal lies in the fact that she may be depended on to do her best in whatever she attempts.

*from dancer to a hop
your career
is success.*

MURIEL GENE POWELL

During "Mimi's" three years at B. H. S., she has literally danced her way into the hearts of us all. How could she have helped doing it, aided by her winning smile and lovable ways? Good luck, little dancer, and don't forget your pals at B. H. S. who "knew you when."

JAMES PROTHO

This young man's ambition is to fly a bomber for the United States Navy, and he couldn't have picked a more worthy or exciting occupation. For the present he spends his time collecting sports pictures and attending or playing baseball.

JOYCE PREVOST

Here is one reason why boys at B. H. S. prefer blondes—Joyce Prevost. Joyce has two loves in her life. One is dancing and the other a good orchestra. Her hobby is reading. After graduating, Joyce's ambition is to go to some of the South Sea Islands. Maybe that certain somebody will be her answer.

VERNON PROCTOR

Whenever Vernon is around, two is company—partly because of his good looks, and partly because he is so much fun. We never could catch him in a serious enough mood to find out his ideas about the future, but, with his personality, he'll always be on top.

JACK PRYOR

Jack hates to disappoint Shakespeare and all the others, but he intensely dislikes literature. He's definitely the outdoor type, football and baseball being his favorite sports. Baseball to him is a little more than just a hobby, however, since he hopes to someday be a baseball player. We wish you luck, Jack.

BILL PUGH

They say "you gotta be a football hero to get along with the beautiful girls." Well, Bill claims he has no feminine heart interest, but we know several "snappy" numbers who would love to "get along" with Bill. At present Bill's heart lies in football, hunting, holidays and B. H. S.; next year it'll belong to A. & M.

IDA LEE RAMEY

Ida Lee Ramey, that cute little blonde senior, has chosen the field of nursing as her career. She has not yet decided where she will matriculate. Her favorite sport is badminton, and she loves horseback riding. We know that her quiet, relentless determination will take her far in a glorious profession.

ERNEST RANDALL

If you like hunting and fishing, then you should get along fine with Ernest, for he's a lover of these games, too. Ernest wants to become a good mechanic, and, knowing Ernest, we are sure he'll be one of the best.

FRANK RANDALL

When those qualities of character known to the initiated as perseverance and pluck are praised by many people, Frank is one individual who comes in for his share of the glory. His interest in printing seems to indicate a definite mechanical aptitude, which should enable him to achieve a definite superiority in some field of mechanical endeavor.

NELL RAY

The ambition of this cute little brunette is to teach diving, swimming, and history. We are sure already that she will succeed in the former two, because she holds so many honors herself in diving and swimming. Nell plans to attend North Texas State Teacher's College at Denton. We can only wish her all the luck in the world.

ELOISE RENFRO

This very pretty blond, Eloise, is just about as smart as anyone, and is just wild about pretty things, such as clothes, faces, etc. She has chosen as her career, fashion designing, and we know she will succeed.

AUGUSTA RENKIN

Augusta is another of the young ladies in the senior class who plan to take up stenography upon their graduation from high school. Lovely blond secretaries are always in demand, and so she is particularly suited to this profession. Augusta is sweet, unspoiled, and friendly, and we are certain that she will always be so.

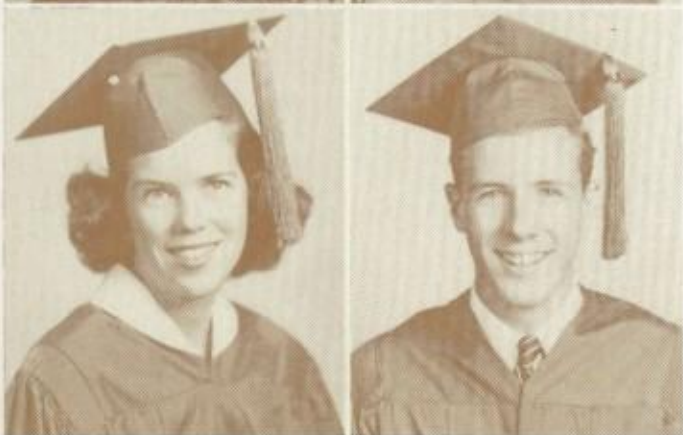

H. C. RHODES

H. C. has hopes of someday becoming an aeronautical engineer, but first he has decided to "do his part" and join the Navy as soon as school is out. H. C. likes tennis and swimming and was a capable member of the '42 Art Staff of the Pine Burr.

BILLENE RICHARDSON

Although Billene is a little on the demure side, she certainly doesn't lack intelligence. She has a cheerful disposition, and her friends enjoy her company. She is another of our classmates who will pursue her fortune in the business world as a stenographer or a private secretary.

EDWIN RICHARDSON

This sweet little "book-worm" is a killer from way back! All kidding aside, can anyone tell me who doesn't like Edwin? I don't imagine they can, because his pleasing personality and his admirable character (even if he does drive too fast) make him one of our most sought after Seniors! The best of everything to one swell boy.

HAROLD RICHEY

This efficient captain of the band has quite an ambition. He wants to play in the United States Marine Band, and considering the way in which he goes after what he wants, we predict his ambition will be fulfilled. Next year he plans to attend Lamar. Our best wishes, Harold.

MARY ELLEN RICHTER

Mary Ellen is one of those persons you hear about, but never dream they really exist. Yes, a girl who is always willing to do her part to help anything. Not only that, but she also always does a fine job of whatever she undertakes. She wants to become a stenographer, and, certainly, a more capable and efficient one could never be found.

GENE RIVET

Quiet and personable, Gene has an indefinable quality of charm that impresses all those with whom he comes in contact. His optimism and cheerful willingness stamp him as a believer in the principles of our way of life. Predictions as to his future success should include the statement that he will not fall far short of any goal he sets.

DOROTHY ROBERTS

Since she likes Home Economics so much and is such a good student, naturally, she would choose to be a teacher. In preparation for this she intends to go to Lamar and then to Huntsville. And all we can say is we wish we were going to school again and taking Home Ec.

SAM ROBERTS

With that wit of his, Sam will invariably loosen up the tension and make remarks that keep us all in stitches. When he is a lawyer, he'll probably win every case by getting the jury so tickled that they won't know what's going on. Good luck, Sam, but we've an idea you won't need it.

BETTY JO ROBINSON

Betty is that very pretty girl with the blond hair, who has made such an excellent record in the Royal Guards. After graduating from Beaumont High, she plans to attend Lamar. Her ambition is to become a stenographer. Her favorite sport is swimming, and she is mighty proficient at it, too. Good luck, Betty Jo.

EDWIN ROBINSON

Edwin looks down on everyone—only, however, because he is taller than most of us. Edwin is also one of those persons who continually keeps you guessing, for you never know when he is serious or when he's joking. We're not joking though, when we say he's really a swell fellow.

ARCHIE ROGERS

Archie has proved his prowess on the football field over and over again. Always good-natured and fun-loving, he's the life of the party. A. & M. will be indeed fortunate to gain this aeronautical engineer. We predict a successful future for this prominent personality.

FRANK ROJAS

Frank is one of those unoffensive people who can be expected to "get there." Because his ambition is to be a printer, we are sure we can expect Frank, in future years, to be connected somehow with that field. At the present, he's a loyal supporter of the B. H. S. football team.

VINCENT ROSHEGER

Diminutive Vincent, with his bright and cheerful smile, is a familiar figure in the halls of B. H. S. He enjoys all sports, and after high school he will either join the Navy or take up professional baseball.

JAMES ROSSER

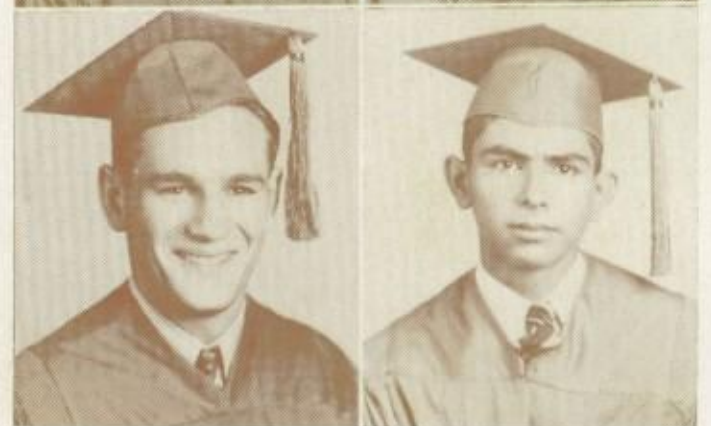

If wit and personality are qualities of a successful person, James Rosser's future is insured. He plans to attend Sam Houston next year, and, if he keeps up the good work, he will always be an asset to any student body. Here is good luck to you, James, and thanks for being a very swell person.

BILL RUPERT

"Big Bill" isn't opposed to work or anything like that, but then there's no need of wearing yourself out while you are still young. He just takes life as it comes and gets out of it all the enjoyment he can. With such an attitude we know he'll always be happy.

KEITH RUTLEDGE

You remember the song, "What Have You Got That Got's Them?" Well, Keith's got it! He's both "amosin'" and "confusin'" — "amosin'" with his sharp wit and "confusin'" with his endless love affairs. Keith's plans for the future are indefinite, but we know wherever he goes there'll always be good times, fun, and laughter galore.

KATHERINE SACHITANO

Katherine has brown eyes, black hair, and a very pleasing disposition. She loves reading, football, and Spanish. Her favorites are Spanish teachers. She plans to attend Lamar and Texas U. after graduating. Good luck, Katherine!!

ANTHONY SACKER

If there is anyone who loves life, it's Anthony. This little bundle of dynamite is so full of energy, enthusiasm, and fun that it is no wonder that he is the life of any party. May your life be a smooth road with small bumps, Anthony!

LEE SANDEL

Lee's ambition is to get in the Navy Air Corps. His hobby is football, but his favorite sport is swimming. He has black eyes and hair. He plans to attend Lamar College first, and then on to Texas University. We wish him the best of luck.

MARGIE SANTANGELO

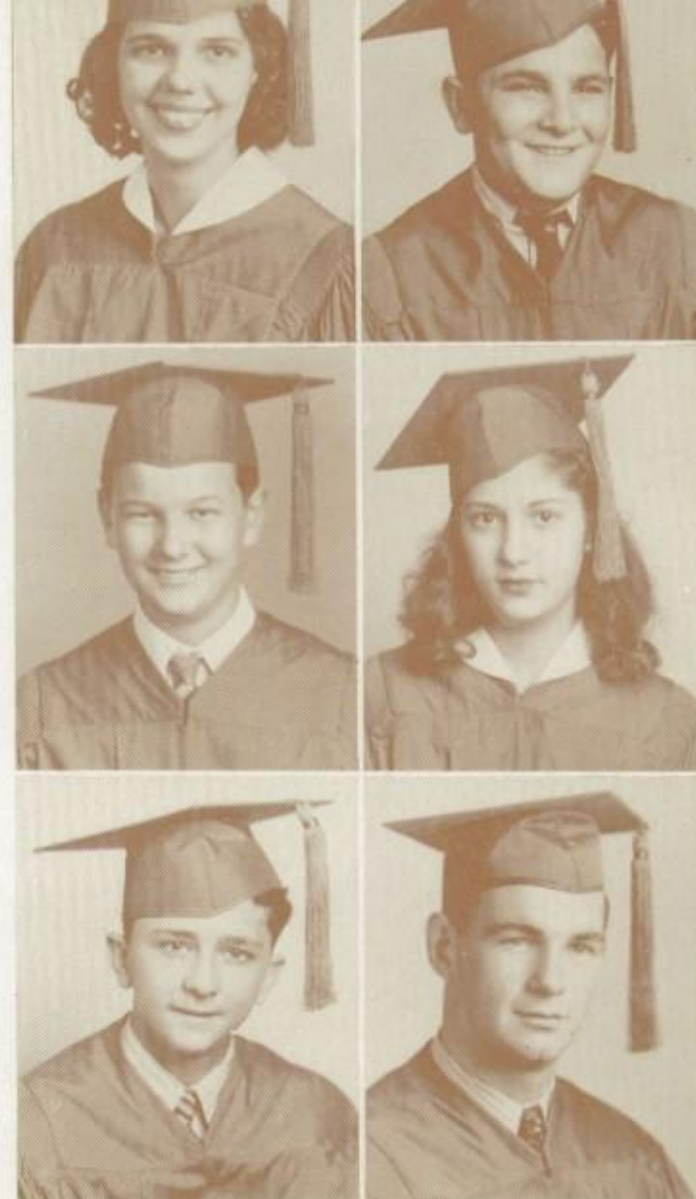

Active in the music department of high school for three years, Margie wants to continue this kind of thing and become an opera singer. Can't you just see her thrilling audiences at the Metropolitan! With those flashing brown eyes and dark hair, we predict she's going places!

CARL SATCHER

Carl's hobby is auto racing, and did you know that he won first place in the one hundred mile dirt track race at Houston last year! However, he is not interested in this as an ambition. Instead, he wants to go to Oklahoma Military Academy, then to Annapolis, then to an officership in the U. S. Navy. As for the feminine sex, he likes all of them, especially blondes and brunettes.

WALTER SCARBOROUGH

Folks, you have here the man behind the footlights. His work as stage manager in B. H. S. couldn't be duplicated. In Walter you find a very promising electrical engineer, and A. & M. is certainly lucky to gain such a good worker.

TODD SCHARNBERG

When tall, blonde, and handsome Todd speeds down Calder, all the gals turn and stare—and just think what'll happen next year when he sports his Aggie uniform. Todd is rather undecided about his future, but with his ability, winning personality and wit, he'll get lots of fun and happiness, as well as success, out of life.

MARY CATHERINE SCHERF

A ready smile and a winsome manner are Mary Catherine's main assets. Her favorite sport is football, and she enjoys collecting pictures of movie stars. After graduating from Beaumont High School, she plans to become a stenographer or an office girl. She has made a lasting impression upon all of her teachers and fellow students.

WILLIE MAE SCHLETT

Willie Mae is going to be some lucky person's stenographer after her graduation from Beaumont High School and business college. We say "lucky," because her employer will certainly benefit from the cheerfulness and ready wit of this blue-eyed brunette. She has been a member of the Beaumont Independent Softball Team and Royal Guards.

L. J. SCHWARTZ

L. J. is our idea of what a modern, up-to-the-minute boy ought to be. Being friendly, energetic, and having more personality than Will Rogers have helped him to be so. L. J.'s plans for future schooling include Lamar and Texas U., and we feel sure he'll be just as popular there as he has been here.

DORIS SCOTT

In the near future we will probably be hearing of a brilliant journalist, name, Doris Scott, making outstanding success in the literary world. Doris is a quiet, sincere, but well-liked girl, who, we feel sure, will be an asset to any college she attends.

GLORIA SCOTT

Gloria is as charming a girl as you'll find in this well-loved school. She has a host of friends, but then they just couldn't resist her sparkling green eyes and sweet smile. She looks forward to a stenographic career, and we know that she'll make some lucky man a swell secretary.

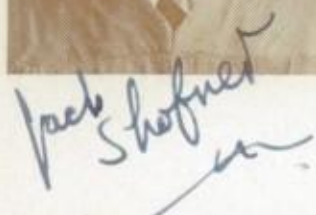

LILLIAN MARIE SCOTT

Lillian Marie is another one of our pretty seniors who is planning to join the ranks of "the women in white." Her patient disposition and dependability will be quite an asset in her chosen vocation. Her favorite sport is football, and she has been a member of the Royal Guards for two years.

JIM SCURLOCK

Wham!! Gals, this is one boy who really pulls a terrific punch. And how could he help it with his friendly and happy-go-lucky personality. B. H. S. will miss Jimmy next year but, studes, remember—you can't have everything.

JAMES SIMMONDS

James, one of the well-known Simmonds brothers, prefers the Marines to any other branch of "this man's army." He also especially likes baseball and history. With such varied interests as these, you can just bet that James is really an all-round fellow and nice to know.

DOROTHY SIMS

If you should meet a tiny, blond senior while winding through the halls of B. H. S., she would probably be Dorothy Sims. She is very quiet, but one is always aware of her, for you can't forget her sweet smile. Dorothy plans to attend Lamar College and perhaps take up stenography. We know that she will be successful in whatever she undertakes, for her personality and determination will carry her far.

JOE SINGLETON

Joe is going places. Better put this name down in your little black book, 'cause someday you'll say, "I knew him when." But right now Joe says his intense likes are girls, gum, and guns, and he describes himself as having a slight case of "lazyitis." But don't let him fool you, he's one of those fellows that can accomplish a thing if he wants to.

LOUIS SMITH

Confidentially, we're a hog about "Alfalfa." Your first impression may make you think he is timid, but give him a chance, and he'll surely change your mind. Fun-loving and likeable, he, strangely enough, aspires to be a lawyer.

LULA SMITH

In Lula you find a yearn for the medical profession. We can already see this blonde-haired, blue-eyed girl looking quite beautiful in white. Her hobby is riding horses and reading. Best of luck to you, Lula!

RICHARD LEE SMITH

Here's a fella with high ambitions—aeronautics. In fact, he must have airplanes on the brain, for he likes nothing better than to build model airplanes. We know that this easy-going chap will be as well-liked at A. and M. as he has been here.

JEAN SMOLLEN

Jean, poised, sweet, and pretty, is a favorite on the B. H. S. campus. Her cheerful smile plus her blond hair and hazel eyes is a great asset. Jean plans to attend the University of Alabama next year. Here's luck to a swell girl!

ALVA SMYTHE

Fine as a fellow student, even better as a friend is the opinion we have of Alva. He has done well at B. H. S. and plans to continue his studies at Lamar and become an electrical engineer. Keep up the good work, Alva!

NEOMA SEGURA

Tiny, laughing brown eyes, and a gypsy smile is an ideal description of Neoma. Intelligence and friendliness are a rare combination, but certainly she possesses both. Neoma's plans for the future are a bit indefinite, but you can be sure that they will include dancing, for this is her favorite pastime. We shouldn't be at all surprised if her name should appear at the top in this profession.

DORIS SHAFFER

Doris seems to have a way about her that makes her the center of attraction wherever she goes. Maybe it's her dark brown eyes. She's 5'2", and her pet peeve is for someone to call her "Shorty." Her hobby is making scrapbooks, and she loves skating and dancing. Her ambition is to become a telephone operator, and she is sure to be a success.

GORDON SHATTUCK

An unwavering cheerfulness, a spirit of cooperation, and a true desire to please both students and faculty members have proved beyond a reasonable doubt that Gordon is truly one individual (brunette, by the way) who desires to make of himself a personality acceptable to all, under every conceivable condition and circumstance. May this be his destiny, to win, and never to lose.

LOLENE SHIPPEY

Lolene, a very lovely senior, hopes to take up stenography when she finishes school, but, in spite of this pet ambition, she thinks that college will fill her immediate future. She was flagbearer during her junior year and has held many secretarial offices. We know that success will be hers, for she has a rare personality and "loads" of determination.

JACK SHOFNER

A football player of ability and an actor of fame, Jack is known for his big, broad grin and his wit. He has plenty of pep and, though small in stature, is big in character. "Shof" wants to go to Chicago Art Institute after B. H. S. and become a commercial artist. Here's "fifteen" for ya, Jack.

RUFUS SIFUENTES

Half-pint in size but huge in pep is Rufus, who has high hopes of someday becoming an airplane technician. Rufus is a staunch supporter of the Purples, and football is his favorite sport. Here's one boy in whom we'll never be disappointed.

I. D. SPARKS

"Fifteen for Sparks and yell it!" Beloved as he is by all his classmates, as one swell fellow and the Purples' most valuable football player, I. D. still has not gotten the "big-head." There is always a smile for those he should happen to meet, and a word or two to those who know him well. It won't be long before we will be hearing about the greatest football player of all times—I. D. Sparks. Good luck to the grandest boy going!

CELIA SPEER

This black-haired, brown-eyed beauty is really a help to Miss Claire in the office. Capable of handling anything she undertakes, Celia will no doubt rise in her ambition to become a secretary. She will certainly be priceless to some business man.

FAY STAGG

This No. 1 baseball fan in B. H. S., with his blond hair and blue eyes, wants to become a mechanic. The work we've seen him do in B. H. S. certainly proves he'd be a good one. Best of luck always, Fay!

RUTHELIN STANLEY

A graceful bearing and a soft voice characterize Rutheline. A young girl with a fine personality, she is truly an attractive person. What triumphs she may achieve in the future we do not know, but we feel safe in prophesying that she will be thoroughly successful in whatever line of endeavor she pursues.

DON STEELY

Don, with his blue eyes and brown wavy hair, is one of our handsomest seniors. He does not plan to attend college. His ambition is to be a linotype operator. His favorite sport is baseball. One of his intense likes is flying. We expect to hear more of him in the future.

WILLIE STEPHENS

Willie's favorite pastime is dancing, but she can't dance through life. This jolly girl will have a career. She'll follow the business line by being a stenographer or office girl. Willie's smile should carry her far!

RAYMOND ST. PETER

Raymond cannot keep hidden his one intense like, and that is the national pastime, baseball. The field of petroleum engineering had better clear the way, for this swell, red-headed lad is the one to make good.

DOROTHEA STERLING

Here is another in our midst who plans to join the ranks of the "white collar" girls. A great outdoor lover, she is crazy about tennis and boating. Although she moved to Orange before she finished her senior year at B. H. S., she is still well remembered by all who ever came in contact with her.

GERTRUDE STERLING

"Snooks" is a lover of going places, good times, dancing, and eating. To put it mildly, she's in love with life. However, there is one thing she simply won't tolerate. That is the popping of gum. We hope your troubles are never any more serious than that!

GLORIA STERLING

Gloria knows how to reach a happy medium—she enjoys doing so many things. However, she has decided to specialize in one thing—office work. Perhaps this explains why she likes to help Mrs. Parish so much. Because she is such a swell person, there's no doubt in our minds as to Gloria's achieving success in everything she undertakes.

ROY STERLING

Mix well a friendly smile, a fine sense of humor, and a pleasant personality. Now add intelligence and determination and you have Roy Sterling—an unusual combination; but one we admire tremendously. His plans for the future are indefinite, but we certainly wish him lots of luck in his course at the University of Southern California next year.

MARY JEAN STEWART

"Beautiful, but dumb" is no longer a current statement. Look at Mary Jean's picture, then her grades. Here is proof that a girl can be smart, even if she is beautiful. Along with beauty and brains goes a very lovable personality. B. H. S. will never forget you, Mary Jean, and those who know you will always love you.

SEIGLE STEWART

Beaumont High will lose one of her favorite sons to Texas A. and M. next year. His ready smile and sunny disposition makes Seigle Stewart a special favorite among his teachers and classmates. Seigle plans to be a petroleum engineer, and we know that he will be a successful one, for anything he undertakes, he does thoroughly.

WALTER STEWART

The owner of this friendly and happy-go-lucky personality has the knack of getting along well with people. Walter has a pleasant nature and is interested in aeronautical engineering. He will receive further education at A. and M. Walter is a lover of fishing and hunting and hates to fix flat tires in a filling station. Can you blame him!

CARSON SUBLETT

We vote "Pete" the best-liked boy in B. H. S., because how could anyone help but like such a fine person! His slow drawl, friendliness, and swell disposition have endeared him to the hearts of all who know him. "Pete" has made a success of everything he has undertaken, especially his art work and the job of sports editor of the Pine Burr, and we know that in future years, he'll be making a success, too.

DORIS SUGGS

This attractive blonde is well known around Beaumont High, and she will certainly be missed next year. She is rather quiet, but fond of active sports, especially tennis. This is an unusual combination, but a very attractive one, judging by her popularity.

HILTON SUTTON

Hilton plans to be a radio operator in the Army Air Corps. His pet peeves are slow drivers or "road hogs". His favorite sports are automobile and horse races. He has black hair and blue eyes. He plans to attend Lamar College.

DAVID SWITZER

David, as co-editor of the '42 Pine Burr has certainly won the friendship of all who attend B. H. S. A fellow with a brilliant smile, he has united ambition and initiative, and has a "knack" for getting things done. He plans to attend S. M. U. next year.

BILLY TANNER

Now we come to that extra special something—Beaumont High's own song writer, Billy Tanner. This young man declares his ambition is to be a draftsman; but if the rest of the world take to his songs like "ye ole alma mater", we'll wager we'll all be humming and strumming his melodies some day soon.

JANICE TERRY

This cute, vivacious, little object passing down the halls of B. H. S. is Janice Terry. Janice has blonde hair and green eyes and is 5 ft. tall. To look at her it would be hard to guess that Janice has chosen as her career what she has. Well, it is to become a doctor. She will begin her training at Texas University.

*Best of everyone's friend

I hope you'll be a
good one in the future
Tr. Smith
Janice*

MARJORIE THATCHER

Marjorie plans to attend business college upon her graduation from high school. She is destined to become a successful secretary because of her precision, ability, and unlimited good humor. She especially likes good music and well-mannered people, and we know that she is particularly fond of short boys, as well.

WILLIE RAE THERIOT

With her sunny disposition, Willie Rae has identified herself as a "good mixer". With her winning personality, she has acquired many friends. And we know that with her charm and figure, she will become a good model, as she hopes.

MARY JANE THOMPSON

Here we have a miniature version of Sophie Tucker—and, say, this little gal can really "swing out". Besides having a swell voice and being a strawberry blonde (which is enough in itself), Mary Jane is a smooth little dancer. With a personality like the one she sports around, she's really bound to "go places"!

MARY LOUISE THOMPSON

Mary Louise is one of those persons who possess a quiet charm all her own. Such a person would make a wonderful librarian. Isn't it a coincidence that that is exactly what she chooses to become! With that pretty auburn hair and those brown eyes, we know she'll delight many a reader of books.

NANCY THOMPSON

This tall, blond, (everyone likes her) young lady claims DePauw as her alma mater next year, and we surely will miss her here. If you want to know anything about baseball, just ask Pat, because she can tell you. If you want to find her in the summertime, just drop in at Stuart Stadium. We predict that this swell co-business manager of the Pine Burr will really "go places".

ESTELLE TAQUINO

Estelle plans to take a business course after her graduation. She loves reading good books and going to the movies. In fact she likes nearly everything, and everyone likes her. Best of luck, Estelle.

JOHN TORTORIS

John's hobby is reading, and it is only natural that his ambition is to be an author. His favorite sport is baseball. His intense likes are shows and all types of entertainments. He does not plan to attend college, but we are sure he will be a success.

JOHN TOWER

John, the mighty mite of B. H. S., wishes to take up International Law, and his hobby is Texas History. He is also fond of baseball and blondes. After he finishes high school, John (you'd never know he was a preacher's son) will carry himself and his antics to S. M. U.

John Lockman Tower

*Dear William
I think you
are a swell friend
May it last forever
always
Mary Jane*

J. L. TRAHAN

Although he has not been with us long, and although we have known him so short a time, we have formed a definite conviction that J. L. is an individual to be admired and emulated. Cheerful, friendly, cooperative, smiling, and altogether likeable, he is the girls' idea of a fine friend, and boys' idea of a good companion. His friends believe, as do all those who know him, that he will go far in what endeavor he undertakes.

CLEO TRAUTH

Cleo has been an outstanding member of the Royal Guard. She has held the offices of bugle sergeant and corporal of squad 9. She plans to become a nurse in the United States Navy along with a few other B. H. S. girls. Cleo just seems to have all the zip and personality one could ask for, and these qualities will be greatly appreciated in the Navy.

KATHERINE TULLY

Besides being the possessor of two of the prettiest brown eyes to be found anywhere, Katherine is also one of the best twirlers that the band has ever had. She plans to be a secretary, and we think she would be quite an addition to any office.

LEWIS TURNER

Lewis plans to attend Lamar next year and then take a trip to Pensacola. Lewis is tall, slim, and blonde, and B. H. S. thinks he'll go places. Good luck, Lewis.

MAX TURNER

Care-free Max, he's 5 feet and 11 inches of joking, and how the girls love it. Max spends most of his time extracting himself—usually to the discomfort and entanglement of some innocent person—from messes he gets himself in during his spare minutes. As a perpetual Romeo, he has a swarm of loyal followers.

DICK TURNEY

Dick certainly isn't the biggest person in our dear old school, but he is certainly one of the nicest. Although scouting is his hobby, his real interest lies in bigger things, for he aspires to be a draftsman. Maybe he'll even get a job doing this in Washington, D. C.!

*Luck and success
to you always.
Edmond*

GEORGE TWITTY

Quiet, pleasant, handsome George, but girls, ain't it tough that this lad seems to have no place in his heart for a nice little lass? We do not know what George's plans are for the future, but whatever they are, they are sure to be successful. Here's to you, George.

EDMOND VALLEE

Cowboy boots, ten gallon hats, bucking bronchoes, etc. are all very interesting to this future rancher. Edmond plans to go to Lamar and later Texas University, and, if we know him, he will win a place for himself no matter where he goes.

FLOYD VANDEWATER

Those who have been fortunate enough to observe Floyd in the print shop have noticed that he shows more than a passing interest in that type of work. Will he in the future be a linotype operator on some great Metropolitan newspaper, or will he in the not-too-far-distant future be the owner of a printing establishment? He will be able to maintain a high degree of excellence wherever he is.

MARGIE JEAN VICKERS

Lucky are the students who will be taught by this little red-head in future years. However, we hate to think of wasting such a charming person on a bunch of unappreciative "children". Nevertheless, teaching is what Margie Jean plans to do after graduating from B. H. S. and Sam Houston State Teachers College.

DOROTHY WADE

This swell, amiable person plans to become a beauty operator. Just by looking at Dorothy, we can tell she practices what she will preach in the line of beauty. Her favorite sport is football, and she enjoys collecting post cards. Lots of luck to you, Dorothy.

MARY CAROLINE WALKER

It's useless even to try, in a space so small as this, to record the high opinion we have of our gracious senior class treasurer. We'll have to content ourselves with saying that she's as fine a girl as will ever enter the doors of this school. Intelligence, beauty, and sincerity are only a few of her sterling qualities.

DOROTHY LOIS WALLACE

This intelligent, short, brunette girl plans to further her education next year, but is in doubt as to where she will go. "Locky's" intense likes are "hoss operas" and "Lil' Abner". She takes an active part in the Molly Pitcher and other clubs and will always be an outstanding leader.

TOMMY WARD

Having had, for most of his high school career, a definite interest in a certain young lady, and having exemplified that type of student who persistently seeks to advance, it seems safe to prophesy that Tommy will no doubt reach his ambition. (What this ambition is Tommy has not deigned to say.) For him and his, his classmates wish continued health, success, and prosperity.

*Just glad
in saying that
to a sweet girl
Alma*

ALMA WELLS

This black-haired, brown-eyed beauty draws us to her with her quiet charm. Never has Alma been seen when she didn't look just fresh as a daisy and neat as a button. For three years she has fascinated everyone with those lovely long fingernails, and next year at Lamar, she'll probably just plain fascinate everyone.

JACQUELINE WHARTON *Hammer*

Jacqueline, one of our prettier hazel-eyed seniors, plans to follow stenographic work after her graduation from Beaumont High. Besides having a sweet and friendly disposition, she is very generous with her time and helps whenever and whomever she can. She was a member of the Royal Guards for three years. We wish you all the luck in the world, "Jackie".

JAMES WHITE

"Tickets, tickets." This is what James will be saying in years to come when he is conductor on a big streamlined train. On his days off, he will probably go hunting, since that's his favorite pastime. James is not going to college, since school is his pet peeve.

RUTH WHITLOCK *Sublett*

Practically exploding with personality, this young miss goes about B. H. S. making our stronger sex weaker, especially a tall, brunette senior. Brains, wit, looks, charm - - - do you want me to go on? Although small, Ruth has surely occupied a large place in the heart of B. H. S. We sincerely wish her the best of every thing!

WILBERT WHITTEN

Wilbert, whose hobby is woodwork, is going to be an aviator. He will go to Lamar and then to A. and M. His favorite sports are tennis and ice hockey, in both of which he has been active.

HIRAM WHITTINGTON

Drummer boy!!! And this is one boy who can really give on those drums. Hiram, that boy with the mischievous, contagious grin that we all like so much, insists that his dream is to pilot a Navy plane, but we're pretty sure he could give Gene Krupa some stiff competition. Anyway, all the luck in the world, Hiram.

JOY ALICE WICKER

Joy loves Home Ec. and plans to major in it if she goes to college next year. To top this off, she wants to be the foremost dietitian of the country. She has the ability to do it, and we know she can.

NORA GARVIS WIGGINS

Although "Red" came from Port Arthur last year, we love her anyway. She loves to dance more than anything else right now (and she is excellent at it), but some day we imagine she'll settle down, and, all we can say is "lucky fellow!"

MARTHA WILSON

This pretty little senior's ambition is to be a dress designer, and, as her hobby is drawing, we are sure she will succeed. Her favorite sport is football, though she likes all sports. Her pet peeves are bragging too much and two-faced people. She plans to attend Lamar and then Texas State College for Women.

VIRGINIA WOLFE

Virginia has a habit of "blossoming out" in some of the cutest clothes, invariably when everyone else is looking rather "down-at-the-heels". Add to this personality plus and naturally curly hair! What else could you ask for? Everyone hated it when Virginia moved to Austin, and we take this opportunity to say, "We surely do miss you."

ORVILLE WRIGHT *Killed Marine*

After he graduates here, Orville wants to go to Kilgore Junior College and then Baylor. If he were in the service, he would choose the air corps and plans to work in something of an aeronautical nature in the future. Orville has been a faithful member of the football team, and a swell addition to our campus.

HELEN YIANITSAS

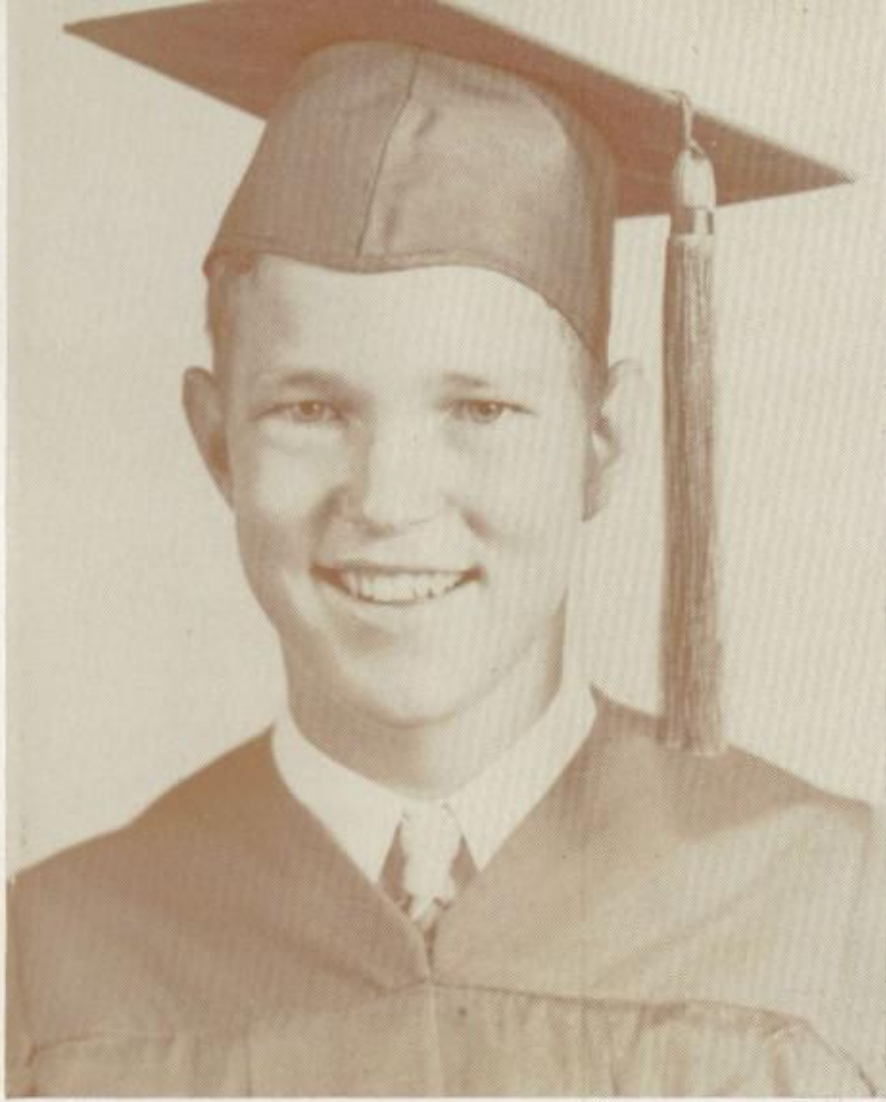

Helen is another of those girls who "trip the light fantastic", and she really has the technique. Helen believes in lots of fun such as movies, dances, singing, skating, etc., etc., and, incidentally, we know she will always be one to have the good times.

DUTCH ZERNIAL

Some day in the near future, if you happen to read about this engaging young fellow as having the highest batting average in the major leagues, don't be at all surprised. For his splendid record as one of the mighty Purple baseball players proves to us that he will go far in the right direction. Southern California is most fortunate to receive Dutch.

D I A R Y

Thursday, October 2—First senior class meeting is held to decide what color caps and gowns we would like to have. Attractive models showed us the gowns in purple and grey. They were Mary Caroline Walker, Jim Clark, and Joe Leggett.

Friday, October 3 — Big day for the special dawns, and students can't keep their minds on their studies. Pep rally helps promote the excitement. Beaumont loses 12-0.

Monday, October 6 — Blue Monday, students wander around sleepily recalling happy weekend.

Tuesday, October 7—An assembly was held with Reverend Joe Z Tower introducing three outstanding speakers who were members of the Christians and Jews Association.

Wednesday, October 8—Students are still "peggin'" away at their studies. It's still a little early, though, to tell how far one is going to get—in one direction or the other!

Thursday, October 9—A Columbus Day assembly was held in the auditorium, featuring a cantata sung by the mixed chorus. In recognition of Fire Prevention Week, three themes were read on that subject by Marjorie Bowers, Lamar Hart, and Mary Louise Alvis. To conclude the program, the Boys' Quartet

sang a humorous song, "The Reluctant Dragon."

Friday, October 10—Pep rally was held as usual before the Jacksonville game. Outstanding speaker was Coach Raymond Alford, who bolstered the spirits of the students and team.

Saturday, October 11—Beaumont loses to Jacksonville 19-0.

Monday, October 13—Walter Jenkins of Houston led a singing in assembly.

Tuesday, October 14 — Student Council have their pictures made for the Pine Burr.

Wednesday, October 15—Journalism class have their pictures made for the Pine Burr.

Thursday, October 16—The Pine Burr executives are still working hard on the bigger and better Pine Burr for 1942.

Friday, October 17—Pep rally before the Conroe game is held at 2:30 in the afternoon. Mr. Weinbaum gives an excellent pep talk, and Coaches Alford and Moyer introduce the team. However, the Purples are defeated again—19-0.

Tuesday, October 21—Student Council meets as usual. It is now well-organized.

Wednesday, October 22—The Student Council sells purple football pins in the home rooms.

D I A R Y

Friday, October 24—Pep rally is held at 2:30 again; everyone seems to approve. The football boys are defeated by the Goose Creek Ganders, but we are pleased anyway. The reason—we scored!!

Thursday, October 30—A clever Halloween assembly was put on with everything just like a party. The students and faculty bob for apples and even get their fortunes told.

Friday, October 31—Three big events all in one day: Halloween, school dismisses early for Fair, and special to Orange. Purples defeated.

Monday, November 3—Students return from week-end of fun at the Fair.

Tuesday, November 4—Student Council has meeting and decides to have members encourage students in each home room to join the Red Cross.

Wednesday, November 5—Students study harder for quarterly exams. They try to make up for lost time but give it up as hopeless.

Thursday, November 6—B. H. S. News is issued; journalism staff has improved in their work.

Friday, November 7—Pep rally held at 2:15 before the Galveston game which was played Saturday afternoon. Beaumont High scores for the second time, but can't seem to score more than once a game. Orchids to Jack Shofner who ran 96 yards for the touchdown. Score was 30-7.

Monday, November 10—Monday again. That fatal day draws nearer on which report cards will be issued. The Fair is gone, leaving everyone broke.

Tuesday, November 11—Armistice day and a holiday—whoopee!! Too bad we have to go to school at all.

Wednesday, November 12—Oh, unhappy day! Those potent little yellow cards are given out. Tough luck to those who didn't study the first quarter. May this be a lesson to you.

Thursday, November 13—Educational Week is recognized by an assembly put on by the speech department. "Our Home" was the play which followed the same lines as "Our Town."

Friday, November 14—"Beat South Park" is echoed in the corridors of B. H. S. a thousand times. Pep rally is held, and students are given a pep talk by Raymond Alford. Happy days are here again! Beaumont whips S. P. 8-6 in a mighty battle!

Monday, November 17—Old Golf Club Drive is started for the purpose of securing golf clubs for the schools.

Wednesday, November 19—Quarter ends, and students try to persuade parents that "D" stands for "dandy."

Thursday, November 20 } Holidays for Beau-
Friday, November 21 } mont school children while the teachers attend the teachers' meeting in Houston.

Monday, November 24—Orders for senior rings are being taken and will be in sometime in January. Different from all others in previous years, '42 graduates are very lucky to get such pretty ones.

Wednesday, November 26—Pep rally before the Jackets-Purples annual Thanksgiving day classic. The highlight of the program was the singing of a song composed by Marcene McDonald, Carroll Hunter, Betty McKee, Dorothy Galloway, and Willian Holland. These five and nine others sang the song, dedicating it to the active players in the S. P. - B. H. S. game.

Thursday, November 27—Thanksgiving, holiday, and Beaumont-Port Arthur game all rolled into one glorious day. For the first time since 1934, B. H. S. defeated P. A. on P. A.'s field!

Sports

FOOTBALL

Although these boys of Beaumont High's 1941 football team met with much hard luck and failed many times to bring home the bacon, they were just about the hardest fighting and best spirited bunch of boys that ever composed a Royal Purple pigskin squad. The fact that they failed to win the district title was more than easily forgotten when they afforded us two of the most exciting games we have ever witnessed; they were the first Royal Purple team since 1938 to beat South Park, and our first team in ten long years to defeat Port Arthur on Turkey Day. Yes, we are proud of this team.

Athens

James Johnson received the ball for the Royal Purples to open the 1941 season. After the first play the Hornets took possession of the ball because of a fumble, scoring within six plays from the Purples' 21. A pass accounted for the extra point. Johnson, Cascio, and Davidson continued a drive after the kickoff to the Athens' 18 where the ball was lost on downs. During the second quarter the Purples started another drive on their own 23 and ended on the Hornets' 1, where LaRue kicked the Hornets out of danger. The air was filled with Purple passes during the third quarter in which time the Athens' goal was again threatened. But a Beaumont fumble on Athens' goal line led to another Horner attack and touchdown.

1. Athens tries for extra point.
2. Davidson around right end.

Lufkin

During the first quarter it seemed to be anybody's game, but for the rest of the contest Lufkin overpowered Beaumont. Lufkin's first score was made in the second quarter when the Panthers started a drive from the Purples' 48. The try for extra point was good. Lufkin again received the ball and within six plays had made another touchdown and extra point. The Purples took the ball to the Panthers' 45 where they lost it, and there Lufkin started another drive again scoring and making good the conversion. The Panthers' last tally came when Hughes intercepted a Purple pass and sped 35 yards for pay dirt. The try for extra point failed.

3. Cascio is bulldogged.
4. Cascio hits the line.

Stephen F. Austin

A crowd of Beaumont fans, who went on a special train to Buffalo Stadium in Houston watched the Royal Purples lose this third game of the season in a sea of mud. Austin's first touchdown was made in the fourth play of the game by Dewey Helcamp who galloped 52 yards to the goal stripe. Late in the fourth quarter a Beaumont pass was intercepted on the Purples' goal line to account for Austin's other touchdown. Only once did the Royal Purples threaten the Mustangs' goal when in the third quarter passes carried them to Austin's 15.

5. Touchdown bound.
6. Shofner is a trifle muddy.

Jacksonville

The Jacksonville Indians carried away an 18 to 0 victory over the Royal Purples in Beaumont's fourth game of the season. The Purples threatened twice in the first quarter, and it seemed as if it would be the Purples' game. Sparks once carried the ball as far as the Indians' 4 yard line, and Danna carried it again to the 1. But both tries failed because of fumbles. Womack of Jacksonville managed to get on the loose and scatted 70 yards for the first score. Beaumont's only threat in the third period was a 48 yard run by Shofner. However, the Indians again took over and made another score on passes. The Indians' Womack again got loose in the fourth quarter and galloped 63 yards for the final score.

7. Roy's going somewhere.
8. Sparks ploughs through Jacksonville line.

Conroe

For the first few minutes of the first quarter it seemed to be all Beaumont's game with Sparks and Davidson leading the attack. But Davidson fumbled a punt on the 30, and after that it was Conroe's game. In the second quarter Conroe took to the air and made their first score; the second was made by Crow in the third quarter, who raced 54 yards to the goal. In the last period the Tigers began another drive which resulted in another touchdown and conversion.

1. Bulldog ready for the kill.
2. Get him, Shof, Roy, and Charlie!

Goose Creek

In this game Beaumont broke its scoreless jinx when Charlie Danna crossed the Ganders' goal line in the fourth quarter, although they were defeated 33 to 7. The Purples were strong defensively the first quarter, but fell down both defensively and offensively until the middle of the last period when they began playing fine ball. The Ganders scored in the second and third quarters. Charlie Danna carried the ball over from the Ganders' 4 near the end of the game for the first Purple touchdown of the year. Jerry Johnson added the extra point.

3. Davidson avoids the Ganders.
4. Roy tried hard—uh.

Orange

For the first time in twenty years a Beaumont High team was defeated by an Orange team, led by Macfarland and Prince, by a score of 12 to 0. Both touchdowns were made by passes in the first and second quarters. The Royal Purples managed to hold the Tigers for the rest of the game, and at the very last even seemed to be goalward bound but could not keep it up long enough to score.

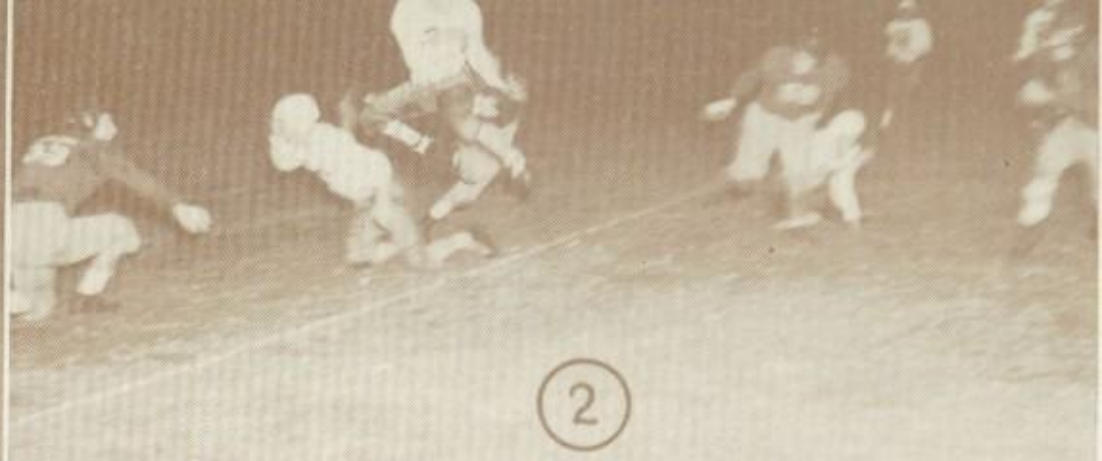

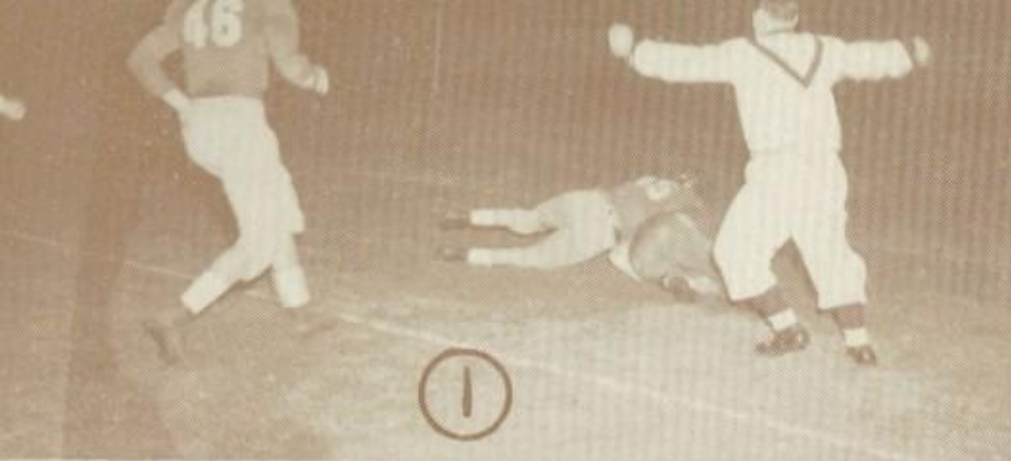

5. Macfarland of Orange hits the line.
6. Prince of Orange returns punt.

Galveston

This year Galveston beat Beaumont for the first time in 21 years by a score of 30 to 7. For the first three quarters, however, the game was fairly even, until the last quarter when the Tors scored three times. The only bright spot of the afternoon for the Purples came in the fourth quarter also, when Jack Shofner received the ball on his own 4 and raced 96 yards for the score.

7. Stretch high for that ball, Shof.
8. Hold these Tors, boys!

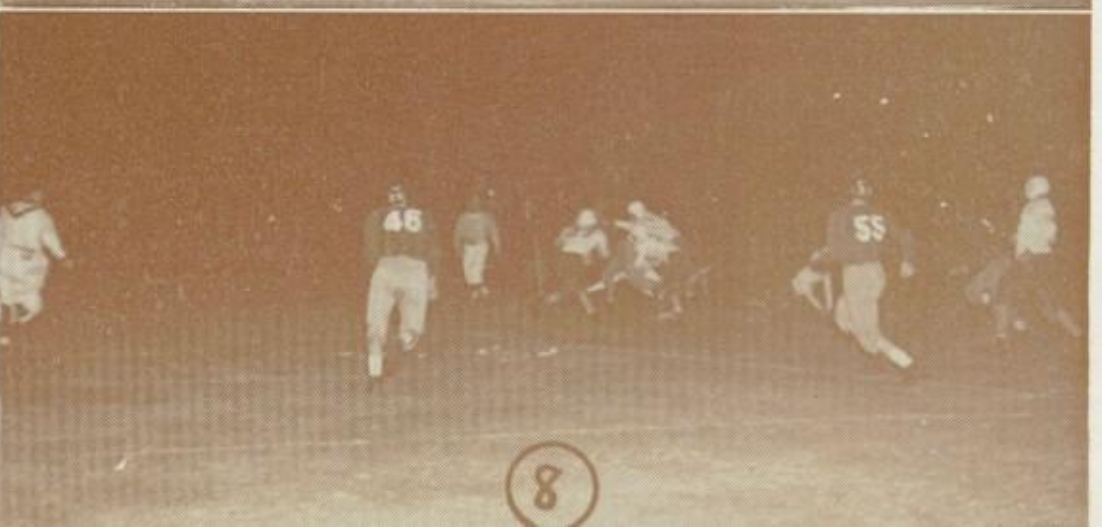

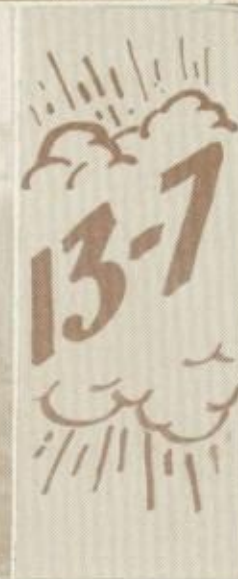

Beaumont vs. South Park

For the first time in the 1941 season the Beaumont Royal Purples were at their best, ready to meet their cross-town rival South Park. They were really out to win! South Park kicked off to the Purples to start the game, with Sparks fumbling on the 40 and South Park recovering. The Purples held, and French kicked to the Beaumont 9. Here is where Beaumont started. Runs by Sparks, Shofner, Davidson, and a long pass from Sparks to Henderson took the Purple team to the Greenies' 9. Sparks made three attempts at right guard and was over for the score on the third, but failed to convert, making the score 6 to 0. In the second quarter

South Park came back, completing passes right and left until Perry took it over from the 1. The try for extra point was not good, tying the score 6 to 6. After the half the Greenies were caught on their own 8, where an attempted punt by French was blocked by Sparks and covered behind the Greenies' goal by McKinley of South Park, giving Beaumont a 2 point lead which they meant to keep. For the rest of the game the air was filled with passes, the ball changed hands many times, and South Park came within 12 yards of the Purples' goal. But the Purples were determined to keep the 8 to 6 lead, and they did.

Beaumont vs. Port Arthur

The Beaumont High Royal Purples made up for all previous losses this year by defeating the Port Arthur Yellow Jackets, the first team to do so in ten turkey days, in as exciting a game as we have ever witnessed. A pass from Sparks to Davidson and a history-making run by Jack Shofner accounted for the two touchdowns.

Beaumont received the kick-off, and, after one of Sparks' punts was blocked on his own 37, the Yellow Jackets took over and in several tries made the score 7 to 0. For the rest of the half both teams held their own.

The Purples returned to the field at the beginning of the second period a revised team. With the ball down in Jacket territory, Sparks passed one to Cascio for a would-be touchdown, except for the fact that the head-linesman ruled that Cascio's knee had touched the ground.

The third quarter opened in favor of Beaumont. With the ball on the Jacket 45, Sparks began passing until Davidson caught one near the left side-line, ran over several would-be tacklers, and was over for the score. The try for the extra point failed, making the score 7 to 6. Port Arthur began another drive which was stopped when Keen covered a fumble on the Purple 12.

With only five minutes to play, the Beaumont fans were begging for 6 points, even 2 points. Very unexpectedly, fleet-footed Shofner received a punt from Zoch, dodged several tacklers, picked out his interference, and scatted 83 yards for the winning touchdown. The crowd went wild. Sparks place-kicked for the extra point. Score 13 to 7. For five of the largest minutes we have ever spent, we waited for the gun. It came! Beaumont had beaten Port Arthur!

BASKETBALL SUMMARY OF 1942

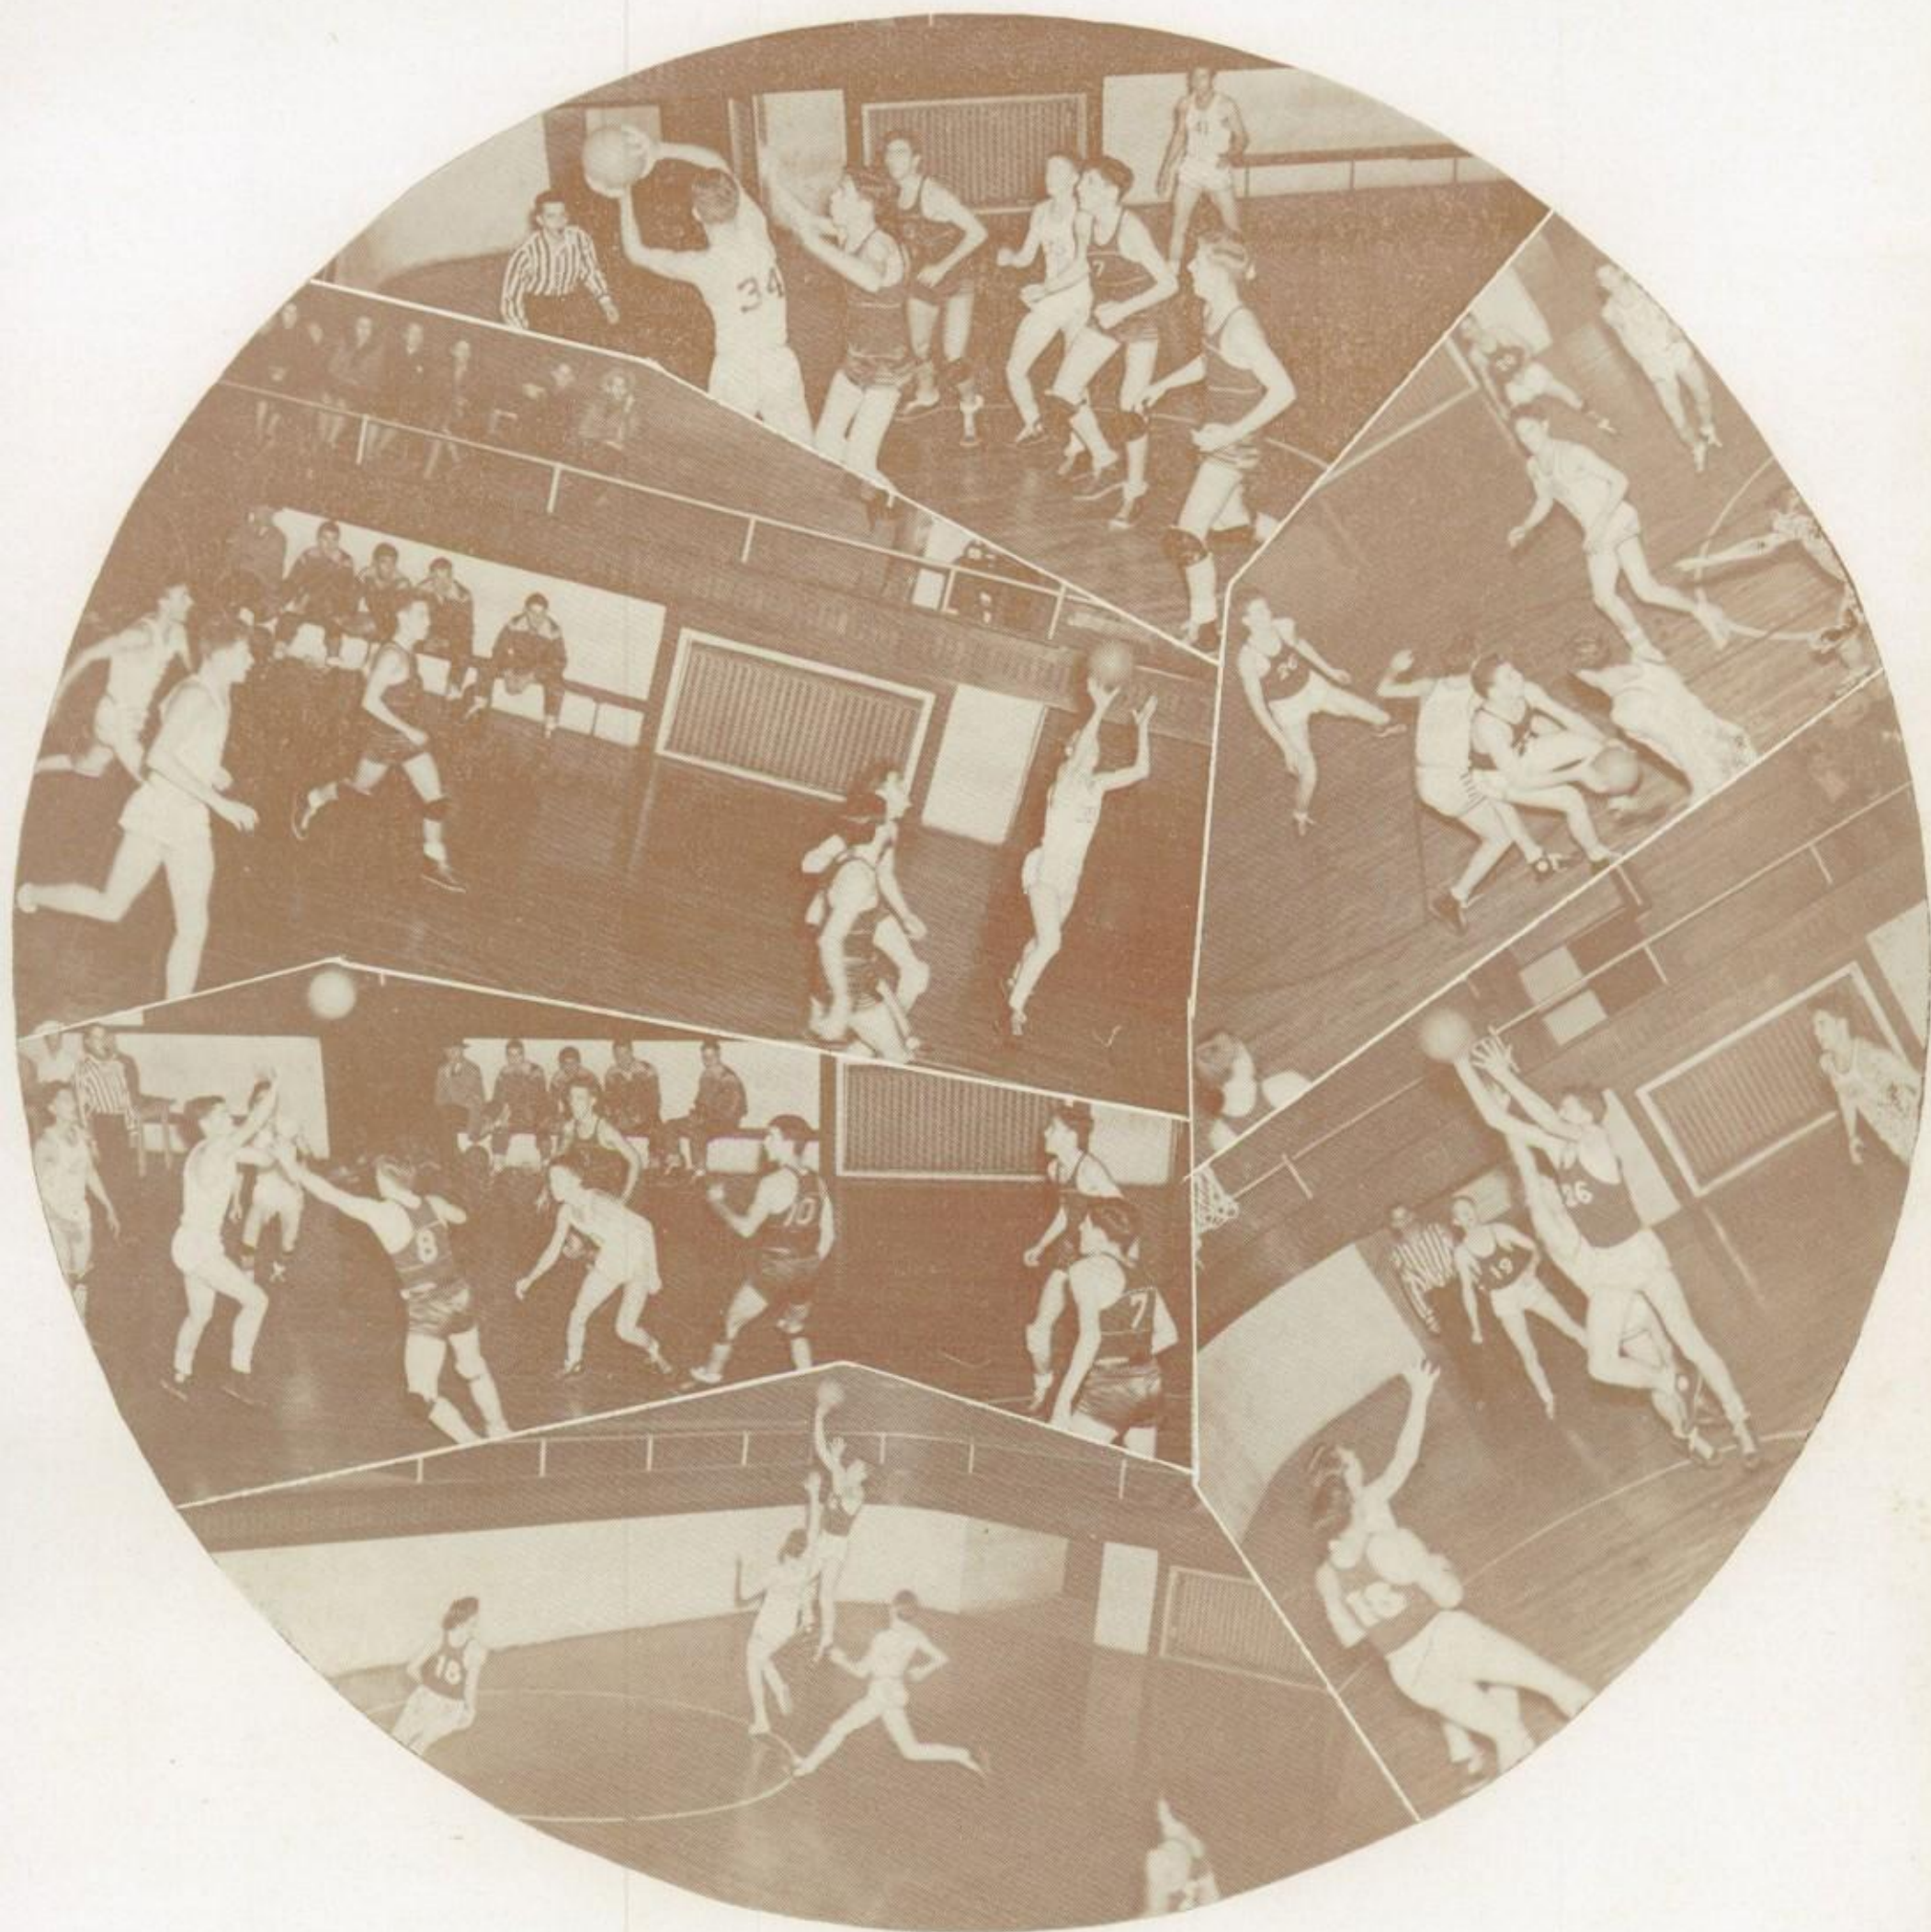

The Beaumont High Royal Purples started off the season this year by attending the Conroe tournament at Conroe, losing 3 out of 4, and winning the Galveston game.

The cage team then entered the city league. They carried away victories over French and St. Anthony, but failed to beat the South Park Greenies in one of the most exciting games of the year. In this particular game there were two overtime periods with the Greenies finally winning out with a 43-41

score. Consequently, they failed to win the city league; South Park doing so.

Galveston was the first team that the Purples met in the District play-off, defeating them 21-19. They continued this good playing throughout the rest of the year, being defeated by South Park and Port Arthur only. At one time the Purples had a chance to become district champions when Charles Wright made a winning shot against Port Arthur in an overtime period; but the Jackets won their remaining games, making themselves champions.

TRACK

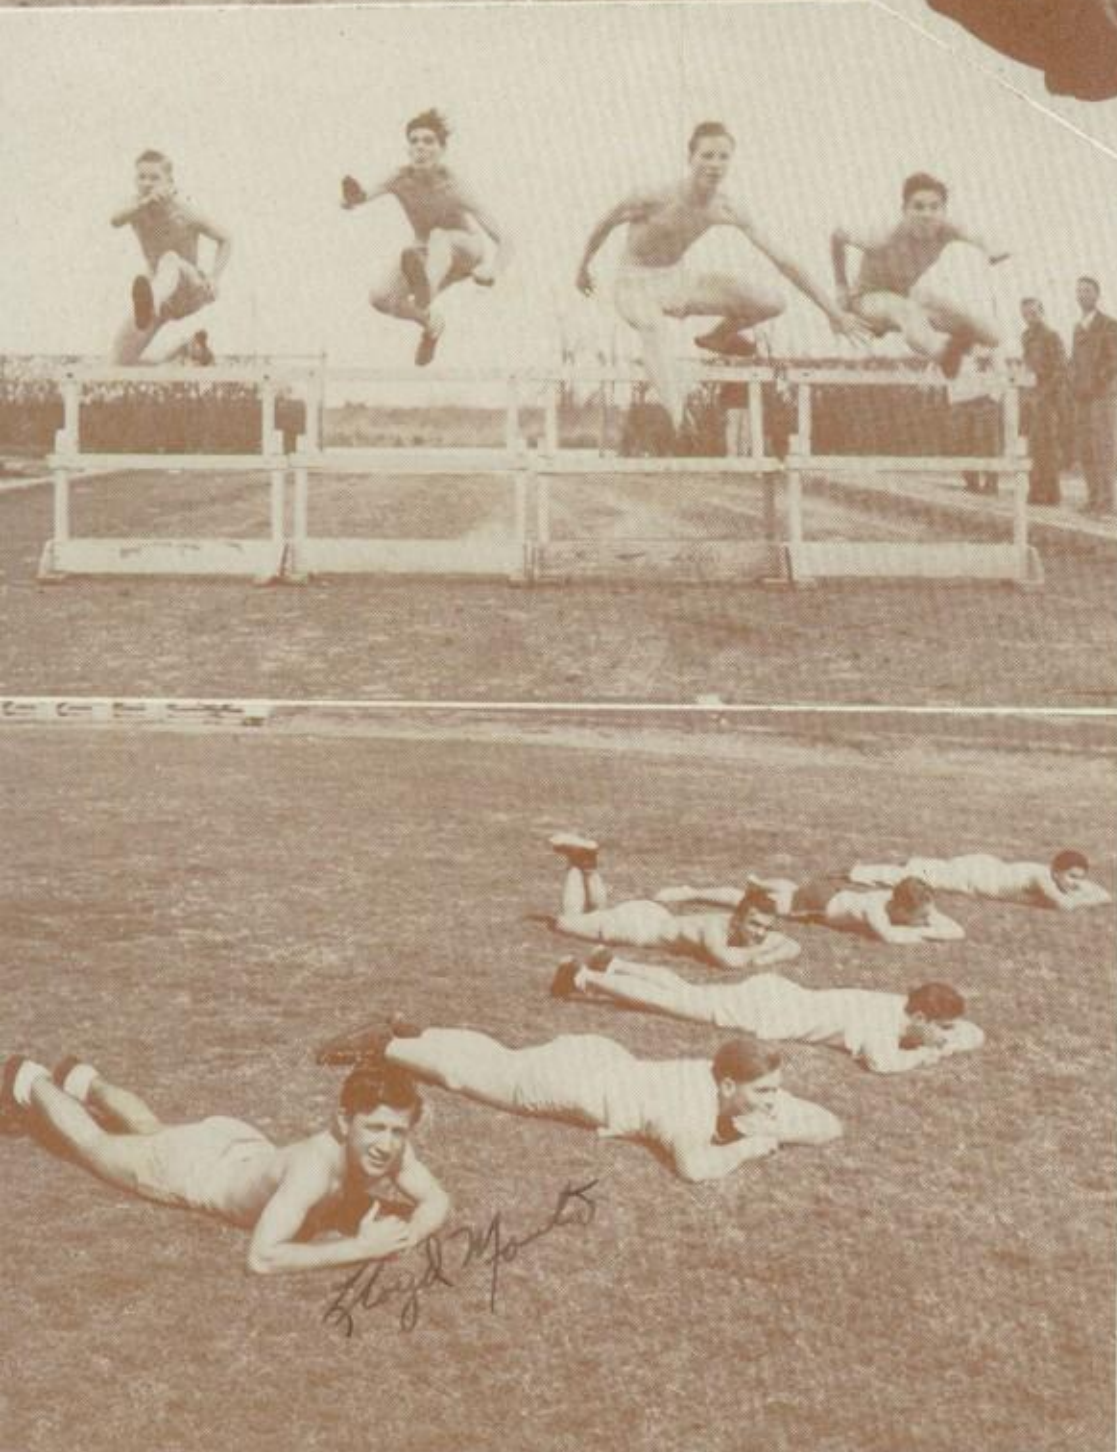

Beaumont proved to have the best track team in District 20 this year when for the first time in twelve years they defeated all teams competing in the District meet on Saturday, April 12. Lead by fleet-footed Pete Zummo and weight-expert Jerry Johnson, the Purples captured the meet with a $65\frac{1}{2}$ point score over a $36\frac{1}{2}$ score made by the runners-up, Port Arthur.

Our boys won seven first places; these being won by Pete Zummo in the 100 yard and 220 yard dashes; Jerry

Billy Howell

Forrest Moore

Johnson in the discus; Vincent Leone in the 880 run; Bobby Simmonds in the 200 yard low hurdles; Davidson, Godkin, Cascio, and Zummo in the 440 yard relay; Cascio, Moore, Douglas, and Leone in the mile relay. Various second, third and fourth places were won by the Purples in all events.

Boys on the track team and the number of years they have lettered are as follows: Vincent Leone, 3; Jerry Johnson, 2; I. D. Sparks, 3; Roy Davidson, 2; Jerry Godkin, 2; Bowen Douglas, 1; Forrest Moore, 1; Anthony Cascio, 1; Pete Zummo, 1; Dick Holtby, 1; Harley Keen, 1; Don Finberg, 1; Rodney Duron, 1; Harold Selman, 1; Bobby Simmonds, 1. Billy Howell, 1; Edwin Robinson, 1.

BOYS' SPORTS

This year Raymond Moyer and Moody Pickett, working with Raymond Alford, started the year off with intramural football games with each class divided into several teams.

At the close of the football season the United States was thrust into the war. Feeling it was the duty of Beaumont High, the coaches immediately organized a voluntary Student Military

Training Corps. In this organization the boys are given instruction in military drills and first-aid. Besides getting the boys prepared for an emergency, it also gives them healthful outdoor exercise.

A couple of days a week, the boys are excused from their training to engage in various sports such as tennis, baseball, basketball, and horseshoe pitching.

Besides these activities hardball teams have been formed. The games are played after school.

GIRLS' SPORTS

Under the leadership of Miss Lois Blanchette and Miss Winnifred Turner, the girls in the physical education classes have been given a well-rounded athletic and health course this year.

The girls engage in all major sports: tennis, softball, basketball, volley ball, and track events.

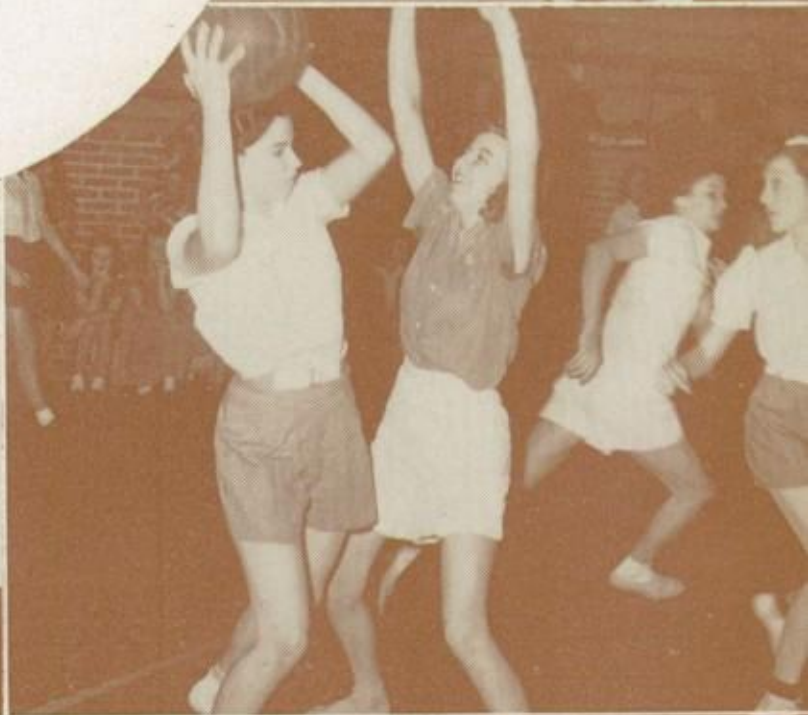

The classes are divided into teams which compete in all these events. Class champions are chosen, which in turn compete after school, deciding the school champions.

The girls were given a thorough first-aid course this year. This course fell right in line with the anatomy of the body and health course.

Corresponding with the boys' physical education, the girls are also given military training.

The best of
luck to you
always.
Lloyd Mouton

BASEBALL

Although the schedule of the B.H.S. baseball team has not been completed in time to be printed in this book, we are sure that the success of this club will equal that of last year's. As you all know, that team went to the state meet.

Lloyd Mouton

With Block, Scurlock, Hauver, and Motley returning from that team, and with several newcomers, the B.H.S. nine is swiftly rounding into shape. But don't think they have an easy job ahead of them, for they will have to play against teams with more experience.

Although the starting line-up had not been announced when the Pine Burr went to press, it will probably be drawn from the following:

Wiggins, Block, catchers; Mouton, Jones, Switzer, pitchers; F. Randall, T. LaRousse, DuBois, Hauver, Sudduth, Litherland, Motley, Duron, infielders; Smith, Weinbaum, Scurlock, Davidson, W. Johnson, Tower, outfielders.

Coaches are Raymond Alford and Moody Pickett.

CHEER LEADERS

The student body this year had more pep and vigor than ever before. The chief reason for this was as fine a bunch of cheer leaders as Beaumont High School has ever seen.

Little Joe Litherland (little in body, not in voice) served very well as head cheer leader. His voice could always be heard above all, and he knew which yells and songs to call for at all times. Not only his but also the pep and school spirit of Jim Kelly, Billy Howell, Betty McKee, William Holland, and Jane Adams, stirred the student body into heart-felt yelling and singing at all pep rallies and football games.

Although the football team met with eight defeats in a row, these cheerleaders never let them down. Instead they gave the student body more and more school spirit until by the time of the South Park and Port Arthur games they were behind the team 100%.

Hats off to the 1941 cheerleaders.

It has been one of my greatest pleasures to go through eleven grades with you. But wishes always to a swell dance!
Billy Howell

*Best of luck to a swell girl,
Joe Litherland*

D I A R Y

Friday, November 28—Holiday!

Monday, December 1 — B. H. S. students celebrate the Thanksgiving day victory with a holiday.

Tuesday, December 2—Students appear at school weary, but happy, over a wonderful weekend.

Thursday, December 4—An interesting assembly was held with the Pine Burr presenting a large picture of the '41 team to the team and coaches. Pete Sublett acted for the P. B. Other presentations were made to the three coaches from the football squad. Presentation speeches were made by "Punk" Nobles and Bill Pugh. Climax of the program was a preview of the Junior Class play.

Friday, December 5—Junior Class play was held in the auditorium at 8 P. M. New discoveries for acting ability are found in Betty Etheredge and Pat Wortman. Proceeds go to putting on the Junior-Senior prom.

MONDAY, DECEMBER 8—*United States declares war on Japan after the bombing of Pearl Harbor. Students are quite subdued, and everyone listens to the President's speech with concern.*

Tuesday, December 9—Joe O'Fiel, Ben Bolton, Willard Bellow, Jack Beard, Floyd Thompson, and many other boys in B.H.S. enlist in some branch of the country's armed services.

Wednesday, December 10—Defense stamps are being sold in the home rooms, and students patronize their student council representatives extensively.

Thursday, December 11—"Safety for the Defense of B. H. S." is the theme for the assembly program put on by the Molly Pitcher Club and Miss Lois Cunningham's Comp. 3 class. Outstanding feature of the program was the presentation of a safety flag to the school from the Molly Pitchers.

Monday, December 15—City tournament opens tonight with Beaumont High's basketball team playing French. French wins with a score of 22-27.

Tuesday, December 16—Beaumont High Band appears on the Jefferson stage for the purpose of raising money for various activities. Ticket sales gave band \$71.

Thursday, December 18—"Dust of the Road" presented in assembly by Miss Iline Fife's dramatic class. Main characters in the play were Jack Shofner, Virginia Pipkin, Mildred Parish, and Mary Bond Campbell.

Monday, December 22—Students get ready for holidays. "Do your Xmas shopping early, avoid the rush," is everyone's motto. What to buy your girl or boy friend is the puzzling question. Miss "B" is a regular bureau of information concerning what to give whom.

Tuesday, December 23 — School dismisses at noon. The majority of the morning was taken up with the Christmas program put on by the music department. Outstanding features on the program were songs sung by the mixed and the girls' chorus. The orchestra contributed several beautiful numbers also.

Monday, January 5 — School has begun again after 10 blissful holidays. Weary eyes, open mouths, and added weight gives evidence of late hours and enormous appetites.

Tuesday, January 6 — New Year's Resolutions are circulating around school. Most of them concern exams which are due in a few weeks. Purple cage team defeats Galveston 21-19.

Friday, January 9—Purples lose to South Park in a hard-fought battle, 36-26. In assembly Buddy Savage gives students a talk on air raid alarms, an all important subject at present.

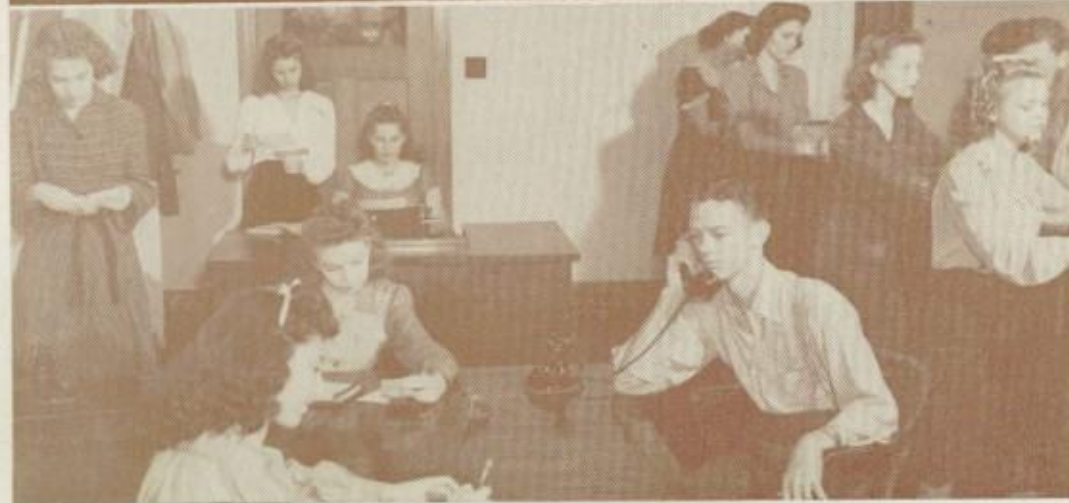

Activities

OFFICE ASSISTANTS

The office workers are a group of students who devote their study periods to service of Mr. Ferguson, Mr. Smith, Mr. Cariker, and Miss Andrews. They do odd jobs about the office, run errands, collect attendance sheets and everything else that's expected of an office assistant.

This year's staff of office workers have proved their efficiency and willingness to be of real service by working diligently at the tasks assigned them. These tasks aren't always easy. One must work among the office assistants to really appreciate the hard work that these school-minded students devote an hour to each day.

CAFETERIA OPERATORS

The cafeteria staff measured up to its usual standards of excellency this year, by preparing wholesome, tasty food for the students of Beaumont High. Mrs. Bryan headed the cafeteria staff and was always on the job.

In spite of the war, the various shortages, and steady rise of prices, a well balanced meal could be had by the student for a surprisingly low price.

It's hard to realize the difficulty of preparing food in large quantities and still preserving its tastiness. But despite such difficulties, our most able cafeteria staff prepared food that was good, and good for us.

BAND

The Royal Purple Band, a semi-military unit, has been a credit to its school this year as it has in its past twenty-two years of existence.

The band backed the Beaumont High athletic teams by playing and marching at every football game in which its team participated during the 'forty-one season, by playing at several basketball games, and by playing at all pep rallies.

The band played for several assembly programs, gave several outside concerts, and marched in several parades. Among the band's many public appearances were a concert given at the Jefferson Theatre, of which part of the proceeds went to the band, and a concert for the Gene Autry Rodeo at the Houston Fat Stock Show.

Most of the credit for the band's successful season goes to its excellent and well-liked director, Mr. Myron Guither, who is a hard worker and an accomplished musician. Mr. Guither was very ably aided by an officer's staff headed by its efficient captain, Harold Richey.

The band is proud of its accomplishments and of its service to the school and the community.

DR. LENA MILAM
Director

The Beaumont High School Orchestra, under the direction of Dr. Lena Milam, has contributed to many enjoyable assembly programs, including a Christmas Community concert and a concert of their own at the close of the year. They have also played for several other programs.

The Milam Sextette played for teas, clubs, conventions, and banquets. They were well received everywhere they went.

Nina McNeill, Beverly Faber, Dorothy L. Wallace, A. W. Lenoir, Anne McNeill, and Mary Ann Glass have done much to increase the interest of the students in fine music.

GIRL'S CHORUS

The Girls' Chorus under the splendid leadership of Mrs. Littmann is recognized as one of the best in this part of the state. When 150 young voices sing in three or four parts, it is truly inspiring. Among other things the girls presented a Columbus Cantata with the Boys' Chorus, and a Christmas program in assembly. They sang under Dr. Bain at the T. S. C. S. in the All-State High School Chorus. Also they sang for the Rotary Club, Kiwanis convention, and for the Woman's Club Music Department. Members of the chorus entered in the State Contest in the solo division.

BOY'S CHORUS

*part of luck

The Boys' Chorus is a new organization in B. H. S., but has proved very popular, for everyone likes to hear 50 male voices blending in melody as only Mrs. Littmann can produce. The boys have sung for assembly on numerous occasions including the Columbus Day Program and Christmas Program. They also participated in outside programs and were received everywhere with enthusiasm.

A boys' quartet, composed of some of the

chorus members, has also proved popular and has sung for several pep rallies.

THE MIXED ENSEMBLE

This Ensemble is a picked group of girls and boys from the chorus. It was formed, to take the place of the entire chorus when the whole chorus is not necessary. The en-

semble, consisting of a few of the talented singers of the Beaumont High Chorus has had a very good year and has done much to promote a better appreciation of music.

EUTERPIAN CLUB

The Euterpian Club draws its membership from Mrs. Littmann's and Mrs. Milam's music classes. This organization meets twice a month. At these meetings they have a musical program or discussions about music.

OFFICERS

Mary Ann Hay, President; Jo Pick Fulbright, Vice-President; Margie Santangelo, Secretary and Treasurer; Patricia Birden, Dorothy Laden, Librarians.

MEMBERS

Opal Duhon, Mildred Galatian, George Ann McCune, Dorothy Lois Wallace, Mary Ann Glass, Rose Marie Musick, Anna Mae Deaton, Glenda Havard, Wynne Bennett.

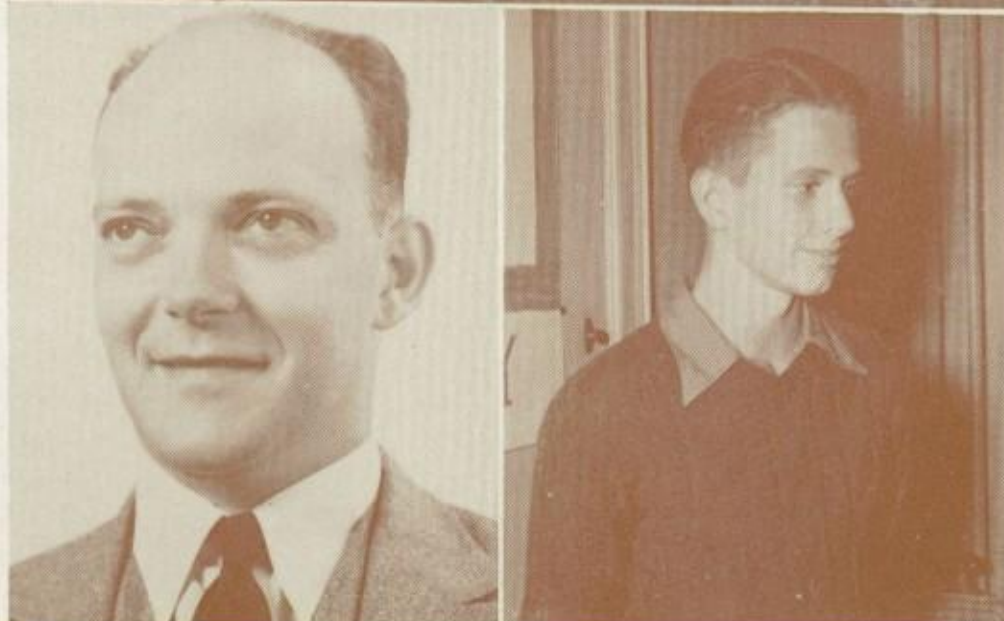

AEOLIAN CLUB

The social organization of the chorus is the Aeolian Club. All members of the boys' and girls' chorus are eligible, and enjoy such activities as banquets, picnics, and dances. This is the largest social club of the school, having about two hundred members. Mrs. Littman is sponsor.

OFFICERS

Archie Rogers, President; Billy Howell, Vice-President; Sue Switzer, Secretary; Jo Pick Fulbright, treasurer; Patricia Birden, Floyd Keeney, Reporters.

This is the first appearance of the B. H. S. Hi-Y Club in the Pine Burr. This organization was formed under the sponsorship of W. R. Atkinson for the purpose of promoting Christian fellowship among the boys of this school.

They met every week. Carroll Phillips presided over these meetings. Their activities were many, including the distribution of booklets containing subjects vital to everybody, the organization of a basketball team which won the city Hi-Y League Championship, and many functions to promote the welfare of the community.

OFFICERS

W. R. Atkinson, Sponsor; Carroll Phillips, President; Dave Sanford, Vice-President; Gilbert Magee, Secretary; Joe Litherland, Treasurer; Paul Martin, Sergeant-at-arms; Joe Johnson, Constitution Committee; John Tower, Advisory Committee.

MEMBERS

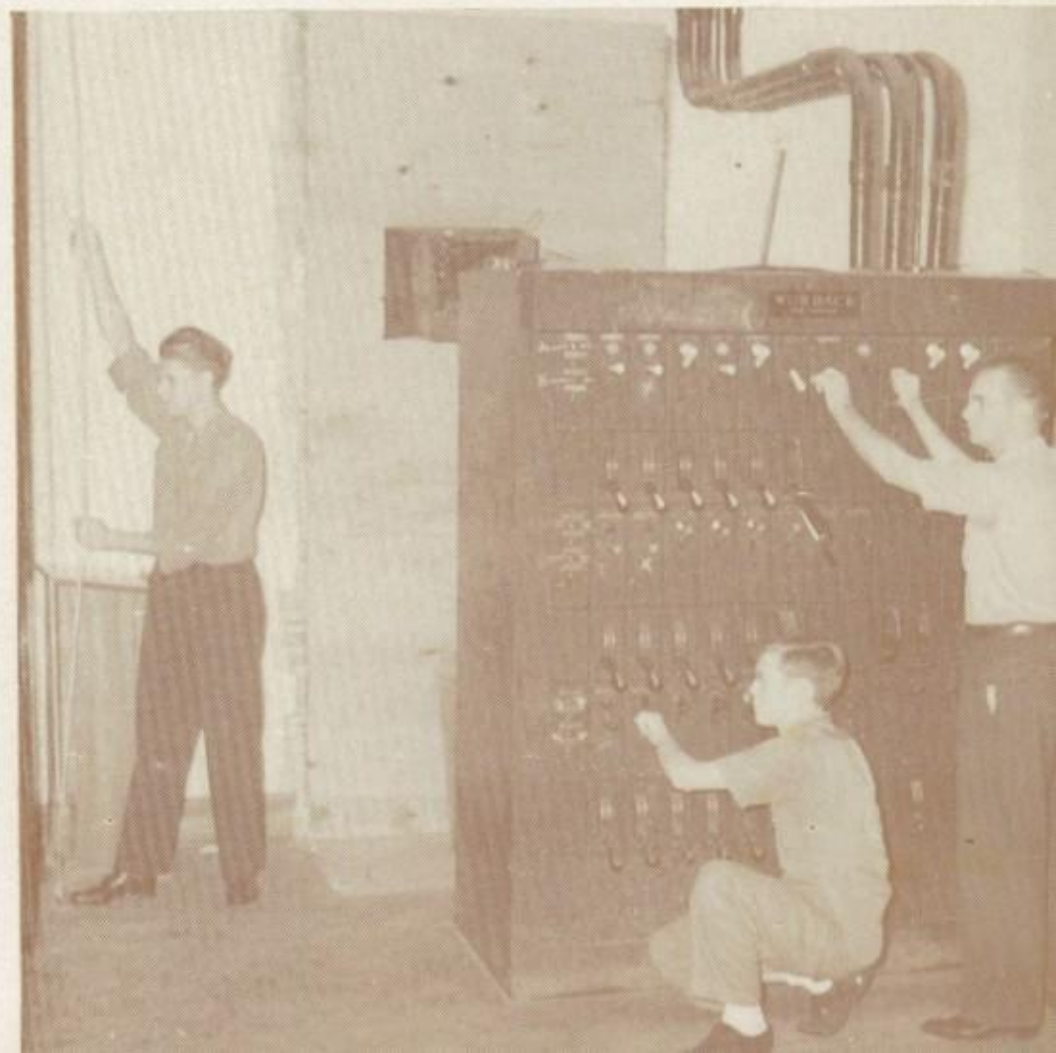

Jimmie Bell, Pat Blair, Dave Sanford, David Switzer, John Tower, Gene Yarbrough, Wayne Blackburn, Charles Shaffer, Travis Valentine, Jack Wheat, W. B. Conn, Lamar Hart, Bobby Winkler, Donald Dixon, Bruce Dodd, Charles Goodman, Clay Krames, William Mitchell, Harry Campbell, Anthony Cascio, Jim Clark, Dick Collins, Boyd Como, Roy Davidson, Venoy Ford, Tommy Herrington, Joe Johnson, Vincent Leone, Joe Litherland, Jerry Logan, Gilbert Magee, Paul Martin, Robert Newnam, Carroll Phillips.

STAGE TECHNICIANS

The unheralded hero of the play and assembly program is the man backstage who operates the lights and curtains, rearranges settings, and changes sets between scenes. The stage hand comes to all rehearsals whether they be after school or at night. He has to be the first one there and the last one to leave. He works without recognition or glory. Upon him depends the success or failure of many assembly programs.

Our stage technicians for 'forty-one and 'forty-two have served their school faithfully. They have done all that has been expected of them and more. They will go down in Beaumont High stage history as one of the most cooperative and efficient backstage staffs the school has ever had.

Left to right: Walter Lyons, Jim Kelly, Walter Scarborough.

BAND PARENTS

The Band Parents Club is composed of the parents of the Beaumont High School Band members. This organization has done much for the Band and for the school. It meets every month. At these meetings they plan ways to help the Band and to raise money for it. Among activities they sponsored were a dance for the members, and at the end of the year a banquet in honor of the band students.

OFFICERS OF BAND PARENTS' CLUB

Mrs. Roy H. Galatian, President; Mrs. W. A. Whitten, Vice-President; Mrs. Leo Gordon, Secretary; Mrs. F. O. Douglas, Treasurer.

MIMEOGRAPH OPERATORS

Playing a large part in a teacher's and pupil's life are the mimeograph operators, who, with the help of Mrs. Parish, make cuts and produce all the tests and outlines, etc., that are essential to any school.

They have worked hard all year and deserve all the credit we can give them.

These appreciated students are Robert Love, Ruth Eldridge, Ernestine Hall, Gloria Sterling, and Maxine Brown.

JUNIOR TEXAS HISTORIANS

The Noah Tevis Chapter of the Texas Historians started the school year by electing Hilton Sutton president. Many new members were brought into the organization at this meeting. Mrs. Mary O'Rourke Whitaker ably sponsored the organization which completes its second year of existence this spring.

In the spring of 1941 the historians started a Texana Library in our high school library. This year the club contributed several books and magazines to it.

At the January meeting a special committee was formed to collect and put into book form, material on Jefferson County. In February, Mr. Dean Tevis of the Enterprise made a talk on Jefferson County. The historians also planned a trip to several places of historical interest.

MEMBERS OF TEXAS HISTORIANS

ROYAL

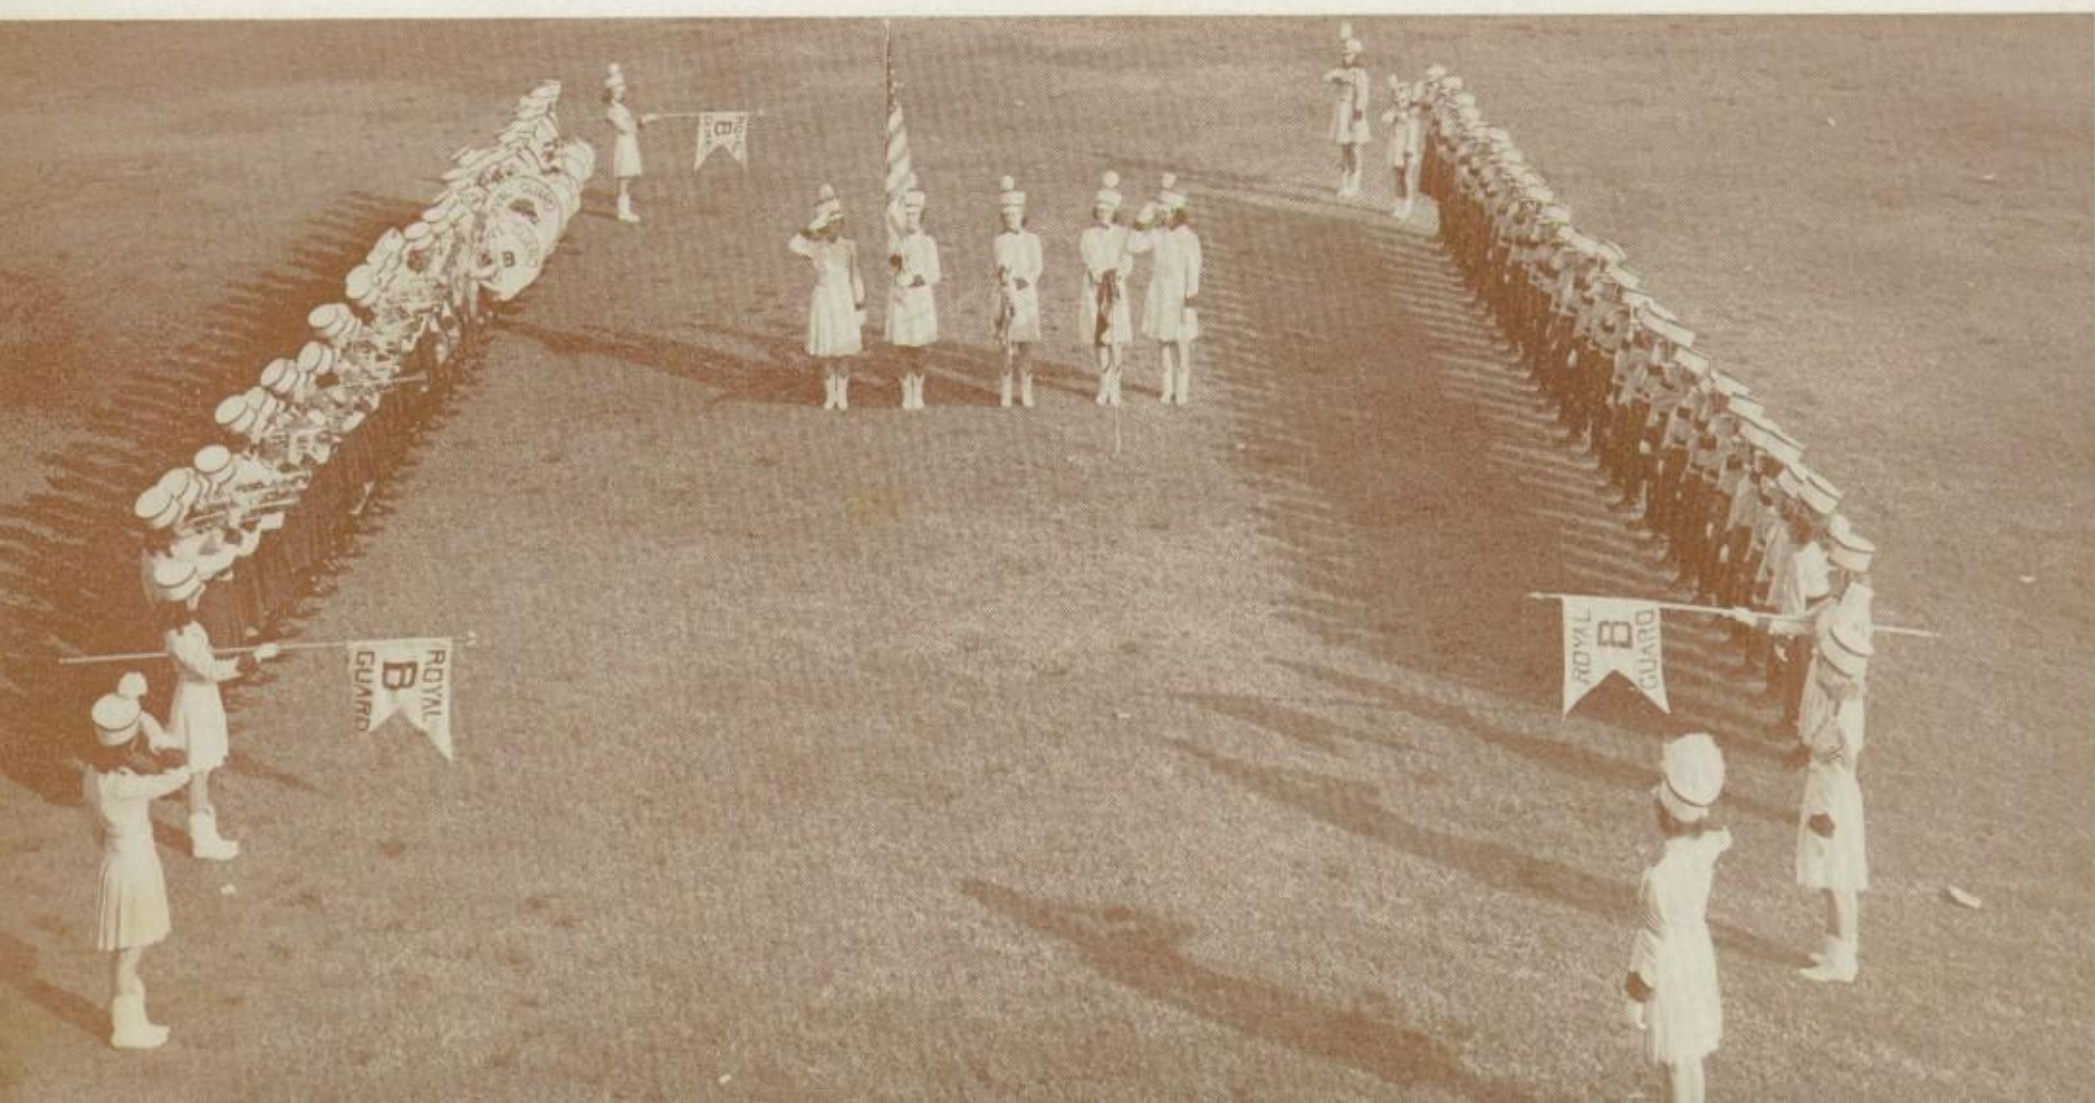

Five downtown parades, eleven field parades, a trip to Houston and Orange have all seen the colorful Royal Guards, 120 girls who have faithfully and loyally supported the Purples "win or lose". Under the leadership of Elaine Hinote, Captain, these high-stepping guards have smiled at defeat and cheered at victory.

During the half, in their uniforms of purple and white, they have dazzled the spectators with their amazing drills, an outstanding one being "L" for loyalty to Beaumont High School. Speaking of loyalty, these girls have drilled through the season's hottest days, coldest days, rainiest days and windiest days with only one thought ahead of them, that was to find a way to serve B. H. S. better.

The guards have given up their "pleasure time" to hard drilling and training. Where do they get all this vigor? The answer comes in two parts: the first, love of B. H. S.; the second, Miss Winnifred Turner and Miss Lois Blanchette; these directors alone have pushed the guards forward to their goal. This goal is service, discipline, scholarship, friendship, co-operation, and physical perfection.

Yes! the guards with their vigor and enthusiasm have shown us an example of real "purple spirit", which shows their motto, "We Lead the Way."

SPANISH CLUB

In order that the Spanish students might have a chance to become familiar with the language as it is really spoken, and to learn something of its background, the Spanish Club was organized seven years ago.

It meets twice a month in the home of one of its members. The programs include songs, games, pictures, and talks by students and outsiders. At the end of the year, a Mexican banquet is given, at which time the president for the next year is chosen.

PAN-AMERICAN STUDENT FORUM

The aim of the PASF is to further Inter-American cultural relations. This is becoming increasingly important today as our political and economic life is being more closely bound to that of our Southern neighbors.

The club meets once a month on a planned schedule. There is a social as well as a business

aspect to the club, as witnessed by its Christmas Party, in conjunction with the Spanish Club, and its end-of-the-year outing.

The Beaumont High Club is Chapter No. 48 of an international organization. This year they sent delegates to the State Convention in San Antonio.

SCHOOL

The Beaumont High School News provided the students with plenty of laughs, and interesting entertainment this year. With the instruction and aid of the inimitable Miss Marjory Keohane, the journalism classes of the first and second semester furnished the students a good newspaper every two weeks.

The first semester staff went eagerly to work to get the paper off to a good start, and when they got started they clicked like a well trained team. The fine spirit of cooperation that prevailed among the staff members was a factor that contributed greatly to success of the paper.

Among the most important events recorded in the school news by the staff was our successful football season.

The second semester was an eventful one for the newspaper staff. Among the numerous affairs of the second semester were the Student

Members of the second semester staff aided the student council in the publishing of "The Council-er", which was published for the T.A. S.C., Texas Association of Student Councils. This in itself was a large undertaking.

The paper was printed in Beaumont High's own print shop by the students of printing under the instruction of Mr. Usry. The boys did quite a good job in the printing of the paper.

STUDENT

JERRY JOHNSON
President

The year of 1941-42 was a year of accomplishment for the Beaumont High Student Council under the guidance of its most efficient and able sponsor, Mrs. E. A. Savage, and under the leadership of its excellent president, Jerry Johnson.

The Council was organized in 1929 with its purpose to provide a means for student participation in school government, to recognize work of merit, and to be a medium of service to Beaumont High School.

This year the Student Council sponsored assembly programs which were beneficial as well as entertaining to the students of Beaumont High.

Another outstanding service of the Student Council was the sponsoring of the sale of defense stamps in the school.

In October the Council sent two delegates, Mary Jean Stewart and Mary Bond Campbell,

to the convention of the Southern Association of Student Government at Memphis, Tennessee.

In February the Council sent approximately thirty-five representatives to the Student Life Conference which was held in Houston.

During the second semester, the Beaumont High Student Council was responsible for the publishing of the Texas Association of Student Councils' Journal for the convention held in Denton, Texas.

The Faculty Advisory Group, of which part of the Council is composed, convened separately at times to discuss plans for presentation before the Council. The Faculty Advisory Group is composed of three Sophomores, three Juniors, and three Seniors, who are selected by the faculty.

Toward the end of the school year the Council sponsored the Student Recognition program in assembly.

This year will go down as one of the most successful years in Council history.

VOICE OF YOUTH

The Voice of Youth, under the direction of Miss Alyce McWilliams, and under the leadership of its president, Edward Ferguson, had a very successful year.

This year the meetings were held every Monday at the fifth period, and a full hour was devoted each time to the meeting. Lengthy and interesting discussions on current problems of our nation took place at each meeting.

Shortly after war was declared, the Voice of Youth organized a news service that received the news every hour by radio, and posted it on a bulletin board in the hall. Under the bulletin board a large map was placed that showed movements and other items of military importance.

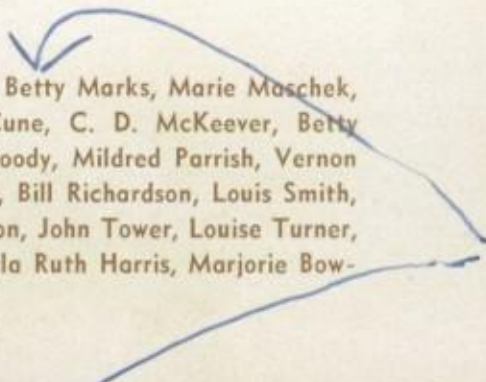

Selected members from the Voice of Youth gave many outside programs, including one to the State Teachers Convention in Houston, one to the local Rotary Club, and programs to a few of the local Parent-Teacher organizations.

Well, here's what I think. Do have been glad to have you as a friend and as a member of this club, in which we have a lot of fun. Necessary to have a young career!

Thank you very much!

THE SPIANS

Always an important part of school activities, the Drama Club, which this year incorporated the Sock and Buskin and the Thespians into one club, has taken its place along with the other organizations of B. H. S. Under the able sponsorship of Miss Iline Fife, the club offered opportunity to all students in the school who wanted to work on scenery, make-up, play production and acting. The aims of the club were to create a better appreciation of Drama in the school and to provide entertainment through the presentation of plays. Since this club is affiliated with the National Thespian Dramatic Honor Society the goal of everyone was a membership in this society. The Thespian Society is an organization formed to promote better Drama throughout the nation. Several members of the club were inducted as members of the Thespians.

difficulty when Susan Blake (Betty Etheredge) appoints herself as Johnny's secretary. Johnny's best friend, Spud Erwin (Jack Wheat) helps Johnny a lot with his paper, when he brings in Lucy Belle Lee (Marie Robert) with a "mushy" poem to print.

Things such as this go on until Johnny catches the measles and Susan is left to edit the paper. She does this with flying colors, and the play ends happily.

In the supporting cast were: Monique Carruth and Don Finberg as Mr. and Mrs. Clover; Nora Mae Vaughn as Betsey Erwin; Jean Jackson, Edward Ferguson and Floyd Thompson.

JUNIOR CLASS PLAY

"Ever Since Eve"

The junior class put on its annual play Friday night, December 5, 1941. The name of the play was "Ever Since Eve," and was under the able direction of Miss Iline Fife.

The play takes place in the Clover residence in Preston, a small suburb, and tells of the struggles of a young high school crowd, and their efforts to produce the school paper.

Johnny Clover (Pat Wortman) as editor of the paper, first runs into dif-

SENIOR CLASS PLAY

"The Barretts"

"It was great, it was colossal, it was superb." I am now speaking of the Senior play, "The Barretts," which stands out as the best performance ever put on or tried to be put on by a senior high school class.

Betty Marks, as the charming, graceful, Elizabeth Barrett, better known as "Ba," lived her part from the beginning to the end.

If you or I had ever known Robert Browning, I'm sure we could picture him exactly as he should be, by Jerry Johnson's portrayal of him.

No part in the play could have been played any better, for the whole thing was done to perfection.

Jack Day, as "Papa" Barrett, excelled in his "mean, hard" part; Carroll Hunter and Peggy Brown, as "Ba's" sisters, and Tyrrell Garth and Jack Shofner, as "Ba's" brothers, gave to the play the finishing touches.

In the supporting cast were Mary Bond Campbell as "Miss Mitford;" Bobby Jackson as "John Kenyon;" and Joe Singleton as "Captain Surtees Cook."

To top the whole thing off were the Barrett servants, Virginia Pipkin as "Milly;" and Frances Allen as "Wilson," "Ba's" personal maid, who fairly skated across the stage.

The play was just as everyone hoped and just as everyone expected it to be, with Miss Iline Fife directing it, and it will live for days as one of the masterpieces of B. H.S.

SPECIAL PROGRAMS

This play, "Dust of The Road", was a Christmas play put on by Miss Iline Fife's drama class. It was about a man who had done wrong, and his conscience finally got the better of him. The setting is on Christmas Eve, and in the end, the dawn of Christmas day comes and brings with it a new light. Presented in this were Jack Shofner, Virginia Pipkin, Mildred Parrish, Mary Bond Campbell.

"This Is Our Home," is the story of four different families who all face financial problems, etc., but are really the backbone of the nation.

The play takes us on a tour into the homes of these families, and we see their real problems.

The play was given during National Education Week, and shows as a fact what a wonderful country we live in and how our great democracy works.

CONSTITUTION PROGRAM

The Voice of Youth put on a program one morning when the United Daughters of the Confederacy presented their flag to Beaumont High.

The program was a constitutional program and such topics as Preamble to the Constitution, Right of Trial by Jury, Personal Liberty, Personal Sympathy, were discussed.

Those taking part on the program were: Betty Marks, Joe Leggett, John Barrett, Edward Curtis, Louis Gordon, Doss Berry and Mary Jane Thompson.

Christmas Program — Mrs. Milam put on a Christmas program this year and the orchestra opened the program with a Christmas medley.

Mrs. Littman presented her Chorus next. This group sang Coventry Carol; Mary Anne Hay was soloist. The mixed ensemble then sang "I Heard the Bells on Christmas Night" and "Silent Night."

Navy Day Program — The program was opened with the call to colors by the sea scouts of Beaumont.

"Anchors Aweigh" and "Arms for the Love of America" were sung by the Beaumont High Boys Chorus. Carson Sublett gave the origin of Navy Day.

Our guest speaker was Commander Robert R. Ferguson, and he was introduced by Lieutenant Commander E. O. Heinrich.

To end the program, the Widman School of Dancing presented "Salute to the Colors."

SENIOR ASSEMBLY

"America At War"

The senior class chose as a theme for their assembly "America at War." It depicted scenes of all walks of life in the war days of the United States. It gave to the students a true picture of the seriousness of our national problem.

Some war skits were put on as follows:

1. A First-Aid Class in bandaging, for the American Red Cross.

2. A skit showing the foolish questions people can ask concerning the rubber shortage, and how they can get their share.

3. How everyone wants his share of pretty clothes when there is such an emergency due to making ammunitions with cotton, etc.

4. The S.M.T.C. put on a skit showing what Beaumont High is doing in the way of training men.

The concluding number was the "Tribute to the Unknown Soldier," which was very stirring and should serve to awaken the students of Beaumont High School to the true meaning of our program. Songs such as "Remember Pearl Harbor," "We're All Americans," and "Marine Hymn" were sung throughout the program.

SAFETY PROGRAM

The Molly Pitcher Junior Americans put on a Safety Program this morning, December 11, when Carroll Hunter presented to the school the National Safety Flag. Sergeant W. H. Cook talked on "Safety for Defense."

Distribution of the "bicycle codes" was next, by members of the Molly Pitcher Club of B.H.S.

Several Safety Skits followed:

1. Tryouts for a safety program. 2. "I didn't mean to set my house on fire." 3. "He didn't know it was loaded." 4. A morning in a corporation Court. 5. Safety Skit.

Mary Louise Alvis played De Fallas' "Fire Dance."

Louise Gordon played "Tonight We Love," and a "Line Routine" was given by the Sproule School of Dancing.

INSTALLATION OF OFFICERS

On September 25, the Installation of Officers was held, when Jerry Johnson took his oath of office as President of the student body. Others taking oath of office were:

Mary Jean Stewart, Vice-President of Student Council; Mary Bond Campbell, Recording Secretary; Carroll Hunter, Corresponding Secretary; Edwin Robinson, Treasurer; Bud Block, Sergeant of arms.

Also on the program, all the class officers were introduced, and all members of the Student Council, by Jerry Johnson, President.

Mr. E. W. Jackson talked on "Leadership and What It Takes."

The Beaumont High School Orchestra played, and Mrs. Littman led the singing of "God Bless America" to end the program.

GEORGE WASHINGTON'S BIRTHDAY

To celebrate Washington's birthday, the fourth period speech class presented a mock radio program titled "George Washington and Duck Soup."

It was about the story when George Washington was facing Cornwallis with only the Potomac between them. Washington moved his army out of camp into a position back of Cornwallis, secretly, by leaving three men to act the part of the whole army.

The sound effects for the program were given by the girls in the class.

LAMAR DEBATE

Four boys from the Lamar debating class came to Beaumont High and gave the debate whether an international federation of democracies should be established after the war. Post war peace, economic problems, etc., were discussed. The boys were Arthur Greenspan, Paul Sims, Keith Fuller, and Joe Jones.

LINCOLN PROGRAM

This morning Dr. Warren, a noted authority on Abraham Lincoln, talked to us on Lincoln. His speech was based on all the trivial happenings of Lincoln's life, and of the things that have lived to this day, such as his Second Inaugural Address, and Gettysburg Address.

D I A R Y

Monday, January 12—Exams are drawing closer, which brings longer faces and more serious expressions on "pans" of students.

Tuesday, January 13 — Everyone is quite interested in the outcome of the plan to put a military training unit in B. H. S. Boys have already started drilling and learning first-aid in physical education classes.

Wednesday, January 14—Girls are doing their part for defense. A service club has been organized which will knit for the Red Cross.

Thursday, January 15—B. H. S. has first practice air raid warning, and students hurry quickly to assigned posts. The halls are believed the safest place to be during such a time.

Friday, January 16—Teachers are now studying the art of first-aid. Moody Pickett serves as their instructor.

Monday, January 19—Students burn midnight oil, consume coffee, and appear with circles under their eyes, in a last futile effort to pass mid-term exams. The whole week is devoted to them, with many a thankful sigh when the long week is over.

Monday, January 26—The Service Club is progressing rapidly with their knitting. The girls have as their motto "Remember Pearl Harbor."

Thursday, January 29—World champion amateur typist, Miss Grace Phelan, gives exhibition to some of the typing classes. Dr. Louis A. Warren, noted authority on Lincoln and author of book on him, spoke in assembly on Abraham Lincoln.

Friday, January 30—Beaumont High acquired two new teachers at the beginning of the semester. They are Miss Margaret Young and Mr. C. Monroe Tolar. They take the positions held by Miss Stine and Mr. Smartt, who resigned from the staff.

Monday, February 2—Pine Burr sales open today. Many energetic, enterprising, and effervescent young salesmen and women appear "out of nowhere" seemingly. One has to buy a Pine Burr in self-defense.

Wednesday, February 4—A poll was taken in senior home rooms to determine a senior girl who will receive the annual D. A. R. award. A run-off will be necessary.

Thursday, February 5—Mr. Edwin Orlo Bangs, choir director of First Methodist Church, led students in a sing-song of patriotic songs. Mrs. Weldon Webb served as his accompanist.

Friday, February 6—Second semester journalism staff issues their first paper! It is not bad at all for beginners! Jack Shofner is chosen P. B. art editor, and his staff is announced also.

Monday, February 9—Color Guards and Twirlers for next year's band are selected by Mr. Smith and Buddy Savage. Marjorie Hatton and Lois Hale are twirlers. Color guards are Almeda Oldham, Peggy Mayhugh, Dorothy Benney, Marjorie Leicht, and Iva Gene Smithey.

Thursday, February 12—Carrying out a Valentine motif, a program was presented in assembly by the music department. At the end of the program a skit was given to advertise the Valentine Ball.

Friday, February 13—Beaumont High's jitter-bugs were in "hog heaven" at the annual Sweetheart Valentine Ball. A very successful dance was the outcome.

Monday, February 16—Heard around the school: "Buy defense stamps and lick 'em on the other side."

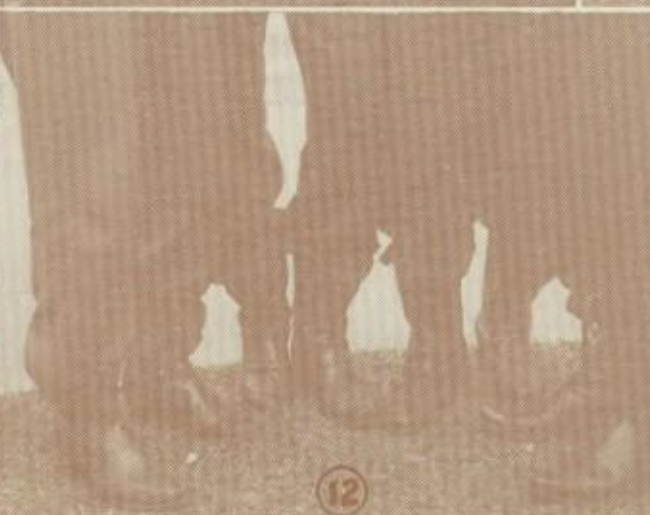

Wednesday, February 18—Seniors announce the selection of their play, to be given in about a month. It is to be "The Barretts" and will be directed by Miss Fife.

14. Moyer's wit is working again.
15. "Where art thou, Romeo."
16. Talking over matters.
17. The senior class gets together.

D I A R Y

Thursday, February 19—An unusual play entitled "General Washington and Duck Soup" was presented in assembly. It was in the form of a radio program, and the cast furnished the sound effects. The fourth period drama class constituted the cast.

Friday, February 20—Beaumont High was represented at the Student Life Conference in Houston by a number of students. Jerry Johnson led a discussion group on school spirit.

Monday, February 23—Prospective cheerleaders start learning the fundamentals of that strenuous art. Last year's cheerleaders do the teaching.

Wednesday, February 25—Billy Howell and Edmond Vallee startle the rest of the students by riding their "hosses" to school.

Thursday, February 26—The band, under direction of Mr. Myron Guither, gave a very enjoyable concert in assembly.

Friday, February 27—Miss Claire Andrews, head of B. H. S. office for many years and beloved by all, handed in her resignation to the School Board. Miss Claire will go to work for the local Draft Board.

Wednesday, March 4—A huge orchestra, combination of the Dick Dowling and David Crockett Junior High orchestras, played in assembly. They were led by Mr. Guither.

Thursday, March 5—The Lamar College Music Department presented a program. Besides many delightful numbers by the orchestra, a sextet of girls also entertained us. Both groups were directed by Mr. Kanady.

Thursday, March 12—Seniors present their program. Carson Sublett acts as Master of Ceremonies in this senior project which has as its theme "National Defense."

Friday, March 13—Annual meeting of the Texas State Teachers' Convention is held today, so we get holiday. Beaumont High is well represented at this meeting; several of our faculty are leaders of various things.

Thursday, March 19—Senior class play given at 8 o'clock in school auditorium. Real acting ability is displayed by all students who were in "The Barretts."

Friday, March 20—Safety film given in auditorium. Another thing which happened today, the incident of the "flier", can be more lengthily described by any student or teacher of our dear old Alma Mater.

Friday, March 27—F. B. I., March of Time film presented by man from F. B. I. Dealt with sabotage, etc.

Friday, April 3—Cheerleaders chosen in assembly.

Thursday, April 9—Juniors give their annual junior class program, directed by Miss Cunningham.

Thursday, April 16—Sophomore class assembly held today under capable direction of Mr. Atkinson.

Thursday, April 23—Sing-song in assembly greatly enjoyed by students and faculty alike.

Thursday, April 30—Senior High School bands present program in observance of Music Week.

Thursday, May 7—Music department, under direction of Mrs. Milam, presents beautiful program.

Thursday, May 14—Recognition day program given with the installation of next year's officers.

Friday, May 22—Senior class day shows seniors at their worst.

Thursday, May 28—Seniors, at least most of them, walk across the stage to receive their diplomas!

THE YEARS TO COME

In the years ahead, after this war is won and our country's great production capacity is again turned to peacetime activity, we in America can look forward to an era of unequalled progress and accomplishment.

In that time, United Gas Service will stand ready, as it stands now, to serve you faithfully and efficiently.

CONGRATULATIONS!

So you have finished up the "long grind," have you? Luck to you!

Well, just remember this: A pretty good formula for security and happiness is to save a little something out of everything you make. You'll be amazed how quickly small savings can accumulate into substantial amounts, when dividends are compounded semi-annually.

All investments at this institution, up to \$5,000, are insured by an instrumentality of the U. S. government. And we have paid all our shareholders dividends of not less than 3 per cent for 20 years without interruption.

And—OH YES!—when the time comes for you to build a home for yourself and the One-and-Only, maybe we can help you out on the little matter of financing it! Our home financing plan is a good one—time-tested and free from red tape.

Winters
may the light of success
help you, and bring you all
the happiness in the world.
It was a great pleasure in
knowing you.
